GLADWIN WINS SECOND GAME OF SERIES

Alabaster dropped the second game of the final series to Gladwin last Sunday by a score of 5 to 3, making the series even between these two teams. The game was played at the Tawas Beach diamond.

Both teams played a ragged game, but Alabaster had the edge on Gladwin in this respect. Although there were several brilliant performances in the field, errors at critical moments allowed Gladwin to score its winning runs.

Tate pitched very well until the fifth inning, when he lost control, forcing in two runs and allowing a third on a wild pitch. He was then relieved by Cunningham. Considering that this was the first game Cunningham pitched this season, he did splendidly, preventing Gladwin from scoring until the ninth inning, when the winning two runs were scored on errors.

Carsten proved very effective against Alabaster and pitched a steady game. He struck out eight men and allowed seven hits, holding Alabaster to three runs, while his mates collected five runs although getting but four hits. Following last Sunday's record, Carsten will quite likely be the Gladwin hurler in the final game.

The final game will be played at Standish next Sunday, October 16. With the championship at stake, this game will attract a large crowd and will be one worth seeing.

TWENTIETH CENTURY CLUB

Second meeting in lobby of Masonic Temple, Saturday, October 15 to observe Carleton Day. Roll call—Quotation from Carleton.

The first meeting, President's Day, was very well attended and all enjoyed a delightful trip to Horton's cottage at Sand Lake. Responses to roll call—Name and locate a Michigan summer resort, told pretty well where the various members had been or wished to be during the summer months.

After the singing of "Michigan, My Michigan," parliamentary work by Mrs. Dora Mark, club parliamentarian, and a splendid address by our president, Miss Worden, the club members enjoyed a game of baseball while the social committee prepared the pot-luck luncheon, which was appreciated by all after their strenuous exercise. The baseball throwing and the tumbling acts were especially good.

Let's all get out Saturday and help our new members to feel at home by letting them know that we believe in our club and stand with them in anything for the betterment of the club and community.

\$24,363.35 STATE TAX

The aggregate state tax to be spread on the county tax rolls is \$24,363.35. This is considerably in excess of last year. The aggregate valuation of Iosco County as equalized by the State Board of Equalization for 1927 is \$8,000,000.

ATHLETIC FIELD FUND PASSES \$1000 MARK

The Tawas City Athletic Field fund passed the \$1,000.00 mark in a report of the four finance committees read before a meeting of the association Wednesday evening. The work of laying out the field was started Wednesday evening by Engineer Sloan and will be completed this week. The work of grading, claying and preparing the field will commence at once under the direction of Chas. Harris. Subscribers to the fund are requested to make their payments to M. C. Musolf, treasurer of the association.

At the meeting held last Friday night a permanent organization was formed with W. C. Roach president; Walter Moeller, secretary; and M. C. Musolf, treasurer. The officers and the following committee will have charge of the construction of the new athletic field: Julius Musolf, Ed. Burtzloff, Frank Dease, Ed. Marzinski.

M. E. CHURCH

"The Church of a Warm Welcome" Sunday, October 16

Morning worship—10:00 a. m. Bible school—11:15 a. m. Evening worship—7:30 p. m.

Devotion is necessary to the finest flowering of man's nature. To neglect the spiritual in the interest of the material is not wise.

The Bible school is a training school in character. If your children do not attend elsewhere, bring them and join with us in the study of God's Revelation.

WILL JEFFERSON'S BIRTHDAY BE NEW NATIONAL HOLIDAY?

If a proposal which is expected to be made before the next session of Congress is carried out, April 13 may become a new national holiday. For that is the day upon which a great Virginian was born—Thomas Jefferson, author of the Declaration of Independence and the third President of the United States.

This proposal has special interest at this time because of several new Jefferson letters which have recently come to light. If you will read the illustrated feature article, "A New National Holiday?" in this issue of The Herald, you will find what these letters contain and you will also learn about the proposal to make Jefferson's birthday a national holiday and Monticello a national patriotic shrine.

"The number of bank robberies in Michigan have been reduced 84% in this one year and bank losses reduced 79%. The reports from our state headquarters indicate that the officers and members of the vigilante committees in each state are taking as much interest in the success of the campaign as they would in a successful military operation."

"It will be interesting to the public to know that the vigilante program is now in operation in six states."

"The success of our vigilante system is already apparent. The bankers are thankful for the co-operation we have received from all law-abiding citizens. We realize, as does the public in general, the fact that we are simply co-operating with the law enforcement officers of our state county and community. The officers have cordially assisted us in every practical way."

