YIELD IS TEST FOR DAIRY COW

High Production Outweighs Increased Feed Cost.

By DR. GEORGE E. TAYLOR
 Even though they may consume more feed each year, high producing cows enrolled in dairy herd improvement associations yield greater returns over feed costs than low producers, according to records at the New Jersey college of agriculture.

The average D. H. I. A. cow in the U. S. produces 7,831 pounds of milk and 317 pounds of butterfat a year as compared to an average production of only 4,359 pounds of milk and 170 pounds of butterfat for all cows milking in the United States.

Association cows not only produce more milk and butterfat on the average than all cows milked in the country, but they also produce it more economically. The association cows which produced at the same average rate as all cows consumed approximately \$53 worth of feed per cow and returned \$38 above cost of feed to the owner. However, the average association cow producing 317 pounds of fat consumed \$71 worth of feed and made a return of \$98 above cost of feed. In other words, the cows that averaged 170 pounds of fat consumed \$1.22 worth of feed for every 100 pounds of milk they produced, while cows that averaged 317 pounds fat consumed only 91 cents worth of feed for every 100 pounds of milk produced.

The same relationship exists between low and high producing herds. Dairymen with herds having an average production of 395 pounds fat per cow received \$120 above feed costs while dairymen with herds having an average of 206 pounds of fat received only \$53 above feed costs per cow. Stated in another way, a dairymen would need to keep only half as many cows if they averaged 395 pounds, to obtain the same return as he received with 206-pound cows—just half as many cows to milk and feed to realize approximately the same return over feed cost.

Fence Posts Require Chemical Preservatives

With the annual replacement of posts required each year, it is easy to understand why many farmers inquire about giving chemical treatment to their fence posts to make them last longer. There are two principal types of treatment which have been developed; namely, the tar or creosote method, applied by dipping or submerging well seasoned posts into hot creosote; and the relatively new method of applying a zinc poison to freshly cut posts, using the natural process of sap movement to absorb the poison into the wood.

The zinc poison is proving very practical for farmers with woodlands containing willow, poplar, ash, basswood, and soft maple trees of cordwood size; yet this tire-tube method of treatment, as it is called, will work well on trees of almost any species.

The preservative used in the tire-tube method is known as zinc chloride. It is extremely poisonous to insects as well as to rotting fungi, but it has one weakness—it slowly dissolves and is carried out of the post by rain and ground water; yet if it is properly applied, it will add many years to the life of even such fast rotting woods as cottonwood and aspen or poplar.

The posts to be treated must be strictly fresh and green, and the bark must be left on. Dried or split posts will not take the chemical by this method. Posts from four to six inches in diameter at the small end are most easily treated.

Farming Briefs

American railroads report that most grade crossing accidents occurred in 1937 between five and six p. m. on Saturday, which is a good thing for farmers to bear in mind.

Oklahoma's Farm Chermurgic council has found that immature broom corn seed heads, heretofore a waste product, contains oil that is worth \$7 a ton.

The new regional laboratories set up by the U. S. department of agriculture will have as their main purpose the search for wider uses for farm crops, particularly the surplus crops.

Hired men on the farms of the United States declined by 25 per cent since 1914. The average wage advanced in the same period from \$22 to \$27. It is a question if the efficiency of the men has been stepped up enough to balance the loss in numbers.

A farmer in Minnesota had a sow that produced a litter of blind pigs. He recently sold this litter at South St. Paul and topped the market. The pigs showed a remarkable ability in finding their feed.

Youthful Tailored Two-Piece Frock

SEASON in and season out, the whole year round, you need a two-piece tailored suit-frock like 1875-B. It's ideal for business, classroom wear and general spectator sports. The collarless neckline, besides being very smart, gives you a chance to indulge your fancy for sports jewelry and scarfs.

The skirt is full and circular, and of course you can wear it with your lingerie blouses, too. The jacket-blouse has unusually

attractive bodice detailing, with stitched seams emphasized by two little flat pockets, placed just where slim figures need them! It is fitted in to hug the waistline, and the shoulders are gallantly squared, to make it look even more slender. Tweed, velveteen, flannel and wool crepe are excellent materials for later now; by all means repeat this later in fall or flat crepe.

Barbara Bell Pattern No. 1875-B is designed for sizes 12, 14, 16, 18 and 20. Corresponding bust measurements 30, 32, 34, 36 and 38. Size 14 (32) requires 4 3/4 yards of 39-inch material. With long sleeves, size 14 requires 4 3/4 yards of 39-inch fabric.

For a pattern of this attractive model send 15 cents in coins, your name, address, style, number and size to The Sewing Circle Pattern Dept., Room 1324, 211 W. Wacker Dr., Chicago, Ill.

