RICHLAND EXHIBIT AT INTERNATIONAL

C. H. Prescott & Sons will exhibit thirteen head of cattle from the Richland Farm at the International Live Stock Exposition which opens at Chicago tomorrow. During the many years in which exhibits have been made at the International and other cattle shows and fairs, cattle from the Richland Farm have brought home prizes, and this year will undoubtedly be no exception.

The thirteen cattle placed on exhibit by the Richland Farm will consist of eleven breeding cattle and two fat steers. The exhibit will include the Junior Grand Champion Shorthorn bull at the 1927 Michigan State Fair and Augusta Lady, Junior Grand Champion at the Michigan State Fair. The cattle will be in competition with 548 other Shorthorn cattle from all parts of the United States and Provinces of Canada.

The competition is unusually keen in this show. Only 144 can win according to classification. The Richland cattle are up to their usual high standard, and are in wonderful bloom in so far as fitting goes, and should give a good accounting to themselves, to the farm and the entire state.

THIRD OF SERIES OF SUNDAY SCHOOL RALLIES TO BE HELD IN TAWAS CITY

The third of a series of Sunday School rallies will be held in the Tawas City Baptist church, on Sunday evening at 7:30 o'clock.

The State Convention report will be given by Mrs. Grant N. Shattuck, president of the Isoco County Sunday School Association. Other speakers will include the secretary, Miss Helen Applin, of East Tawas, and the Divisional Superintendents, Mrs. Frank R. Dease and Mrs. W. C. Davidson of Tawas City, Mrs. Earl Allen of the Hemlock Road, and Rev. L. H. Hagle of East Tawas. Mr. Hagle will stress the Leadership Training Class, and state definitely how such a class may be organized and its work carried out.

The special music for the rally will be furnished by the junior talent in East Tawas—the chorus from the GanG class of the Presbyterian Sunday School and the Junior choir of the Methodist Episcopal church.

Since the Association is interdenominational in its character, all Sunday School workers are not only invited to this rally, but are urged to attend.

GOVERNOR SAYS TOURISTS FORM A GREAT INDUSTRY

Governor Fred W. Green was recently the guest of Edwin W. Sims on his ranch in Arenac county. The party stopped for a few minutes one day at the courthouse in Standish. To a gathering there, the commonwealth's chief executive said:

"It is hard to make the old timers believe sometimes that the tourist business has developed to the extent that it is now one of the really great businesses of the state. But it is true. Thousands and thousands visit our state every summer and fall. They come because of our beautiful scenery, our excellent fishing and hunting.

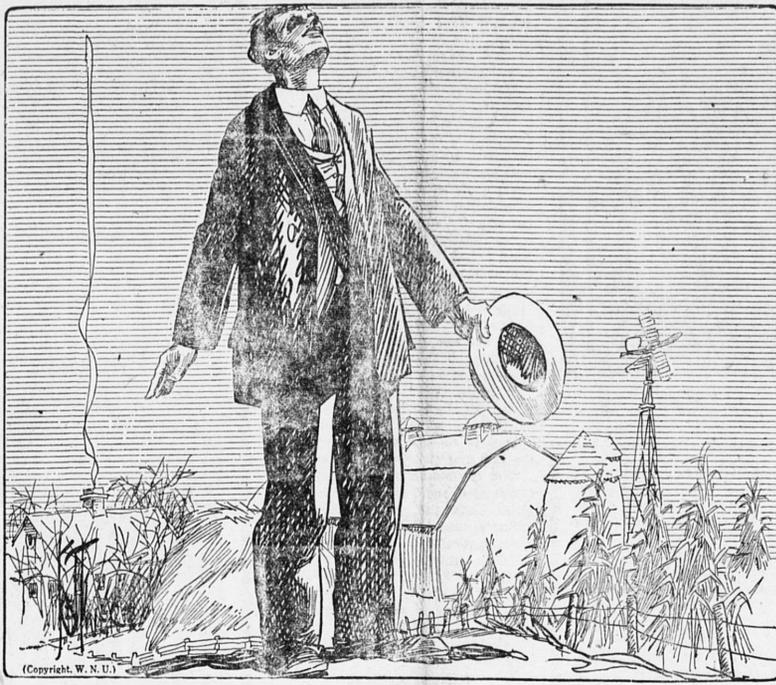

"And let me say that conservation lies very close to my heart and I want the co-operation and help of you men in northern Michigan in furthering this work. When a visitor can see a wild deer or wild bear in the woods or can see the evidences of the work of the beaver, he is going back home and talk about it for months. It is the best kind of advertising. A live deer, as far as advertising is concerned, is worth a truck load of dead bucks."

