END BEFORE BEGINNING

Two old settlers, confirmed bachelors, sat in the backwoods. The conversation drifted from politics and finally got around to cooking. "I got one of them cookery books once, but I could do nothing with it." "Too much fancy work in it, eh?" "You've said it! Every one o' them recipes began the same way: 'Take a clean dish . . . and that settled me.'"

Time to Quit
"You want to stop now?" said the golfer. "Why, we've played only five holes!" It was her first day at golf, and she said: "Well, the pro told me that the par for the round is 76—and I've played that number already!"

Seeing Is Believing
Boogy—Do you believe in that old saying about "seeing is believing"? Woogy—Certainly not. For instance, I see you every day.

HOW TO SEW

by Ruth Wyeth Spears

COLORS
1 PAPRIKA RED
2 CORNFLOWER BLUE
3 BROWN AND GREEN MIXED

FINISHED RUG
24" X 39"

ONE day a snap-shot came from a reader showing a half dozen braided rag rugs spread out on the grass. No two were alike. I thought this one with a scalloped border was particularly interesting and the maker wrote me that the scallops do stay flat on the floor.

She uses wool rags and frequently dyes them the colors she wants. She cuts or tears them into strips an inch or more wide, according to the weight of the material and then braids them tightly. The braided strips are sewn together with double carpet thread and she keeps the work flat on the table all the time she is sewing. For this rug, the center row is 15 inches long. Sew around and around this, using the colors indicated. When the oval is 31 inches long and 16 inches wide, divide it evenly around the edge with pins about five inches apart. Now, sew a row around with a 2-inch loop at each pin. Sew the next three rows around these loops easing the braiding in just enough to keep the work flat.

NOTE: "The Rug That Grew Up With the Family" is another interesting rug-making idea. Directions are in Mrs. Spears' Book 3, which also tells how to make spool shelves; streamlining an old style bed; and many other useful ideas. Write Mrs. Spears today, enclosing 10 cents in coin and book No. 3 will be sent to you by return mail.

Isn't This Why You Are Constipated?

What do you eat for breakfast? Coffee, toast, maybe some eggs? What do you eat for lunch and dinner? White bread, meat, potatoes? It's little wonder you're constipated. You probably don't eat enough "bulk." And "bulk" doesn't mean the amount you eat. It's a kind of food that forms a soft "bulky" mass in the intestines and helps a movement. If this is your trouble, may we suggest a crunchy toasted cereal—Kellogg's All-Bran—for breakfast. All-Bran is a natural food, not a medicine—but it's particularly rich in "bulk." Being so, it can help you not only to get regular but to keep regular. Eat All-Bran regularly, and drink plenty of water. Made by Kellogg's in Battle Creek. If your condition is chronic, it is wise to consult a physician.

AROUND THE HOUSE

The cookie cutter will not stick and gum up if dipped in flour before cutting the dough.

To keep mashed potatoes hot, place them in a tightly covered kettle set in a pan of hot water over a low heat.

Chopped cooked prunes mixed with peanut butter or cottage cheese makes a good sandwich spread.

Old-fashioned iron beds can easily be camouflaged by putting attractive slipcovers over the ends.

Add a tablespoon each of prepared horseradish and mustard to half a cup of whipped cream. Serve with ham, veal or pork.

The sun should not be allowed to shine directly on begonias or plants that have large, rather soft leaves when leaves are wet. If water is left on leaves, they are likely to burn.

Grease spilled on a hardwood kitchen floor may be quickly removed by pouring kerosene over the spot. When the kerosene evaporates, the grease will have disappeared.
