BOY KILLED WHEN HIT BY AUTOMOBILE

Carl Adelsburg, five year old son of Mr. and Mrs. Joseph Adelsburg of Wilber township, was instantly killed at four o'clock Wednesday afternoon when he was hit by a car driven by James Boomer of this city.

The father was preparing for an auction sale and had been tacking up posters that afternoon and Carl and his brothers, Frank and Theodore, had accompanied him. They had just returned to the farm. The car was stopped near the gate while Mr. Adelsburg tacked up a sign on the opposite side of the highway. Carl, who had been with his father, crossed the road to the car and then attempted to return when he was hit by the approaching car.

An inquest was held Thursday afternoon, which adjourned until today, when a verdict will be rendered.

The boy's family has the sympathy of the community in its sorrow.

Mr. Boomer was returning from Oscoda, where he had visited the aviation field. He was accompanied by Miss Sybil Schanbeck.

SCHOOL NOTES

High School
Mrs. Baguley called on the high school Thursday of last week.

The Underwood representative called Wednesday.
Mr. Giddings called a teacher's meeting Wednesday at 4:00 o'clock. The next meeting will be called at 3:45.

The school has subscribed for the following magazines: American Magazine, Gregg Writer, Literary Digest, Hygea, Scientific American, Child Life, National Geographic, The Current Events, Current History. The various normal schools and colleges also send their papers.

Don't forget the school program which will be given at the State Theatre, Friday evening, November 18. The proceeds will be given toward the athletic field.

Baseball has been abandoned for football. The boys are showing much interest in the idea of football. About 18 boys are out for the team. Those out for the team are: Walter Laidlaw, Raymond Clark, Arthur Bigelow, Howard Swartz, Carl Babcock, Bruce Myles, Harold Hartman, Harold Colby, Herbert Wendt, Stewart Roach, Elmer Preston, Martin Mueller, George Roach, Alvin Cholger, George Rogers, Ferris Brown, William Leslie, Billy Newmann.

A number of the boys from the lower grades are also practicing with us.

Seventh and Eighth Grades

The last hour on Monday afternoon we had a Halloween party. Games were played and we also had apples, popcorn, and peanuts to eat. Some of the children came dressed in strange costumes.

We have a copy of the Declaration of Independence for our room.

In history the eighth grade has just finished the study of the war with Mexico. The seventh grade is studying about the Pilgrims and their hardships in this country.

Fifth and Sixth Grades

We are delighted with our new dictionary. Earl Davis was the first to really use it.

A speed test was given in arithmetic Tuesday. Results of the test are: Sixth grade, one 'A' and 18 'E's'; Fifth grade, six 'A's' and seven 'E's'.

Janet McLean and Richard Zollweg were visitors in our room this week.

Bessie Rouiller brought a beautiful bouquet of white chrysanthemums for our room.

We were very glad that little Kathleen Davis and Mrs. Leslie attended our Halloween party. We certainly enjoyed Mrs. Leslie's "stunt" and heartily agree that she and John Brugger deserved the prizes they won. Herbert Zollweg also won a prize for the prettiest basket. After playing several games of pop corn, apples and lollipops were served.

Third and Fourth Grades

Laurine Frank, Emma Scholtz, Isabelle Dease and Arthur Ziehl received "A" in spelling every day last week.

No one in the third or fourth grades was tardy last week.

Ward School

We celebrated Halloween by having a party Monday afternoon.

Mrs. Luedtke and son, Neil, Mrs. Thornton and son, Nelson, Marion Musolf and Norma Malcolm visited us Monday afternoon. Ruth Murray visited us Tuesday.

The second graders are listening to the "Adventures of Dr. Doolittle" for language.

Billy Mallon spent Friday in Bay City.

The third graders think the multiplication tables are fun since we began playing baseball with them.

Leland Malcolm and Billie Bamberger are leading in the second grade spelling contest. Frederick Luedtke is ahead in the third grade.

Mrs. Duncan Boomer and daughter, Mrs. Donna McCormack and children of Flint, accompanied by Mrs. E. F. Abbott of Wilber and Mrs. Palmer Burrows of East Tawas, were in Bay City Saturday and spent the day visiting at the home of Mrs. Westervelt and son, Cecil, and her mother at Rose City.

This beautiful, mild weather of the past several weeks continues to date, November 2, and is much enjoyed by all.