LOWER HEMLOCK

Mrs. Henry Fahselt spent a week in Detroit with friends, recently.

There are a number of cases of chicken pox among the school children of the neighborhood.

On Tuesday Mr. and Mrs. Walter Kelchner moved their house from National City to a location on the Waldo Curry farm where they will make their future home. We take great pleasure in welcoming them to our community.

Mesdames Louise and Josie McArdle were Sunday callers at the home of Mr. and Mrs. James McArdle of the Meadow road.

Mrs. Clarence Earl and Mrs. August Lorenz spent Tuesday afternoon with Mrs. Glen Long.

We were shocked to receive word from Charlotte, South Carolina, that Rev. Alex Anderson of that place and our former pastor, had passed away very suddenly on December 23.

Mr. and Mrs. Arthur Wendt, of Tawas City, spent Monday with her parents, Mr. and Mrs. John Katterman.

We wish to correct an error which appeared in last week's issue of the Herald. We stated that Earnie Scarlett visited his brother, Tom. It should have been Harry Scarlett.

Mrs. Ed Youngs and Mrs. Wilfred Youngs returned Sunday from a week's visit in Detroit.

WHITE SALES & SERVICE

Gray Ghosts of Northland Stalk Camouflaged Foe

Finland has no monopoly on winter camouflage. The reconnoitering Soviet warrior, left, and his dog are both in "winter dress." The white-clad soldier of the northern army blends with the snow-covered background. Right: Carrying knapsacks under white coveralls, these hardy Finnish troops look like hunchbacks as they glide to their posts on the Karelian front. These men have been the terror of the Soviet troops, attacking and fading again like wraiths. Fast moving, they swoop down on isolated parties, attack with machine guns, rifles, pistols and even knives, then disappear.

Messenger . . . Chinese 'Pickford' . . . Princess

Mahatma Ghandi's message to America is that British imperialism in India must be supplanted by a new order, according to Miss Bhico Battivala, left, of India now practicing law in London, who is visiting in this country. Another foreign visitor is Tso Yee-Man, center, the "Mary Pickford of China," who, with her husband, is here to produce two motion pictures. Right: Princess Stephanie Hohenlohe-Waldenburg, former friend of Adolf Hitler, is another recent arrival. The princess recently lost a breach of agreement suit against Viscount Rothermere, British newspaper publisher.

Washington Welcomes New Representative

A new arrival to the nation's capital is welcomed by Speaker of the House William B. Bankhead. The Washington newcomer is Rep. Edwin A. Hall Jr., right, of the thirty-fourth district, New York state. He was elected recently to succeed the late Rep. Bert Lord.

U. S. Swimmers Invade South America

Amateur swimmers who will represent the United States in seven South American athletic meets leave New York for Argentina. Front row, left to right: Helen Rains, Helen Crelenko and Helen Perry. Back row, left to right: Waldimer Tomski, Al Green, Taylor Drysdale, Tom Haynie and Jack Cullimore. The team is sponsored by the Amateur Athletic union.

Birthday Blackout

Alfred E. Smith, former governor of New York and one-time presidential candidate, celebrates his sixty-sixth birthday with a "blackout." He extinguished six big candles—a decade each—and six small ones at a party in the Empire State building in New York city.

Lights of New York

Identification: A rule in existence ever since the establishment of its lost and found department was broken by the Third avenue railway system when a motorman found a charm bracelet evidently of great sentimental value. Ordinarily the railway company would merely have awaited a claimant. In this instance, however, the lost article was advertised by means of cards in various cars. The woman owner soon turned up and the motorman received a reward of \$15. But what I started out to say was that the incident disclosed the fact that among the articles left by passengers each week, an average of two sets of false teeth are found. There never is a question of ownership. The owner is usually so pleased to recover the property that he or she pops it into his or her mouth immediately and if there is a fit, the worries of the railway company come to a happy ending.

Street Scene: Youngsters on sidewalk in the district known as Hell's Kitchen. Little girls playing with dolls, the faces of which are chipped and broken. Yet evidently loved though a leg or arm may be missing. Small boys, seemingly oblivious of the girls, engaging in various antics, including much wrestling. A pale woman watering geraniums standing behind a shining window. A street cleaner stopping to read a bit from a discarded newspaper before throwing it into his little cart. A big car, driven by a hard-faced youth, rapidly approaching. Brakes scream and the car pauses. Then dashes on. The driver looks back with a laugh. But there are tears in the eyes of boys and girls as they gather around a mangled puppy.

Stew stuff: Maybe this one is old but I'd never heard it before and so I giggled when Alice Frost told it:

A man was sitting at a bar downing one drink after another and laughing boisterously. Frequently, as he mumbled to himself, he held his hand as if in protest. Finally the bartender's curiosity got the better of him.

