**SAVE STEPS WITH AN EXTENSION TELEPHONE**

What is the most tiring part of housework? Steps . . . endless trips back and forth, up the stairs and down again. You can avoid many of these with an extension telephone. In addition to convenience, it gives you much greater protection in case of fire, prowlers or other emergency. And it also gives you and your guests more privacy when making or receiving calls. The monthly charge amounts to less than 3 cents a day; there is a small installation charge. . . . To order one, call, visit or write the Telephone Business Office.

**Why lug the Drum when you can twirl the Baton?**

Above is the Buick SPECIAL 4-door touring sedan \$996\*

YOU never yet saw a band come down the street without someone out in front setting the tempo, while someone back in the crowd obediently thumped in time.

So you'll get what we mean when we ask, right out, why drive a car that's along just for the march—when you can pilot a Buick and show the others the way?

Maybe someday the others will have engines like velvet because they're electrically balanced after assembly; but Buick has them now.

Maybe tomorrow they will have coil springs all around that never need greasing—but Buick has them today.

Maybe sometime you'll get the five-foot front seat room and Foamtex cushions of the SUPER—maybe you'll get direction signals with automatic cut-off as standard equipment—but you can get those things and a lot besides on Buick this year.

Maybe someday you'll get a car as long as Buick for the money, or with a frame as heavy without paying more; maybe sometime there'll be another eight as big and roomy and powerful that's priced like a six.

But why take a chance on those maybes when this honey's here, ready for you to take over right now?

Fact is, when you step into

this Buick you take over a car others will be trying to equal for years to come.

So drop in on your Buick dealer. Drop in to talk facts and figures, or drop in to see what next year's cars will try to look like.

But drop in! Soon!

Prices Begin at \$895 for Business Coupe—Sedan prices start at \$955—\*delivered at Flint, Mich. Transportation based on rail rates, state and local taxes (if any), optional equipment and accessories—extra. Prices subject to change without notice.

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Balkans Draw Russ Attention Following Conquest in Finland; Allies Retreat From Near East

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) Released by Western Newspaper Union

Congress: What Both Houses Are Doing

In house and senate, U. S. legislators busied themselves during mid-March with the following subjects:

POLITICS. Debate and a threatened filibuster delayed a senate vote on amendments to the Hatch "clean politics" act.

CENSUS. Okayed 9 to 7 by the senate commerce committee was a resolution to strike personal income questions from the 1940 census.

CIVIL LIBERTIES. J. Edgar Hoover's G-men were accused in the senate commerce committee of "disgraceful..." using wire-tapping and voice recorders to snoop into peoples' affairs.

EUROPE: Peace in the North

"Finland stood alone against a huge opponent. We could not win the war alone. The inevitable end would have been the destruction of our country."

Thus spoke Foreign Minister Vaino Tanner as a peace delegation winged its way homeward from Moscow. The war was over and Finland would "soon regain her vitality."

Gradually the true story leaked out. First peace overtures had come from Finland two weeks earlier, via Sweden.

was over. And as the Finns busied themselves moving refugees from ceded areas, their foreign ministry made haste to weld that alliance.

(From Paris, Chicago Daily News Edgar Ansel Mowrer reported he knew why Finland never appealed directly for allied aid. Reason: The German minister at Helsinki informed Finland that issuance of such an appeal would bring German troops to assist the Russians.)

Reaction in the West

That Russia's victory in Finland was a defeat for France and Britain, no observer could deny. In

NAMES in the news...

GOV. LEON C. PHILLIPS of Oklahoma called national guardsmen to block completion of the \$20,000,000 Grand River PWA dam.

JUAN TRIPPE, president of Pan-American airways, told a Chicago audience that PAA plans daily "local" flights from San Francisco to Hawaii, cruising 2,400 miles in nine hours.

SEN. GERALD P. NYE (R., N. D.), was divorced by his wife at Fargo, N. D. Grounds: Cruelty.

LESTER P. BARLOW, explosives engineer, told a secret senate military affairs committee session about his new explosive so "devastating" that it "utterly destroys everything within miles."

DEATH VALLEY SCOTTY asked the U. S. treasury if he would be penalized for digging up the ten \$10,000 gold certificates he buried in the mountains back in 1909.

PAN AMERICA: Blues Song

Ever since Europe went to war last autumn, U. S. business men have hoped to capture the profitable South American trade which heretofore belonged mostly to Germany and Britain.