"The three counties which are, as yet, unorganized, will step with the program within two weeks."

"The next important step under our vigilante program is the training of the men organized; the equipping of our forces with modern and efficient arms; the establishment of target ranges and a systematic procedure for local target practice. We realize that the efficiency of our program is dependent on the carefulness with which all of these details are worked out."

"The best evidence of the success of the vigilante program, as put in operation throughout the state, is in the evident fact that the professional yegg men and bank robbers have decided to operate in other fields less amply protected and less vigilantly secured against their methods."

"The success of our vigilante system is already apparent. The bankers are thankful for the co-operation we have received from all law-abiding citizens. We realize, as does the public in general, the fact that we are simply co-operating with the law enforcement officers of our state county and community. GEORGE MCKNIGHT

George McKnight, age 78, died October 4 at his home in East Tawas.

George McKnight was born at Goddard, Ont., October 31, 1849 and died October 4, 1927. He was united in marriage with Nancy Peak in 1866, who died in 1906. He leaves four sons, John, Emory, Neil and Frank and eleven grandchildren.

The funeral was held Friday afternoon from the L. D. S. church at Tawas City, Elder M. A. Sommerfield officiating. Interment in Tawas City cemetery.

Out of town relatives that attended the funeral were: Mr. and Mrs. Wm. Duby and Clarence Curry of Detroit, Mr. and Mrs. Robert Olds of Belding, and Mr. and Mrs. John McKnight of Galien.

TWINING BANK ROBBERY FAILS

Tear gas bombs forced would-be robbers to abandon their attempt to rifle the vault of the Twining Bank of Sleeper, Merrick & Co. Tuesday morning at about 2:40.

Robbers, who apparently gained entrance to the bank by a back window in a side office, had blown off the outer door of the vault. All the interior furnishings of the bank were practically demolished. Plaster was torn off the walls, windows were broken and all papers strewn about the room. The force of the explosion set off the tear gas protection bombs in the interior of the vault. The fumes immediately filled the bank and made it impossible for the would-be robbers to continue their depredations.

The discovery of the attempted robbery was made by Henry Etherington, local D. & M. railroad agent who saw glass strewn on the south side of the building. Etherington was on his way to work at about 6:00 o'clock. He at once notified George H. Glasre, cashier. On entering the bank they discovered that the gas fumes were still very heavy and discovered the wrecked interior of the building.

All losses occurring as a result of the attempted robbery were covered by insurance. Officials are working on the case.

BAPTIST CHURCH

We were pleased to see such good gatherings at the meetings last Sunday. Come again. You're welcome.

SCHOOL NOTES

High School
Miss Meta Zollweg visited the High School Wednesday.

The teachers—Miss Terwilliger, Miss Frazee, Miss Hardies, Miss White, Miss Williams and Miss Crosby, enjoyed a weinie roast at Sand Lake Tuesday evening.

Tests are in order this week. Report books will be given out next Wednesday in all departments. Parents should examine these books closely, sign them and return them promptly to the school.

Fifth and Sixth Grades
We were glad to have Mrs. Baguley visit our room Thursday afternoon.

Several of the sixth grade boys spent part of Saturday afternoon working on the Doll House.

The fifth grade won the spelling contest this week.

We surely do appreciate the new strings for our curtains.

We are having a ladder climbing contest in arithmetic. For each "A" on daily work, the child may climb one round. We hope soon to become more efficient so that we may climb according to per cent.

At present Arlene Leslie and Dorothy Ulman have climbed highest.

Third and Fourth Grades
The third and fourth grades are trying hard to have a perfect attendance record this week. So far we have no absent or tardy marks.

The perfect spelling papers are posted on the wall. Isabelle Dease's paper was on the wall every day last week.

Primary
The first and second grades have new pencils and paper for writing.

We are mounting specimens of butterflies and leaves for nature work.

We observed Columbus Day by reading stories and illustrating with pictures.

Margaret Fox, Joy Smith and Donald Lawrence had perfect in spelling this week. The second grade has filled its spelling booklet. Margaret Fox had every lesson perfect.

Ward School
The second grade is studying about the Indians.

Mrs. Malcom and Mrs. McCormick visited school last Thursday.

We have four nice plants in our room now.

David Sims is back in school after several days absence due to illness. This is his test week.