Other guests of Mr. Sims included Governor Small of Illinois, Major Krupp of Chicago, and a number of distinguished statesmen from New York and Illinois.

MRS. GEORGE FLINTOFF

Mrs. George Flintoff of Flint died Tuesday morning after a short illness. The remains were brought to East Tawas for burial. Services were held at the M. E. church on Friday afternoon. The remains were accompanied by her husband, Geo. Flintoff and children, Dorcas, George, Ulrie and Lionel, also Mrs. A. Hatch, Mrs. Vivian Patch, Mrs. A. M. Moore and daughter, Vivian Mr. and Mrs. Lloyd Wilkins, all of Flint, and Mr. and Mrs. Marvin Lothian of Bay City.

Thanks

SCHOOL NOTES

High School

School was closed Thursday and Friday of this week for a Thanksgiving vacation in order that the teachers could spend the holiday at their respective homes.

Mr. Forsten acted as referee in the basketball games last Friday evening at Whittemore between the Whittemore and Prescott high school teams. Both the boys' and girls' teams of these two schools participated. Mr. Giddings acted as one of the judges the same evening at East Tawas in the debate between the East Tawas and Alpena high schools. We believe that teachers should always be willing to aid other schools in matters of this nature when possible to do so.

We have previously mentioned the list of magazines which are taken for the use of the grades and the high school. Part of one standard for accrediting schools by the University reads as follows: "An adequate number of carefully selected magazines for reference work in the different departments." It is quite evident, then, that reading material is regarded as a necessity for a school by the leading educators of the state.

Our football team suffered another defeat at the hands of the St. Joe team. The score at the end of the game being 30 to 0. Cold weather and lack of suits hindered our team from displaying the best brand of football.

We are all happy to have Thursday and Friday off as a Thanksgiving recess.

Charles Moore has left us and is now going to school at Eastern Junior High School, Bay City.

We desire to call attention once more to the school entertainment which will be given at the State Theatre, Thursday evening, December 1, at eight o'clock. The proceeds will be given to the Athletic Park Fund. Admission, 20c and 35c. An attempt will be made to begin at promptly eight o'clock. Come.

The botany class has begun the study of the smallest of all species of plants, bacteria, from a pamphlet, "Friendly Workers of the Soil." This pamphlet is published by the O. M. Scott & Sons Seed Company of Marysville, Ohio, and consists of ten simple lessons in regard to the rather complicated bacteria.

There were twenty-one girls at Glee Club which met at the high school Monday evening from seven to eight o'clock. The girls are working on music for the benefit program to be given soon.

A meeting of the girls was called Friday noon to decide whether or not a sewing club should be organized. All the girls voted in the affirmative and the following people were chosen to assist as advisors and officers:

President, Isabelle King; vice-president, Bessie Metcalf; secretary-treasurer, Alice Larson; club advisor, Miss Williams; Advisory board, Mrs. E. Kasischke, Mrs. J. King,

MRS. BERT FARRAND

Mrs. Bert Farrand died Thursday of last week at her home in Saginaw. Mrs. Farrand was the daughter of Mr. and Mrs. Frank Wood of Tawas township. The funeral services were held Saturday noon at the Farrand home at Saginaw. Rev. Montgomery of the Presbyterian church officiated. Interment was made in the Tawas City cemetery Saturday afternoon.

Besides her husband, she is survived by a son and daughter, William and Hazel, her parents, Mr. and Mrs. Frank Wood, four brothers and three sisters, Roy Wood of Baldwin township, Harry Wood of Ypsilanti, William Wood of Saginaw, Guy Wood of Bay City, Mrs. Z. E. Colby of Saginaw, Mrs. John Walker of Detroit and Mrs. Robert Rushford of Bay City.

Helen Wood was born March 16, 1903, in Tawas township. She attended the Tawas City high school. She was united in marriage in 1923 to Bert Farrand at Pontiac. The family had lived at Saginaw for the past four years.

Mrs. Farrand's many friends in this community deeply sympathize with the bereaved family.

LET US WORK TO DEVELOP LOCAL OPPORTUNITIES

We do not have to look away from home for a sought-for opportunity. To be sure, opportunities exist in other places, but to no greater extent, in proportion to the number of people looking for them, than right here in our own community.

There are possibilities in this county of ours that are but awaiting development. There is opportunity in the community for those who are here, and there is opportunity for those who may come to us from the outside. We, as a community ask others to come in with us in the development of what we know is a good community, a good place in which to live, a good place in which to do business.

It is not the individual, but the co-operative efforts, that make for the development of our community. Working together, we can and will attract to the community the people and the capital to help us in its development, and this development will make for opportunities for our home people and for those who join us. It will mean for us a community of more homes, of more business, of better schools, of better streets.