Six months later the experts reached a conclusion: "Until... definite action is taken on the defaulted obligations of South American countries, until... the U. S. investing public will have confidence in South American political conditions..."

Major difficulty was that South American imports from the U. S. far outweigh U. S. imports from the south, a situation which is robbing the little countries of their gold and silver.

AGRICULTURE: Weather and Crops

In Texas, farmers were planting cotton. Up in the Dakotas they were limbering up for spring seeding.

Because soil moisture stands at low ebb, spring wheat producing states will yield under-normal supplies this year unless heavy rains or snows fall within the next few weeks.

Drouth also plagues the winter wheat belt from Nebraska south into Texas and from Colorado east into the Ohio valley.

Below-normal precipitation was also recorded along the Atlantic seaboard, but it was too early to base crop forecasts on it.

Out west, where northern California was just draining off flood waters, the bureau reported unusually heavy precipitation during the winter.

CHINA: Thin Ice

Primary topic of Far Eastern interest right now is the Russo-Finnish peace (See EUROPE), which may turn the Soviet behemoth's attention eastward once more.

Either development seemed possible, an uncertainty which made inconsequential the manifesto issued at Shanghai by Japanese Puppet Wang Ching-wei.

At Tokyo, Premier Mitsumasa Yonai issued an abstract and high-sounding statement promising Japanese support of the Wang government. But abstractions from Tokyo and Shanghai only emphasized Japan's helplessness.

POLITICS: Third Term in England

Most Britishers are keenly interested in a third term for Franklin Roosevelt, for they feel his foreign policy works in their favor.

"It is now established beyond any doubt that the report of (Undersecretary of State Sumner Welles) on his tour of European capitals will directly affect Mr. Roosevelt's decision regarding a third term..."

Where Mr. Broadbent got his "beyond doubt" information, Americans in London could not discover. What mystified them still more but suddenly seemed more logical was the very antithesis of this conclusion, namely, that President Roosevelt would be a cinch for re-election if he succeeded in bringing peace to Europe.

Other political news: In New Hampshire, 1940's first primary election placed a full slate of Democratic convention delegates at the disposal of Franklin Roosevelt.

Regular Sleep Habits Restore Child's Energy

By DR. JAMES W. BARTON (Released by Western Newspaper Union.)

A GREAT deal is being said and written about sleep these days, because rest—unbroken sleep—is a great builder in children and a great restorer of energy in adults.

Just how long should children sleep? The Ontario Department of Health, in one of their series for mental health clinics, give these figures:

Birth to six months—18 to 20 hours. Six months to two years—16 hours. Two years to six years—12 hours. Six years to 10 years—11 hours. Ten years to 14 years—10 1/2 hours. Fourteen years to 18 years—10 hours.

Regarding the first two years of life, the most important rule in developing healthy sleeping habits is to leave the child alone. Make sure the baby's needs in regard to nourishment, waste from bowels and bladder, and clothing are looked after at regular hours.

Regular Habits Should Be Built.

As children grow older, a definite hour for going to bed is advisable and he should go to bed the same hour every night.

In regard to exercise, the youngster should be allowed, at regular hours if possible, to roll, squirm, kick and stretch without too much clothing to hamper these exercises.

Room should be well ventilated, bed clothing light, soft, and warm. Light and sounds should be avoided as much as possible if they attract his attention.

How Hunger May Affect Behavior

"THE man was on trial for attempted manslaughter and brutal maltreatment which he had committed after he had been without food for about a day. The accused did not recall having committed the criminal acts and investigations revealed that the brutalities represented the release of accumulated feelings of resentment on a day on which the accused (a) had been without food, (b) on which he had suffered severe headaches, and (c) on which he had been unjustly accused and deliberately made jealous by his fiancée."

I am quoting from Drs. B. Stokvia and A. Nearebout in Scandinavian Medical Journal, Stockholm. There may be a few who would say that the idea of justifying a brutal deed because the accused is hungry is ridiculous and just another "medical" way of trying to prevent criminals from being punished.

However, it is a known fact that when you are hungry, real hungry, the amount of sugar in the blood gets low and, with this low amount of blood sugar, consciousness begins to fade so that you might easily forget what you are doing.