HALE BAPTIST CHURCH

Remember! We are studying the Gospel of John at the prayer meetings each Thursday evening. You will enjoy studying with us and finding what great things are taught in that little book. Come, bring your Bible or Testament or Gospel and receive a blessing.

Preaching service at 7:30 next Sunday evening. Come, let us sing together those old songs we all love, and get a message from God's Word. Plan to attend the Baptist State Convention at Detroit next week from the 17th to the 20th. Lodging and breakfast furnished to all delegates and an extra good program is assured. Such men as Dr. E. Y. Mullins, President of the World's Baptist Alliance, also President of the Southern Baptist Theological Seminary at Louisville, Ky.; Dr. J. A. Franklin, Foreign Secretary of the American Baptist Foreign Mission Society, who was decorated with the Chevalier of the Legion of Honor by the French Government in recognition of his great work as a Christian Statesman; Rev. George H. Brock, veteran missionary of Kanigiri, South India; Dr. Raymond Robbins, lecturer and economist; and others will bring forth messages during the sessions of the Convention. The Convention meets with the First Baptist Church of Detroit, which also celebrates its one hundredth anniversary as an organized Christian church on the evening of the 19th.

We'll be glad to have you with us for Sunday school at 10:30 a. m. each Lord's Day.

Mrs. Linnie Alderton, Supt. Arthur A. Glen, Pastor.

CARD OF THANKS

We wish to extend our sincere thanks to those who assisted us during the illness and death of our beloved mother and grandmother, and those who loaned cars and gave bouquets, and for the consoling words of Rev. Fr. Brogger.

SNOW REMOVAL PROGRAM FOR COUNTY ROADS

At the meeting of the Board of County Road Commissioners a snow removal program for county roads was definitely decided upon when a new Republic truck was purchased, equipped with a Warsaw snow plow. With the increasing dependence on the highways for transportation such a program has become a necessity. Bids were received from a number of truck manufacturers, and the commissioners, after a careful consideration of the various merits of the trucks, decided upon a Republic.

At this meeting it was decided to take over two and one-half miles of road in Reno township as county road. Before being accepted, however, the road will be graded and graveled according to county road specifications and be approved by the Board. This road will be built west of Bentley's Corners and passes through some fine farming land. Webber Brothers, owners of a large amount of property in Reno township, will furnish the necessary gravel. A portion of the Alabaster road west of the Hale Town bridge has been accepted under similar terms from Tawas City. This is a new departure in county road building—when the township or city builds the road and then turns it over to the county for maintenance, and will be encouraged by the road commissioners. The large number of miles of county road to be maintained in the future will use up a great portion of the available county road funds, and otherwise than by this plan very little new road can be built for some time.

"BEN-HUR EMBODIES THE GLORY OF ROME"

"Ben-Hur," the \$4,000,000 picture which will be presented at the State Theatre on Sunday and Monday portrays the glory of the ancient Romans with a magnitude and magnificence unequalled by any previous spectacle of stage or screen.

The Romans excelled in war, athletic prowess and speed contests on the chariot race course. In the first-named, "Ben-Hur" shows a sea battle off Nisemus, in which more than a hundred Greek and Roman ships are engaged. The Romans defeat the Greeks, but not without the loss of the head trirreme to the piratical Greeks who ram and board the ship, kill the crew, then set fire to the disabled, sinking craft. This is the most terrifying action ever shown in a picture.

For racetrack thrills, nothing can compare with the great Chariot Race scene. In the Roman mode a chariot course was built with half-mile laps, and this was surrounded by a Circus Maximus with a seating capacity of 100,000 spectators, the whole guarded by great gladiatorial figures in the heroic style of sculpture and ornamented with Roman eagles, warriors and amazons by the artists Carmelo Barbara and Carlos Ronenelli.

Twelve quadrigas, or four-horse chariots enter the race, which is seven times around the course. Midway there is a wreck, in which several of the teams, drivers and chariots are killed upon another. It is Ben Hur and Messala's race-told toward the finish. Messala's wheel is torn off, he is smashed beneath his chariot and his team. The other goes on to win amid the plaudits of the vast crowd.

The grandeur and accuracy of the above scenes—as well as of the entire story in its faithful depiction of Roman triumphs, Roman legionaries and Roman civilization—are due to the fact that Marcus Loew, the famous head of the Loew theatres and of the Metro-Goldwyn-Mayer film concern which produced the picture, sent the entire company, the technical staff and the directors to Italy, which is the source of information as well as the locale of that period of civilization. Operations were carried on for two years, and have been described from time to time in the news dispatches from Italy. Returning about a year ago, Fred Niblo, the director-in-chief, and the company completed their work at Culver City, California, a few miles out of Los Angeles.