Meet all your friends at the Armistice Party, Community Building, Friday evening, November 11. adv

CHANGE IN HUNTING LAWS EMPHASIZED

Hunters are being warned of the new change in the hunting law this season, providing that hunters must obtain permission of farmers and land owners to hunt on their land. It is no longer necessary for farmers to post signs on their land, according to law, as the law provides that the hunters, before trespassing on any farm land, must first seek out the owner.

NEW CREAMERY FOR WHITEMORE

Ground has been broken this week at Whitemore for a new creamery. Henry E. Jackson of Coleman, one of the best buttermakers in the state, completed the deal a few days ago and it is planned to have the plant in operation by the first of the year. A truck service will be used to secure the cream from the farms. Whitemore is centrally located in a very good dairy section.

CAPT. D. M'VICAR DIES AT DETROIT

The funeral services of Capt. David McVicar were held Wednesday afternoon from the Methodist Episcopal church, East Tawas. Capt. McVicar was commander at the Pointe Aux Barques coast guard station No. 248 at the time of death, and had been stationed at Tawas Point from 1899 until 1914. He had also served at Deer Park station, Upper Peninsula, and Port Austin. He was 61 years of age and had been in the coast guard service for about 35 years.

Capt. McVicar was born May 7, 1866 in Canada. He is survived by the widow, three sons, George Arthur, D. Sanford and J. Robert of Port Hope, and one daughter, Mrs. J. W. Weed, of East Tawas.

He died Saturday at the U. S. Marine hospital at Detroit and the remains were brought to the home of his daughter, Mrs. J. W. Weed, at East Tawas.

A telegram was received that Mrs. Elizabeth Nixon, a sister, at Dann Creek Hill, Quebec, was killed Sunday in an automobile accident. It was thought that Mrs. Nixon was enroute to East Tawas to attend the funeral. Full particulars of the death were not known by relatives here.

CHICKEN SUPPER

The ladies of Zion Lutheran church will serve a chicken supper in the school hall on Friday evening, November 11. Come and enjoy a good supper on Armistice Day. A bazaar will be held in connection with the supper.

Glenn Harris of Flint is home for several weeks.

YOUTH CLAIMS ITS PART IN ARMISTICE DAY SPIRIT

"Let Youth help shape the World while the Vision Splendid is still before its Eyes."
That is the watchword of the Junior Red Cross and it forms an appropriate link between Armistice Day and the opening of the annual Red Cross membership roll call. For the essential spirit of Armistice Day is more than a note of rejoicing when a great war ended and of tender memory for America's heroic dead—it is the spirit which yet will bring about peace between the nations and Youth will have much to do with accomplishing that end.
There is an interesting feature article on this theme in this issue of The Herald. Be sure to read "An Armistice Day Message," by Elmo Scott Watson, elsewhere in this paper.

IOSCO S. S. ASSOCIATION GIVES FINANCIAL REPORT

The executive committee of the Iosco County Sunday School Association desires to submit the following financial report for the year 1927:

Received in individual pledges at the annual county convention \$22.00
From Reno Baptist S. S. 7.50
From Hemlock Road Baptist S. S. 5.00
From Whittemore M. E. S. S. 5.00
Abigail Lutheran, East Tawas 2.00
Tawas City Baptist S. S. 25.00
East Tawas Presbyterian S. S. 5.00
GanG Class, East Tawas Presbyterian 5.00
Hale Baptist S. S. 10.00

Total Receipts \$86.50
\$74.00 of this amount was forwarded to Lansing, which pays in full our county's quota of the state budget. \$4.00 was expended in a subscription of the Michigan Sunday School Advance for every Sunday School Superintendent in the county. This leaves a surplus of \$8.50 in the treasury at present.

It was indeed a great satisfaction to the State Convention delegates to be able to report Iosco County "paid in full." We wish to express our appreciation to the individuals and the Sunday Schools who co-operated with our work in this financial year.
Helen Shattuck,
County President.

L. D. S. CHURCH

There will be no services on Sunday morning.

At 7:30 p. m.—Preaching. Subject—"A Nineteenth Century Prophet and His Work." A welcome invitation to all.

M. A. Sommerfield, Pastor.

HALE M. E. CHURCH

Sunday school—2:00 p. m.
Church services—3:00 p. m.

Come and hear a good sermon by our new pastor, Rev. Bedall.

The Ladies Aid Society will meet every Wednesday at M. E. church annex and will serve dinner at noon until further notice. All are cordially invited.

The Ladies Aid Society elected the following officers for the ensuing year: President, Mrs. Ida Rahl; vice-president, Mrs. John Webb; secretary, Mrs. Bertha Webb; treasurer, Mrs. Alice Glendon.