Sugar and Behavior. Drs. Stokvia and Nearebout investigated the possibility of consciousness and behavior being affected by lack of sugar in the blood due to starvation on 10 healthy persons. They found (a) that hunger is followed by a reduction of sugar in the blood, (b) hunger causes a reduction in consciousness in proportion to the lack of sugar in the blood. They therefore believe that the reduction and change in the consciousness of healthy individuals due to hunger should be taken into consideration in estimating the behavior of delinquents who have committed criminal acts during hunger.

QUESTION BOX

Q.—Is the injection of hernia considered a good method of treatment?

A.—Yes. In about 15 per cent of cases; that is, about one in every six or seven cases is considered suitable for this method. Surgery is the best method in the majority of cases.

Q.—My doctor wants to make a "biopsy." Is this dangerous?

A.—Your doctor just wants a small piece of tissue for examination. It is not dangerous.

Prisoners of War Settle Down To Routine Ordered by Enemy

IN FINLAND—A Red army officer who appears not too concerned over his capture is shown replying to questions asked him during a radio broadcast from a station near Helsinki. Finns give tobacco for correct answers.

IN ENGLAND—Somewhere in the north of England, captured German sailors and airmen find life not unpleasant; at least it's better than fighting. Here they gather around the piano, forgetting the war.

IN FRANCE—German prisoners in French hands are subject to orders from the highest ranking man among them, even in prison camps. Here a squad commander reports to the French officer.

IN GERMANY—Polish prisoners of war marched off to work with spades and shovels. By utilizing the labor of captured Poles, the Germans can release more manpower for duty on the Western front.

IN SWITZERLAND—These people run the central information bureau for prisoners of war established at Geneva by the Red Cross. Left to right: Mme. Frick-Cramer; Jacques Chenevierre, author and president of the bureau; Fred Barbey, and Prof. Max Huber, president of the Red Cross committee.

IN THE U. S.—German sailors from the scuttled Columbus are deported.

Star Dust

STAGE-SCREEN-RADIO By VIRGINIA VALE (Released by Western Newspaper Union.)

DON WILSON, the plump and genial radio announcer, has turned actor with a vengeance. He led up to it gently by using his voice, but not his poundage (he tips the scales at 300) in "Buck Benny Rides Again."

You'll see him in person in "The Round-Up," in the role of "Slim," made famous by the late Macklyn Arbuckle. And who knows, he may like acting so well that he'll never want to return to announcing.

The chief difficulty so far has been finding a horse that would hold him, but he's promised to take care of that by producing one that he rides frequently—seems that, though hefty, he's an expert horseman.

Right off the griddle is the report that Professor Quiz is all set to sign a deal with one of the major movie companies for a series of shorts centering around the Professor's radio specialty of questions and answers. Perhaps he's been inspired to do it by the success of those "Information Please" shorts.

Gone are the days when a herad to be perfect every minute that he was on the screen.

In Paramount's "Road to Singapore" Bing Crosby is a shiftless sort of guy, aided and abetted in a career of idleness by Dorothy Lamour and Bob Hope. Three other matinee idols have forgotten the maxims of their copy-books, so far as new pictures are concerned.

Judy Garland is on her way up, and rapidly. This year it was quite a distinction for anyone who wasn't in the cast of "Gone With the Wind" to win one of the annual awards of the Motion Picture Academy of Arts and Sciences.

Janice Logan looked so attractive in the brief costume that she wore when working in "Dr. Cyclops," the forthcoming Paramount technicolor picture, that the Art Students League voted her "The Best Undressed Woman of the Year." (That's the

JANICE LOGAN

trick picture in which the members of the cast are reduced to one-fifth their natural size.) So now Miss Logan must be all-round champion so far as clothes are concerned. When she was a senior at swanky Sarah Lawrence college she was voted the School's Best Dressed Student.

According to Joan Bennett, one of the greatest predicaments well-dressed women fear is putting on a new outfit and then finding someone else wearing one just like it. That's what happened to her not long ago when she appeared to take part in a Bing Crosby broadcast. She was wearing a nifty new hat. She glanced around, and saw one exactly like it on the head of Sabu, the young Indian movie actor—he'd just put on his native turban.

ODDS AND ENDS... Douglass Montgomery will make a Star Theater appearance March 27th with Florence Reed and Helen Claire in "Double Door"... Basil Rathbone had to get a black cat for a scene in "Destiny" the mangled thumb that resulted has just healed... Have you listened to the new Westinghouse program, "Alusical Americana," recently? It's even better than it was in the beginning... Joel McCrea had a perfect vacation not long ago—according to his ideas: he stayed on a ranch where he worked as a cowhand, branding cattle and living in tents with the cowboys. Something new in vacations.