"Excuse me," he remarked, "but what do you think you are doing?" "Nothin'," replied the soue. "Just tellin' myself jokes." "But," persisted the barkeeper, "why the hand in the air?" "Oh, that's when I stop me if I've heard it."

Manhattan Mirages: (As imagined by Deane Janis) A taxicab speeds up to a hotel with a fare comfortably parked in the back seat. The fare digs into his pocket for change. The cabbie hops out and opens the door. "Two dollars even," he says. "Here's two and a quarter," remarks the fare. "Sorry, sir," returns the driver politely. "I never take tips." Two beautiful girls, plainly quite lonely, sitting on a Central park bench. Two sailors look earnestly at the girls as they pass. The girls smile. One sailor turns to the other and inquires, "What kind of a bird is that in that tree over there?"

Suggestion: A feature of a recent chamber music concert given by the Curtis quartet was the rarely heard "Forellen," or "Trout" quintet of Franz Schubert. The number was received with great applause and the next morning one of the quartet's admirers, to signalize the triumph, sent the artists a choice brook trout. Writing to thank him for the novel gift, Orlando Cole, cellist of the ensemble, reported, "And I think you may be interested to know that we are now rehearsing Hadyn's 'Ox Minuet.'"

End Piece: Allen Prescott tells the one about the movie executive who whizzed by his receptionist and babbled, "I'll be back in ten minutes. If anybody calls, tell 'em I went downstairs for coffee." Then he dashed out, hesitated a moment, returned, stuck his head in the door and shouted, "Make that tea!" (Bell Syndicate—WNU Service.)

Old South Church Gets Complete Photo at Last

BOSTON.—For the first time in history, the complete facade of the Old South church, where the Boston Tea Party was planned, has been photographed.

Previously buildings had prevented photographers from getting far enough away from the church to include the base and steeple of the historic structure in one picture.

End of Tuberculosis Foreseen in 100 Years

PHILADELPHIA.—Dr. A. J. Cohen, medical director of the Eagleville sanatorium, predicts that tuberculosis will be virtually eliminated within the next 100 years.

Dr. Cohen said the tuberculosis mortality rate has been cut 75 per cent in the last 30 years. He pointed out that the disease has dropped to seventh place as a cause of death.

QUICK-FROZEN FOODS A WISE CHOICE

(See Recipes Below)

'Sing a Song of Seasons'

In the not too-distant past, we sang a song of seasons in food—oysters in the "R" months; fresh vegetables in spring and summer; juicy berries in June, July, and August; and tender turkeys in the fall. But the newest method of preserving foods—quick-freezing—means "open season" on most foods at any time of year—fresh berries in January, oysters in June, and choice chicken or turkey whenever you choose!

Quick-frozen foods are harvested at the height of the season, when flavor and quality are at their best; freezing is done so close to the place where the food is harvested, caught, or killed, and the cleaning, cutting or slicing are done so rapidly, that there is no chance for the food to lose its flavor and freshness.

Quick-frozen foods are a good tip for the homemaker who values her leisure and her maniacs! All the grubby preparation tasks are done before the freezing, so kitchen duty is practically cut in half! That means that frosted or quick-frozen foods are a wise choice when you're entertaining. By the way, you can use them for most of the recipes in my booklet, "Easy Entertaining." With quick-frozen foods to cut down the work and "Easy Entertaining" to give you menus and recipes that are practical and different, company meals are a simple matter!

Cream Gravy. Drain all but about 1/4 cup of fat from the frying pan. Add 1/4 cup flour and blend well. Gradually stir in 1 1/2 cups of rich milk (or half milk and half cream). Cook over low flame, stirring constantly, until the gravy thickens. Season with salt and pepper, if desired.

Asparagus With Lemon Butter Sauce. 1 package quick-frozen asparagus 1/2 cup butter 1 tablespoon lemon juice Cook quick-frozen asparagus in boiling water, as directed on the package. Drain. Cream butter and add lemon juice gradually. Pour over the hot asparagus and serve at once.

Red Raspberry Shortcake. (Serves 4) 1 box (10 ounces) quick-frozen red raspberries (thawed) 1/2 cup sugar 4 tablespoons water 4 hot shortcake biscuits, split and buttered 1/2 cup cream (whipped) Mix raspberries with 1/2 cup sugar and 4 tablespoons water and crush slightly. Let stand 1/2 hour, stirring occasionally. Spread raspberries on lower halves of hot shortcake biscuits; top with upper halves and additional berries. Garnish with whipped cream.