Let us work together to that end.

and Mrs. W. Stone.

Friday afternoon Walter Schlechte, George Jones and Forrest McCaskey visited the high school.

Seventh and Eighth Grades

The seventh and eighth grades have been reviewing and having examinations.

Viola Burtzloff received 100% in the grammar examination. The seventh and eighth grade spelling contest ended Tuesday. The eighth grade won, so the seventh grade gave a party.

EAST TAWAS BEATS ALPENA DEBATERS

Last Friday night a team of debaters from Alpena High School met with representatives of the East Tawas High School in a debate over the question as to whether or not we should retain the present system of primaries.

The East Tawas team, consisting of Miss Luella Gackstetter, Ray Ross and Norman Merschell, maintained that our present system of direct primaries has failed to prevent much of the crookedness in elections for which it was designed, pointing out also, that it resulted in the expense of elections being greater, and resulted in selection of officials from only that class who had sufficient wealth to be able to afford so expensive a method of campaigning, and so resulted in undemocratic government.

The Alpena team claimed that it was not so easy for a crooked political crowd to buy a whole electorate as it used to be to buy a convention of only a few delegates, and this was not a sound basis for criticizing the direct primaries, and suggested that preferential voting would give to direct primaries a thoroughly democratic atmosphere, that the short ballot would render the government more accountable to the people, and that if there had been efficient corrupt practices acts in such states as have had distasteful elections lately, there would have been much less ground for scandal.

The debate was well attended by an audience that seemed thoroughly interested in the course of the debate.

The judges, Mrs. Hosea Bigelow and A. E. Giddings of Tawas City and Floyd L. Stetler of Whittemore, decided upon points that the East Tawas team showed better form and were the more efficient debaters.

NEW SHORE ROAD SURVEY ANNOUNCED

C. C. Dillman, chief engineer of the state highway department, has announced the survey of the Tawas City-Mackinac shore road. Surveying work will continue through the winter and construction will start next year is the expectation of the highway department, states Dillman.

The proposed new road will be 160 miles in length and will be in sight of the lake throughout its length, the longest shore road in Michigan.

The pavement of the proposed new highway will be 20 feet wide with 160 foot right of way.

This road, when completed, will accelerate the development of eastern Michigan's shore line and greatly increase the tourist traffic through Northeastern Michigan and will mean much to the cities and towns through which it passes.

WHITTEMORE NOW HAS "WHITE COAL"

The people of Whittemore, last week, were for the first time supplied with the convenience of "White Coal." The electric current is being furnished by the Southern Power Company. The company has transformers at National City connected with the Consumers Power Company lines and transmission lines to Whittemore.

The city of Whittemore will now have a thoroughly reliable power and light supply which is not only a convenience, but has become a necessity to every progressive community.

TWENTIETH CENTURY CLUB

The Club held its regular meeting in the club rooms November 12. Federation Day. The report of the Federation was given by Mrs. King and Mrs. McCormick and were both splendid papers. Mrs. Musolf gave a piano solo that everyone enjoyed. The Club will meet November 26 in the club rooms, with the music committee in charge. Roll call—A Thanksgiving Quotation.

REWARD OF \$300.00 OFFERED FOR KILLER

Three hundred dollars has been offered in rewards by Isoco county and the city of East Tawas for the apprehension of the hunter who shot Cecilia Loffman, 14 year old daughter of Mr. and Mrs. Matt Loffman.

CARD OF THANKS

We wish to thank the many friends in Saginaw for their kindness in our bereavement; for the use of their cars and the beautiful floral offerings.

All kinds of fancy work for Christmas gifts, also fishing pond, popcorn and candy booths, free entertainment, and a delicious chicken supper. Everybody welcome. Price of supper, adults 50c, children 25c. Don't miss it!

Influenced by Equinox

A line storm is an equinoctial storm—that is, a storm occurring at or near the time of an equinox, the time at which the sun crosses the equator, which is about March 21 and September 22.

Colors Have Meaning

The red and green light on each of the wings of an airplane respectively and the white light on the tail serve the same purpose as the corresponding lights on ships. They enable the pilot of another machine to identify the different portions of an airplane.

Shakespeare Mutilated

"Macbeth" is Shakespeare's shortest play, and is evidently much mutilated.

75c - Potatoes - 75c

Sell them now to McCaskey. Do not wait until the spring market, as the government report of November 1st gives us 43,945,000 bushels more than last year's crop. With these figures my guess would be that the market price of potatoes April 1st—40c per bushel or less. Bring them in any day of the week and invest in something else.

A car for her, too!