## Alert Scandinavian Countries Safeguard Neutrality

Though Norway, Sweden and Denmark have managed to remain neutral in the current European war, the Scandinavian countries are prepared to defend themselves if necessary. Left: A typical Danish trooper ready to do his bit for freedom. Right: Norse machine gunners pictured during war games on the far northern border of their country. The Norwegian army has adopted many of the winter campaign tactics which proved so valuable to the Finns.

## Gentle, but Tough! That's New Testing Machine

The world's most powerful testing machine is pictured at the New Kensington, Pa., laboratory of the Aluminum Company of America. The huge machine has a capacity of 3,000,000 pounds in compression and 1,000,000 pounds in pulling power. Shown at right is a solid oak tree trunk, smashed by a million pounds of pressure. Despite its tremendous size, the machine is capable of delicate work. Inset shows a hearty Easter chick stepping forth from an egg, neatly cracked by the powerful machine.

## Champ Slugger Demonstrates to Rookies

Johnny Mize, first baseman for the St. Louis Cardinals and batting champion of the National League last season, takes his turn at bat during spring practice in the Cardinals' training camp at St. Petersburg, Fla. Rookies gather around to get an idea of how the champ got that way.

## Royal Brothers Study Democratic System

Archduke Otto of Hapsburg, seated left, pretender to the non-existent throne of Austria, and his younger brother, Archduke Felix, as they start on a three-week tour of America to "see how democracy works." Archduke Otto's study of American democracy is to be used as a model for a post-war central European federation of states.

Rene Blum, brother of the former premier of France, as he arrived recently in New York. His liner also brought an allied mission to Washington, the purpose of which is believed to be the soothing of American feelings which have been disturbed by blockade incidents.

Winner of the first round of New York's diaper derby is Gail Swanson, 13-month-old girl who won a loving cup for being the first to crawl across the finish line.

## Lights of New York

by L. L. STEVENSON

**Tragedy:** When he was a very small boy his talent became apparent. His father, a musician, gave up thoughts of a career and his mother went into business that expensive teachers might be engaged. The lad justified the faith of his parents. His piano became his life. His fingers flew over the keys like butterflies and wonderful melodies came forth. Instead of baseball it was Bach and Brahms, with Brahms his favorite. In his early teens he reached such a point that he appeared in a children's concert with the symphony at Carnegie hall. Then something happened. Gradually it grew more and more difficult for him to walk. His interest in music also waned. Now he's helpless in a hospital. At 19 he has given up hope and ceased to fight. And his father and mother hold that there are worse things than death.

**Manhattan Intelligence:** Babe Ruth, who recently celebrated his forty-sixth birthday, carefully saved all flashlight bulbs left behind by press photographers . . . He uses them as ammunition for cats that serenade him in the court beneath his windows . . . As he lives 15 floors up, he gets results . . . That was Dorothy Lamour who let out a loud "Pshaw," when she knocked off a heel getting into a cab . . . Bea Wain didn't wear pajamas into a theater the other night . . . It was a slick evening ensemble . . . Mark Warnow, whose orchestra plays hit tunes every Saturday night, likes to listen to hits of yesterday played by hurdy-gurdies . . . There's the street photographer who never tires of snapping Dinah Shore, comely blues singer.

**Sights:** Dave Elman, who brings an average of five persons a week from here and there to New York for his radio program, holds that the automats are what most out-of-towners want to visit first. They have seen them on the screen and are eager to poke nickels in slots for food. A ride in the subway is attraction No. 2 with Radio City and the Statue of Liberty third and fourth. At least that's his conclusion after steering around some five hundred men, women and children in the last two years.

**Source:** Read in "What's Your Allergy," by Dr. Laurence Farmer and George Hexter, of a young fellow who suffered with asthma once a week. The chap was a night clerk in a drug store. Thursday was his evening off and he was in the habit of spending it with his best girl. One of Dr. Farmer's colleagues found a clue in the girl's face powder. So she switched to a non-scented talcum and her swain was asthma free seven nights a week. Dr. Farmer, chief of the allergy clinic of Lenox Hill hospital, holds that hay and not goldenrod causes hay fever. An interesting book written in language understandable to a layman.