Mr. and Mrs. Russell Middleton of Detroit are visiting their grandmother, Mrs. Edith Marsh.

Old Marine Policy
Marine insurance is really older than the Christian era. Lloyds still possesses a copy of a policy (not its own, of course) dated 1680. This was believed to be the oldest marine policy in existence until, six years ago, a document dated 1656 was found.—Exchange.

What Cost Privacy?
-only a few pennies!

With guests or members of the family near, it is often impossible to carry on a telephone conversation in privacy or quiet.
An EXTENSION TELEPHONE in another part of the house—in a bedroom or the kitchen, for example—would insure both privacy and quiet.
In addition, it would save the long trips to and from your main telephone, to make and answer calls.
An extension telephone costs only a few cents a day.

FACTS
—AND THE OPEN MIND

THE MOST important element in business success—and the most difficult—is to be sure that you have all the facts before you act.

TO GET them all, from every possible source, is the first objective in General Motors. The Research Laboratories contribute some. These are nuggets, left in the crucible, after hundreds of ideas that looked good have been burned away. The Proving Ground contributes others. Dealers contribute. The public contributes. Every department contributes. Through the whole organization runs a spirit of inquiry and of rigid insistence on proof.

OUT OF such thinking come the new models announced from time to time by Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle, Cadillac—all with Fisher Bodies. And by Frigidaire. Each new model is a tested step forward. Nothing goes into it as a result of habit or guess or pride of opinion.

Nothing counts but hard-won facts, gathered and used with an open mind.

A TRIBUTE TO MY DEAR MOTHER
To mother, Heaven is no shadowy some place far away,
But a sweet home of rest when life is done;
When folded hands mean rest from earthly cares,
And she can join her loved ones, now long gone.

She's living now, not in the future grim,
And e'en the present holds few joys that're new.
But every waking hour of day or sleepless nights
The drama of her well lived life pass by in grand review.

She's lived her life, she's only waiting now:
The peace of God shines thru the valley drear;
She holds the promise true made long ago
That thru the shadow He will still be near.

So with her face turned toward the sunset sky
She waits the call she's listened for so long.
Her earthly sun shall set, eternal morning break—
He eyes shall see the light; her ears shall hear the angels' song.
—Mabel Falls Misener.

Only the Heatrola has the Intensi-Fire

The Intensi-Fire Air Duct is a patented, exclusive feature that alone, would lift Heatrola out of the class of other first-floor heating plants. Built directly over the fire chamber, it greatly increases the heating capacity—just about doubling the volume of warm air sent out by the Heatrola.

HEAT

Upstairs and Downstairs

...without a basement furnace

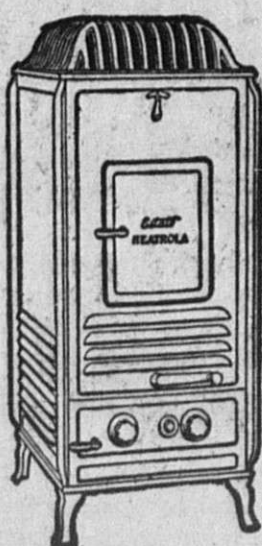

Heatrola warms every corner of the house like a basement furnace. Yet it is installed in a first-floor room. And as it looks outwardly like a beautifully designed phonograph, it adds considerably to the appearance of the room in which it is placed.

This new-day heating plant uses any kind of fuel, too—hard coal, soft coal, slack, coke, lignite, even wood. But, unlike the stove, it does NOT radiate heat—roasting your face while it leaves your back cold. It CIRCULATES moist, warm air in billowing waves that reach every out-of-the-way corner of the house. The upstairs rooms are kept as comfortable as the room in which the Heatrola stands.

The heated air is moistened by water kept in a cleverly concealed vapor tank which holds enough to serve for twenty-four hours. This vapor tank is removed and refilled as easily as a water pitcher.

Learn how Heatrola is saving fuel and giving furnace comfort to thousands of homes in every part of the country.

Come in and we'll explain why it is also the answer to your heating problem.

NOW...Easy Terms

A small amount down and convenient monthly payments will put the Heatrola to work in your home immediately. Stop in and have us give you the details.