In thousands of American homes there are now two automobiles—"a car for her, too," so that there may be transportation for the family while "he" drives to business. And because it is so easy to drive and park... so decidedly smart and comfortable, today's Chevrolet is an outstanding favorite among women drivers everywhere. Come! You'll be amazed to learn how little it costs to own and operate a Chevrolet.

A plume of steam has warded its threat of power for thousands of years from the brow of old Vesuvius. But now enslaved, steam provides mankind with its smoothest, mightiest power. And now in its new high-compression motor, Hudson gives the smooth, elastic power that only steam has heretofore delivered.

Monarchs of Power

Through the great companion invention to the Super-Six principle, the new Hudson high-compression motor gives the torque, smoothness and power of the steam engine.
These two Hudson inventions give a performance and reliability supremacy that are immediately and continuously apparent whether you drive your Hudson city block or a hundred thousand miles.

Tawas Breezes

Vol. 2 Nov. 25, 1927 No. 7

Published in the interest of the people of Tawas County by
Wilson Grain Co.

The Hexite is here! Everybody is using Hexite, it brings you more cream and butter than any other dairy feed for the same amount of money.

Will Hatton drove back from California to Tawas City in order that he might use Blue Diamond coal, and he knows.

Our scratch feed is \$2.60 per 100 lbs. Corn and oat chop \$2.20 per 100 lbs. Corn meal \$2.30 per 100 lbs. Cracked corn \$2.30 per 100 lbs.

Leslie Nash says that he is going to use Huron Portland cement all winter, providing it doesn't get lower than 10 below zero.

"Surely Mirandy, you ain't going to marry again when the Lord just took John a week ago." "I shuah am. As long as the Lord takes 'em, so will I."

Jas. Leslie says that Blue Diamond coal is No. 1. We are expecting two cars of Blue Diamond the first of next week. Anyone wishing some off the car—the price is cheaper.

Our flour middlings is only \$2.40 per 100 lbs. Bran \$2.00 per 100 lbs.

We have some Huron Portland cement left.

Colored maid (to mistress): "Miss L. will you please, ma'm, 'vance me 25 cent on my wages? The leader of our church is gwine away, and we want to give him a little momentum."

Every customer that uses our Blue Diamond coal is a satisfied customer. Order your coal now before the cold weather comes on.

Decide Once and For All

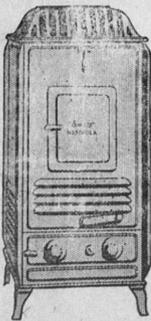

Whether you are to be comfortably fixed and free from the drive of work in later years is a question that only you can decide. It is a fact that only four men out of every hundred have secured financial footing upon the ladder of independence at the age of 45.

Decide now if you are to be one of those four. Plan to start building a reserve. Arrange to spend just a little less than you earn—banking the difference here. We pay liberal interest on savings—and once you have acquired a working fund of savings we can put you in touch with many profitable investments.

The HEART of the HEATROLA that floods your whole house with COMFORT

THIS is the Intensi-Fire Air Duct—the heart of the Heatrola's double air-circulating system.

Built right in the path of the flames, this unique device blocks much of the heat that an ordinary stove or furnace allows to escape up the chimney. That is why Heatrola floods every room in the house with even, healthful heat. Why it leaves no "cold spots" or "hot spots." Why chilly upstairs rooms become just as toasty warm as the living-room.

Come in, or invite us to call—and let us demonstrate how the beautiful Heatrola will fill your entire house with cheerful warmth and save on an average of 45% in fuel.

Everybody knows

about the Superior Smoothness of a Six, the Finer Quality of a Fisher Body. That's why a price of \$745 makes the Pontiac Six such an unusual "buy"

The widespread appeal of the Pontiac Six is based on its extra smoothness, extra snap and the longer life it provides. The world-wide reputation of Fisher bodies is based on known superiorities of Fisher design in styling, comfort and passenger protection... And because the Pontiac Six is the lowest priced six with Body by Fisher, its success has become the talk of the automotive world... Do you actually know what luxuries you can enjoy in today's Pontiac Six? Have you experienced the superior performance, the added comfort, the extra satisfaction assured by the ownership of this great General Motors product?... Why not come in for a demonstration today? Why not learn as so many thousands have—that a Fisher body is finer—a Pontiac Six is smoother—and a price of \$745 makes it a truly unusual "buy."

New lower prices on all body types (Effective July 15th, 1927): 2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Sport Cabriolet, \$795; Landau Sedan, \$845; Deluxe Landau Sedan, \$925. The New Oakland All-American Six, \$1045 to \$1265. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the General Motors Time Payment Plan.