**Service:** The other day a woman guest at the Biltmore reported that the bathroom was out of order. A plumber was sent up with his kit of tools and after a thorough inspection could find nothing wrong. So he asked the lady about it. She said everything was wrong, that the tub should be on the other side, the washbowl in a different place and so on indicating changes that would take at least a week and cost several hundred dollars. The plumber reported to Joseph Liggett, assistant manager. Within an hour, the guest had what she wanted. Mr. Liggett simply shifted her to another suite with a bathroom layout similar to the one she had suggested.

**End Piece:** George Jessell, an aerial commuter between New York and Miami, on the hottest day the Florida city has known this season encountered a movie producer natively and heavily swathed in a blue overcoat. "Say," inquired Jessell, "what's the idea of a blue overcoat on a day like this?" "Because," responded the producer with a shoulder shrug, "I look terrible in brown." (Bell Syndicate—WNU Service.)

## Opportunities on Farm Held Higher for Bride

INDIANAPOLIS.—If you want opportunities, marry a farm youth, Mrs. Charles W. Sewell, administrative director of the Associated Women of the American Farm Bureau Federation, advises girls in a matrimonial mood.

"Opportunities are greater on the farm than in a small city apartment," she contends. "Individual effort counts a lot more there."

A farmer's wife, she says, has advantages that a professional man's mate does not have.

## Quadruplets Born To Chinese Woman

SHANGHAI.—A Chinese woman named An Tsaoze, gave birth to quadruplets, at a village in Honan province, according to reports received here. Mother and babies, all sons, are said to be progressing well. The provincial government is granting the family special aid.

THIS SEASON BRINGS EGGS AND MORE EGGS (See Recipes Below)

### For an Easter Feast

The Easter season brings eggs and more eggs to the tables of the whole world, it seems. There are tinted eggs, eggs with dainty and intricate patterns adorning their glossy shells, and eggs decked out to look like Easter bunnies.

Eggs may be decorated, too, with gaily colored stickers—and if you're clever with your fingers, you can make a giddy blonde or demure brunette egg, sporting a new Easter bonnet! Use bright blue round stickers for eyes, and a tiny gummed heart for a mouth. Or, if you like, paint in the features, and tint the "cheeks" with ordinary water color paints. Cotton or fringed crepe paper may be glued on to resemble hair, and an Easter bonnet is made from a tiny paper nutcup, bits of colored paper, and a tiny feather or artificial flower.

When the bunny comes around with his gift of eggs, keep him as a guest at your Easter table. He'll be a delight to children and grownups alike if his basket is filled with candy eggs that the children themselves can eat.

But Easter Sunday demands more than eggs in the way of food! It's a day of feasting and most of us plan and plot for weeks ahead to give the family a truly delicious and unusual meal. Leg of lamb or baked ham are the traditional foods around which most of us plan our Easter menus. Either may be used in the menu below, to excellent advantage.

Broiled Grapefruit halves  
Roast Leg of Lamb or Baked Ham  
New Potatoes With Parsley  
Asparagus  
Spring Salad  
Hot Rolls  
Butter Boston Cream Pie

You'll find another Easter menu and additional recipes, too, in my cook book "Easy Entertaining."

**Boston Cream Pie.**  
½ cup butter  
1 cup granulated sugar  
2 eggs (well beaten)  
¼ cups cake flour  
½ teaspoon salt  
1½ teaspoons baking powder  
½ cup milk  
1 teaspoon vanilla extract

Cream butter and add sugar gradually. Add eggs. Mix and sift all dry ingredients and add alternately with the milk and vanilla extract, beginning and ending with the flour mixture. Bake in 2 well-greased layer-cake pans in moderate hot oven (365 degrees Fahrenheit) for 20 to 25 minutes. When cool, put together with Boston cream pie filling and sprinkle top with powdered sugar.

**Boston Cream Pie Filling.**  
½ cup sugar  
½ cup bread flour  
½ teaspoon salt  
2 cups scalded milk  
2 eggs  
1 teaspoon vanilla extract

Mix all dry ingredients and add scalded milk gradually. Cook 10 minutes in top of double boiler, stirring constantly until mixture thickens. Add eggs and cook one minute longer. Cool and add extract.

**Broiled Grapefruit.**  
Select thin skinned, juicy fruit, cut in halves and remove the pithy centers and rib sections. In the center of each half, place half a teaspoon of butter and 1 teaspoon of brown sugar. Broil until the grapefruit is heated through.