The Aid members are accomplishing a lot of work for their bazaar, which will be announced soon.

IN MEMORIAM

I said in underbreath
All our life is mixed with death,
And who knoweth which is best?
Then I smiled to think God's greatness,
Flowed around our uncomplaining,
Round our restlessness His rest.
But now the soul of him is gone,
Three years have glided by;
The spirit of those far-off days
Still haunts me every day.
And to the past a dream voice from
Its silence softly calls
Come unto me, I am waiting thee.
Mrs. Tillie Stevens.

1352 PLAY GOLF AT NEW COURSE DURING SEASON

STAR FINDS HIS MOST VIVID ROLE IN "MOCKERY"

Strange details of the Russian revolution that overthrew the government of the Czar and resulted in the death of the ruler, and odd bits of inside history of the struggle were collected in one of the most difficult pieces of studio research ever attempted, for the filming of "Mockery," Lon Chaney's latest Metro-Goldwyn-Mayer vehicle, playing at the State Theatre, Sunday and Monday. In it are several absolutely authentic details of the revolution gathered from inner archives of Bolshevist leaders and never before related.

Unlike any play based on the Russian revolution, this one depicts it as seen from within—from the midst of the revolutionists and aristocrats in their final struggle for the reins of power.

Chaney plays a strange, hermit-like peasant thrust into the maelstrom by a strange trick of fate, changing from a harmless peasant and servant to a dangerous menace under the last of revolutionary leaders, and then, in the end, proving the savior of the heroine who depended on his loyalty.

Benjamin Christensen, famous Danish director of "The Devil's Circus," directed the new picture, which was lavishly staged, with many authentic reproductions of Russia as it existed at the time of the struggle. A notable cast appears.

Barbara Bedford plays the heroine and Ricardo Cortez is seen in the romantic lead in the new picture with Charles Puffy, Kai Schmidt, Emily Fitzroy, Mack Swain and other noted artists of the screen.

It is an original story by Bradley King. In filming it echoes of many strange intrigues and secret plots that marked the progress of the revolution and the ascendancy of the Bolshevists were incorporated into the play, thus making it valuable as a historic drama as well as a gripping mystery play.

ENTHUSIASTIC MEETING HELD AT BAY CITY

Enthusiasm was the predominant feature of the three gatherings at Bay City on October 27, which marked the annual business sessions of the Northeastern Michigan Development Bureau and the East Michigan Tourist Association and the joint Good Fellowship banquet of the two bodies. Agriculture, good roads, reforestation, preservation and development of recreational resources, expansion of these resources to include winter sports, and a score of other topics were discussed by authorities during the sessions.

On the banquet program were the following: Hon. William A. Cavanaugh of Detroit, only life member of the Development Bureau; Marius Hanson of Grayling; Congressman Clarence E. McLeod and Robert J. Clancy, of Detroit; Arthur W. Stace of Ann Arbor; Herman Lunden of Gaylord; J. Emmet Richards of Alpena; Floyd A. Allen, Flint and Detroit; James C. McCabe of Detroit; H. A. Chamberlain of Standish; Harvey J. Campbell, executive vice-president of Detroit Board of Commerce; W. A. Crandell of West Branch; Stanley J. Armstrong of Bay City; Herman N. Butler of East Tawas; and five feminine vaudeville artists from Detroit.

The open forum which followed the business sessions in the afternoon was addressed by Ernest N. Smith of Washington, D. C., general manager of the American Automobile Association; William Boehme of Greenbush; E. C. Mandenburg, state department of agriculture; and A. L. Burridge of Cadillac, division highway engineer.

The development bureau meeting was called to order by Herman Lunden of Gaylord, president. Reports of the officers, the president, Marius Hanson, treasurer, and T. F. Marston, secretary-manager, were followed by a report of agricultural activities by L. L. Drake, agricultural agent for the district, and a talk by O. B. Price, agricultural agent of the Michigan Central Railroad. The election of officers resulted as follows:

President, Herman N. Butler of East Tawas; first vice-president, H. S. Karcher of Rose City; second vice-president, Marius Hanson of Grayling; treasurer, H. A. Chamberlain of Standish; secretary-manager, T. F. Marston of Bay City.

The East Michigan Tourist Association meeting was called to order by J. Emmet Richards of Alpena, first vice-president, in the absence of the president, Floyd A. Allen. Reports of the president and secretary-treasurer, T. F. Marston, were followed by the adoption of membership fee schedules for each county. Mr. Allen arrived by air from Detroit, after the election of officers had taken place, which included his re-election to the office of president.