French Fried Shrimp. (Serves 4-5) 1 package quick-frozen cooked and cleaned shrimp Seasoned crumbs 1 egg 1 tablespoon water Thaw the shrimp as directed. Dip in the seasoned crumbs, then in the egg beaten with the water and back in the crumbs. Fry in deep fat (380 degrees) for 2 to 3 minutes, or until the shrimp are well browned. Serve hot with tartar sauce.

Deep Dish Blueberry Pies. (Serves 4-5) 1 package quick-frozen blueberries 3/4 cup sugar 1/2 teaspoon salt 1 tablespoon butter Plain pastry Combine berries (it is not necessary to thaw them first), sugar, salt, and butter. Place in individual baking dishes (with no under crust). Cut rounds of pastry, slightly larger than the tops of the baking dishes. Place a round of pastry on each baking dish, and pinch the pastry to the edge of the dish. Bake in a hot oven (450 degrees) for 10 minutes; then reduce the heat (350 degrees) and bake about 25 minutes longer.

Shortcake Biscuits. (Makes 4 large biscuits). 1 cup flour 2 teaspoons baking powder 1/4 teaspoon salt 2 teaspoons sugar 2 1/2 tablespoons butter 1/2 cup milk Sift dry ingredients together. Cut in the butter and add milk gradually. Turn on floured board and knead gently for about 5 seconds. Pat out, and cut into 4 large rounds. Brush with melted butter. Bake in a hot oven (450 degrees) for about 20 minutes. While the biscuits are still warm, split, and spread with softened butter.

New-Fashioned Fried Chicken With Cream Gravy. Thaw one quick-frozen chicken enough to separate; cut into pieces for serving. Sprinkle with salt and pepper and roll in flour. Melt fat in a heavy skillet, having the fat 1/4 to 1/2 inch deep. Brown the chicken in this, turning frequently. Reduce the heat slightly and fry for about 25 minutes longer, turning frequently. Remove chicken to a hot platter.

It's fun to give parties when you've a copy of "Easy Entertaining" to guide you in every step—from planning your work to serving a delicious meal. Eleanor Howe's cook book, "Easy Entertaining," gives you menus and recipes for parties of every kind—from a Valentine luncheon to a reception for the bride. There are suggestions for children's parties, too—parties for 'teen age groups as well as toddlers. Send 10 cents in coin to "Easy Entertaining," care of Eleanor Howe, 919 North Michigan Avenue, Chicago, Illinois, and add a copy of this helpful booklet to your kitchen library.

'Just Good Food.' Good food plays such an important part in the health and happiness of the family! In this column next week Eleanor Howe will give you some of her hints on planning and preparing really delicious foods—tricks in making pastry that's tender and flaky; a hint or two on roasting meats to just the proper turn; and suggestions for seasoning soups and sauces.

TIPS FOR HOUSEWIFE Lamp shades of painted tin combine well with pottery bases. Before adding sugar to cake mixture always sift through a fine strainer. For iced coffee you should be a little more generous with your coffee measure. Mend leaks in gas or water pipes by winding long strips of cloth dipped in hot paraffin. Left-over sandwiches need not be discarded. Brush with melted butter and saute to a golden brown on each side. One tablespoon of cooked oatmeal thoroughly beaten into the mixture for pumpkin pie saves one egg and cannot be detected. Chill plates, dishes and glasses in which cold foods and drinks are to be served. The food and drink will stay cold much longer. To remove ink from fingers, dip fingers and an unburned sulphur match in water. Rub the match over the ink spot until it vanishes. When buying canned goods for emergency shelf, immediately write on the label the month, date, year and price. This enables one to use the older things first and so keep your stock fresh.

HOUSEHOLD QUESTIONS

Suede shoes can be given new life by polishing with plenty of ordinary shoe polish and hard rubbing. They will be better for wearing in bad weather.

Removing Mud Spots.—Always allow mud spots to dry and then they can be quickly brushed or rubbed off without leaving any stain.

An excellent light crust for meat pies can be made with half flour and half freshly cooked and mashed potatoes. Less fat is required than when all flour is used.

Seven drops of lemon juice added to a pint of cream before whipping it will cause it to beat up in less than half the time it would without the juice.

Economy Note.—Small pieces of toilet soap that accumulate in the bathroom should not be thrown away. Add water enough to cover them and put on stove until dissolved. This makes an excellent soft soap.

Confetti Popcorn

2 quarts pop corn 1/2 cup water 2 cups sugar Vegetable coloring 2 tablespoons butter 1 teaspoon flavoring

Divide pop corn into three equal portions. Combine sugar, butter, water, and coloring; bring to boil and cook until the syrup spins a thread (about 15 minutes). Add the flavoring. Pour over popped corn and stir until kernels are sugar coated and separated. Repeat process three times, using a different color and flavor each time; mix batches.