**Roast Leg of Lamb.** (Serves 12)  
1 leg of lamb  
1 teaspoon salt  
¼ teaspoon pepper

Wipe leg of lamb with damp cloth and sprinkle with salt and pepper. Place, skin side down and cut surface up, on a rack in an open roasting pan. Roast in a slow oven (300

degrees), allowing 35 minutes per pound. Remove to hot platter and garnish with pineapple rings and fresh mint, or with orange cups filled with mint jelly.

**Currant-Mint Sauce for Lamb.**  
1 cup currant jelly  
2 tablespoons fresh mint (chopped)  
Melt jelly over very low heat, then bring to boiling point. Remove from heat and stir in the chopped mint.

**Fresh Asparagus With Lemon Butter Sauce.** (4 servings)  
2 small bunches fresh (or 1 large bunch) asparagus  
5 cups boiling water  
1½ teaspoons salt  
¼ cup butter  
1 tablespoon lemon juice

Cut off lower parts of asparagus stalks as far down as they will snap. Discard, or use in soup. Tie stalks together loosely in a bundle and place upright in saucepan containing the boiling water to which salt has been added. Cook, uncovered, until ends of stalks begin to be tender, about 15 minutes; then lay bunch of asparagus flat in pan and continue cooking until tips are tender, 5 to 10 minutes. Then drain. Cream butter and add lemon juice slowly. Pour this mixture over hot asparagus and serve at once.

**Magic Easter Eggs.**  
½ cup sweetened condensed milk  
1 teaspoon vanilla  
4 cups sifted confectioners' (4X) sugar (about)

Blend sweetened condensed milk and vanilla. Add confectioners' sugar gradually and continue mixing until smooth and creamy. Divide into three or four parts. Color with different vegetable colorings in very light tints—pink, green, yellow. Form into eggs. One end of each egg may be dipped into melted chocolate that has been allowed to cool. Makes eight eggs 1½ inches long.

When dipping candy eggs, melt the chocolate in the top of a double boiler, but do not let the water boil. When melted, remove from heat, and let the chocolate cool to about 83 degrees Fahrenheit, a temperature slightly cooler than lukewarm.

**Baked Ham.**  
1 whole ham  
1 teaspoon whole cloves  
1½ cups sweet cider  
1½ cups brown sugar  
½ cup orange juice

Wipe ham with a damp cloth and place in an uncovered roaster, skin side up. Roast in a very low oven (300 degrees) allowing 25 minutes per pound of ham. About ½ hour before ham has finished baking, take from oven. Remove skin and pour off all excess fat. Cook cider and sugar together to thick syrup stage. Add orange juice and pour mixture over ham. Dot with whole cloves. Return to oven and bake one hour longer, basting frequently with liquid in pan.

## This Started With An Old Car Seat

By RUTH WYETH SPEARS  
WE KNOW what becomes of old automobiles for their graveyards are all too obvious. But how about that backseat cushion with springs almost as good as new? The sketch shows what became of one such seat. It was padded out at the ends to make the back the same length as the front. Extra padding was

also used on the top to make it smooth. A simple base with a back and wings was made of one-inch boards, to fit the seat. Next, came the cretonne slip-cover for the spring seat, with a box pleated ruffle around the front and along the sides up to the wings. A bright peacock blue tone in the cretonne was used for seam cordings and was matched in paint for the wings and back of the seat.

NOTE: Sewing Book 1 contains 32 pages of directions for making slip-covers and curtains; books 2 and 3 give directions for the embroidered pictures over the mantel. The knitted rag rug and pillows in this sketch are in Book 4. Books are 10 cents each; if you enclose 40 cents with your order for four books (Nos. 1, 2, 3, and 4) you will receive a FREE set of quilt block patterns of Mrs. Spears' Favorite Early American quilt designs. Mail Must Go On!

Although most creatures have a definite growth limit, others continue to increase in size as long as they live, among them being trees, fish, oysters, clams, shrimps, crabs and lobsters.

Products of the farm have more than 400 nonfood uses in industry. For example, corn is used in making adhesives, potatoes in laundry starch, soybeans in plastics, cattle grease in antifreeze mixtures, grape-seed oil in soaps, buttermilk in paints, and eggs in leather-dressing processes.

In many Japanese bedrooms the compass points are painted on the floor. Few Japanese will sleep with the head pointing north, the position in which they are buried.

Although the transatlantic clipper are built to carry 3,000 pounds of mail, they have transported 4,300 pounds, or 140,000 letters and packages. Incidentally, a clipper must carry all mail given to it by the post office department, even if it has to cancel all passenger bookings.—Collier's.