The new officers are: President, Floyd A. Allen, Flint and Detroit; first vice-president, J. Emmet Richards, Alpena; second vice-president, Eugene Schust, Saginaw; third vice-president, Al Weber, Cheboygan; fourth vice-president, D. C. Pennington, Detroit; secretary-treasurer, T. F. Marston, Bay City. The executive committee includes the officers and the following: H. A. Chamberlain, Crawford county, and Herman Butler, Iosco county.

Rev. C. E. Edinger of East Tawas, always a prominent figure at the meetings of the two bodies, led the community singing in his own original and inimitable manner.

THIS is the Intensi-Fire Air Duct—the heart of the Heatrola's double air-circulating system.

Built right in the path of the flames, this unique device blocks much of the heat that an ordinary stove or furnace allows to escape up the chimney. That is why Heatrola floods every room in the house with even, healthful heat. Why it leaves no "cold spots" or "hot spots." Why chilly upstairs rooms become just as toasty warm as the living-room.

Come in, or invite us to call—and let us demonstrate how the beautiful Heatrola will fill your entire house with cheerful warmth and save on an average of 45% in fuel.

TOWNLIN

The Hallowe'en program and social at District No. 2 last Saturday evening was well attended and a very pleasant evening was enjoyed by all.

Mr. and Mrs. Dan Frappier of Flint called on old friends the past week.

Frederick Ulman of Tawas City visited his sister, Mrs. Eugene Bessie, on Sunday.

It is Mrs. Joseph Ulman that goes to visit her daughter, Mrs. Herman Timmerick, instead of Mrs. Joseph Freal, as it was stated in The Herald last week.

The Witches and Goblins seemed to be quite plentiful on our way on Hallowe'en night by the looks of some of the buildings. By the way some of the windows looked, there ought to be a pretty good sale for soap next week.

Mr. and Mrs. Milo Curtis and children and Web Curtis of Detroit visited at the homes of Mr. and Mrs. Joseph Ulman and Mr. and Mrs. Eugene Bessie last week.

Mrs. John Bellenger spent last Wednesday with Mrs. Arthur Freal.

Theodore Ulman and Lawrence Proper came from Pontiac the latter part of last week.

Mr. and Mrs. Harry Waddell and little son, Jack, of Bay City spent the week end with Mr. and Mrs. William Bellenger. Mrs. Waddell and Mrs. Bellenger are sisters.

Mr. Vernie and Carlton Washburn of Flint visited their aunt, Mrs. Arthur Freal, a few days last week.

On the Gridiron—On the Road They All Admire the All-American

Target of every eye. Center of all attraction. Admired for color, confidence and poise. In football—the All-American rules the field... And on the road—it's exactly the same! Watch an Oakland sweeping past—and you'll know why this longer, lower, more beautiful Six is called the All-American... Speed—drive—alertness—control. The power of the driving wind. A flashing change of pace. Something that lifts it out of the mob—something vitally fresh and different—something that all America instinctively admires... The might of a 212-inch engine. The grace and charm of bodies by Fisher. The balance that comes from inspired engineering—the stamina of staunch construction—all combined in a single car. In the All-American Six—at its all-American price! It's giving America a new motoring thrill. Drive it yourself—and see!

NEW LOW PRICES: 2-door Sedan, \$1045; Landau Coupe, \$1045; Sport Roadster, \$1075; 4-door Sedan, \$1145; Cabriolet, \$1145; Landau Sedan, \$1265. Pontiac Six, \$745 to \$925. All prices at factory. Facts About the Telephone

There are 7,500,000 telephone calls made every day in the city of New York.

There were 129,490 Bell telephones in the state of Georgia at the end of 1926, representing a net gain of 10,494 new telephones last year.

Miss Delree Bailey, toll telephone operator at Elberton, Ga., has just completed a five-year term of service without being absent a single day.

Nearly 73,000 Bell system employees own American Telephone and Telegraph Company stock outright and 200,000 are now paying for stock under the company's partial payment plan.

On July 1, 1927, the total number of persons employed by the telephone companies was 381,000, of which 130,000 were male and 251,000 were female employees.

Approximately 8,500,000 telephone calls are handled daily over the wires of the Bell System by the Southwestern Bell Telephone Company in the states of Missouri, Kansas, Oklahoma, Arkansas and Texas.

How It Started

By JEAN NEWTON

"IN THE NICK OF TIME"

A FEW centuries ago the only book-keeping known was by wooden tally sticks, which were notched for reckoning of money and time.