In the first of the special matches for last week end the Recreation bowlers on a margin of 17 pins, East Tawas 2601, Pinconning 2584.

On Sunday afternoon Scott's team pulled out of a tight spot, this time on a nine pin count over Levasseur's Tavern of Bay City. The scores: East Tawas 2644, Bay City 2635.

Wattie Gullett's Old Style team of Bay City evened the series with Ed Klenow's Old Style team with a 20 pin victory on the local alleys. The third and deciding match will be rolled off March 31 in Bay City.

\*\*\*

This Sunday being Easter, there will be no special matches on the East Tawas alleys.

\*\*\*

On Tuesday night of next week the East Tawas Recreation team with S. Shuman, F. Lomas, D. Butterfield, A. Carlson and A. Bartlett in the lineup will make their bid for a share of the prize money in the A. B. C. tournament being held in Detroit. The team will bowl on the 11:00 p. m. shift, with doubles and singles scheduled early Wednesday afternoon. We wish them luck.

\*\*\*

The American Legion team will take part in the State Legion tournament at Flint, Saturday night and Sunday. The line-up for this team will include G. Shattuck, N. Barkman, D. Butterfield, A. Bartlett and S. Shuman. The local Legion quintet placed 15th in last year's tournament.

**School Notes**

**HIGH SCHOOL**  
Marion Musolf won the oratorical contest with "Marihuana, the Assassin of Youth." Virginia Rapp won the declamation contest with "Acres of Diamonds." These girls will compete in the sub-district contest in April.

The English III class wrote poems of six lines in couplet form. Some of them were very well composed.

The eleventh grade American history class have begun the study of the Spanish-American war of 1898. It is now a well known fact that the investments which citizens of the United States had in Cuba did much to bring on this war.

The twelfth grade guidance class is now considering physical fitness for occupations. It is true that many people cannot succeed in some occupations because they are not physically able to do so. Much time is often lost because a young man does not realize this fact until he has spent several years in a certain occupation and then discovers that he is totally unfit physically to continue.

Tuesday morning, Mr. Parken, who is Safety Engineer of the Automobile Club of Michigan, visited our school to give a talk and show pictures of the "Hit and Run" driver. In this case a true accident was shown. The "batting average" of the police in Michigan is .974% which is very high. He also said that persons of high school age ranked second high among the safety drivers in 1938.

**MUSIC**  
The band gave a concert on Tuesday evening which was the best performance ever given in Northeastern Michigan. The band cleared over sixty dollars in a large gathering such as this was. Approximately 300 persons turned out for this gala occasion. Due to illness of Hugh Prescott, Mr. Trestrail, director of music in East Tawas, substituted for him. Three pictures were given away, one which was a picture of the band with the autograph of each band member on the back. Miss Worden won this picture.

The band has started on a festival to be held in Alpena on May 24.

**SEVENTH and EIGHTH GRADES**  
Elmer Ogden, a former student who is now attending the school at Sterling, visited our room this week. Some of the seventh and eighth grade pupils are making posters to help advertise the Junior-Senior class play.

We enjoyed the movie on Safety, shown by Mr. Parken, very much.

**FIFTH and SIXTH GRADES**  
Our room is selling Easter seals. Charles Luce and Margaret Christopher had the highest scores in a time test on subtraction of fractions. Oca Church has moved to Saginaw. Billy Galliker has been absent for a week because of illness. We hope he will be able to return to school soon.

Betty LaReau had a perfect score in a history test recently.

Some people in the sixth grade are making drawings of feudal castles.

The fifth grade language class is memorizing the poem entitled "The Daffodils" by Wm. Wordsworth.

Inez Ulman brought a pretty plant for our room.

**PRIMARY**  
All of our boys and girls are in school again except Susan Wallace who has been ill. We hope she will return soon.

We are making Easter baskets this week.

The Easter Bunny has visited us already.

The Probate Court for the County of Iosco.

At a session of said Court, held at the Probate Office in the city of Tawas City in said county, on the 4th day of March A. D. 1940.

Present: Hon. H. Read Smith, Judge of Probate.

In the Matter of the Estate of Thomas Sny, deceased.

This day Clifford St. James having filed in said court final account as administrator of said estate, and his petition praying for the allowance thereof.

It is Ordered, That the 25th day of March A. D. 1940, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for examining and allowing said account;