As late as the early part of the eighteenth century such tallies, the width of the notches indicating the desired figure, were issued by the English government as certificates of indebtedness, and were recognized as a species of security. The tallies were made of sticks of willow or hazel which, after being properly notched, were split lengthwise, one piece being given to the creditor as his receipt, the other being kept as a sort of carbon copy for the record. Rather bulky finance for our day—nest egg?

The contemporary form of the word notch was neck, from which came "nick" and "nick of time."
This is an interesting example of the colorful sidelights on former times that lie concealed in modern terminology.

RED CROSS ADVANCES IN HEALTH PROTECTION

Record for Progress Is Made in Protecting People of Vast Flooded Section.

Record health protective activities marked the year's service of the American Red Cross in this field. The outstanding health accomplishment was the successful conclusion of the emergency health program launched as part of the relief work in the Mississippi Valley flood. In co-operation with State and Federal health agencies, the Red Cross successfully conducted a campaign designed to prevent epidemics as a result of flood conditions.

Thousands were immunized against typhoid and smallpox, preventive measures against malaria were undertaken, and as the flood receded an intensive clean-up program was set in motion to purify water supplies, provide sanitary surroundings of rural communities and complete other health protective steps.

Beside the emergency work, the Red Cross Public Health Nursing Service developed about 100 new community nursing and health services throughout the country. Nurse instructors and others operating under the Red Cross also extended training in Home Hygiene and Care of the Sick to both adult and junior groups, the latter in educational institutions in certain instances. Every State Alaska, the Hawaiian Islands, the Philippines, Porto Rico, and the Virgin Islands, had Home Hygiene classes which showed a large increase.

One contribution to national health achieving a growing recognition is the nutrition instruction service, through which thousands of adults and school children are learning the proper foods for health and the fundamentals of correct food habits in relation to health. Classes include housewives, school children, foster mothers, policemen, women having charge of homes and institutions, business girls and students in universities and colleges.

Besides these direct services for better health, the Red Cross enrolled reserve of nurses mounts to more than 45,000. These nurses are available for disaster relief service, epidemics and other serious emergencies, and are on call for duty with the Army, Navy and the Veterans' Bureau.

Red Cross health services are increasing in scope, it is pointed out, in calling attention to the forthcoming enrollment of new members in the Red Cross ranks, through whose support all Red Cross activities are made possible. The enrollment will take place from November 11 to 24.

Junior Red Cross Army of 6,000,000 in Schools

Members of the Junior Red Cross proved a new capacity for service during the Mississippi flood, according to reports to Red Cross National Headquarters covering their work.

This group of enthusiastic school children responded spontaneously and generously to the needs of the flood victims. An indication of the importance of this help is contained in the report that Juniors in Boston alone contributed \$7,500 to the relief fund. Junior Red Cross members shared in reconstruction work in the Midwest tornado several years ago, after the Florida storm, and are in the post-flood operations of the Red Cross among the people in the Mississippi Valley.

Junior Red Cross has 5,822,757 members, an increase of 278,329 in the last year.

More than a million of the Junior Red Cross membership is distributed in the Philippines, Hawaii, Guam, Porto Rico, the Virgin Islands, and Alaska, and includes Indian and Eskimo children. Through the medium of the Junior Red Cross in the United States, and similar groups abroad, children all over the world are being brought into closer understanding by international correspondence carried on by classes in the schools.

The Juniors at present have nearly twice the membership of the senior organization, but in the forthcoming membership enrollment of the Red Cross, from November 11 to 24, the goal of the adult membership is 5,000,000.

Foreign Calls for Help Answered by Red Cross

Despite the unusual requirements of relief in 77 disasters within the United States, the people of the country, through the American Red Cross, extended relief to sufferers in 20 disasters in foreign lands.

These included hurricanes in the West Indies, desolating portions of Cuba, Santo Domingo, Porto Rico, the Isle of Pines, the Bahamas, and other islands in the group; fires in Haiti and Porto Rico, floods in Mexico and Jugoslavia, earthquakes in Japan, the Azores Islands, Armenia and Albania, and refugee relief operations in Bulgaria, Syria, and China.

During the Eleventh Annual Roll Call, November 11 to 24, the American Red Cross will seek a membership of 5,000,000 to keep its disaster relief and other services constantly ready for any call.

Snake's Rattles

Some folks insist that you can tell the age of a rattlesnake by the number of its rattles. Nature authorities say this isn't true, because rattles may be added to the tail at uncertain times in the year, and as rattles are brittle and get broken, it is impossible to tell the age, accurately, by counting them.—Exchange.
