### Notice

We wish to thank our friends and customers for the patronage and the pleasant business relationship we have had with you during the past 20 years.

Mr. and Mrs. Charles Moeller.

Plans for the Sixth Annual Tawas City Torch Festival were discussed Tuesday evening's meeting of the Chamber of Commerce. No committee was appointed at this meeting, but the possibilities made for better entertainment by the new auditorium and widened Lake street will be studied by the members, and reports and suggestions will be presented at the next meeting.

Tentative plans were made Tuesday evening for a banquet to hold in the near future. The program is now being arranged.

Carl Babcock, first ward councilman and chairman of the street committee, reported that extensive improvements would be made to the city park this year. He said that Ernest Mueller of the Mueller Concrete Products company had volunteered to give 1000 cement blocks for the construction of a bath house in the park. Babcock said that plans for the proposed building would be submitted to the county next Monday evening. Negotiations are underway for securing easements for the construction of a gravel driveway in the park paralleling the beach. Entrances to the park would be at Whittemore street and at a point near the present approach. The park will be landscaped, he said.

### CHILD HEALTH CLINICS TO BE HELD FEB. 17

### T. B. Tests at Whittemore, Tawas City, Oscoda, East Tawas

There will be clinics for tuberculosis testing held on February 17, in Isosco county by District Health Unit No. 2, under the direction of Doctor Sue H. Thompson. Dr. Thompson will give the Tuberculin tests assisted by Miss Dorothea Arnold, R. N.

During the past week, children of kindergarten age and high school students have received consent cards for the signature of parents, permitting them to have a tuberculin test. Local physicians are equipped to give tests and any parents who prefer it, are urged to have the tuberculin test given by the family physician.

A positive reaction to the tuberculin test does not mean that the child has active tuberculosis and it should not cause any particular worry. It means that one should have an x-ray of the chest and a physical examination to determine whether tuberculous infection has done any damage and to what degree. Children with positive tests found at an early age, have a 95 per cent chance to avoid any trouble from tuberculosis. Children should be tested during the years before they enter school. If positive at that age when they have few contacts, it should make the family suspicious that some member of the family, a frequent visitor, a playmate, or a servant has tuberculosis and is spreading the germ to the child. This is the greatest value of the test as it helps to find the active cases.

Children of high school age should be tested because they are maturing, lead active lives and often are not getting enough rest. Serious sickness from tuberculosis and mortality from the disease claims it the largest from 12 to 18 years of age.

Any adult who wishes may attend the testing clinics. On March 3, follow-up x-rays will be given thru the Michigan Tuberculosis Association and none will not be x-rayed who have not had a positive reaction to the tuberculin test. The testing clinics will be held at the following places: Monday, February 17—

Whittemore high school, 10:00 a. m. Tawas City high school, 11:15 a. m. East Tawas high school, 1:15 p. m. Oscoda high school, 2:30 p. m.

### Trudell-Pockrandt

St. Joseph church was the scene of a beautiful wedding ceremony Saturday morning, at which Evelyn Trudell, daughter of Mrs. Edward Trudell, of this city, became the bride of Fred Pockrandt, son of Mr. and Mrs. Julius Pockrandt, of Bay City. Rev. Bonventure officiated.

The church was beautifully decorated with a profusion of flowers and palms.

The bride, who was given in marriage by her brother Theodore Trudell, wore a gown of white slipper satin with a grecian design outlined with seed pearls, fitted bodice, the sleeves were long, extending in points over the hands. The three-quarter double veil of illusion bordered with lace, fell from a coronet composed of seed pearls. Fullness in the skirt extended into a long train. She carried a shower bouquet of Briarcliff roses, white carnations and sweet peas.

Mrs. Ferdinand Pockrandt and Mrs. Theodore Trudell were the bridesmaids, while little Patricia Ann Trudell, niece of the bride, was flower girl. The bridesmaids were attired in blue and pink taffeta gowns with silver slippers and carried Johanna Hill roses and sweet peas tied with pink and blue ribbon streamers. The flower girl was adorable in a pink taffeta dress trimmed with lace. She carried a Colonial bouquet featuring a cala lily holding the wedding ring. Ferdinand Pockrandt, of Bay City, was best man for his brother and Robert Trudell assisting.

Mrs. Trudell's dress for her daughter's wedding was black and aqua, her corsage consisted of roses and sweet peas. Mrs. Julius Pockrandt, of the groom's mother, wore a black gown and her corsage was of sweet peas and roses.

A wedding dinner and reception was served to the wedding party and guests at the Trudell home following the ceremony. The bride's table was centered with a large four tiered wedding cake, flanked on both sides with crystal candelabra and flowers. The house was beautifully decorated with palms and masses of flowers. Relatives and friends were present from Bay City, Saginaw, Detroit and Duquoin, Illinois.

The young couple left for a short wedding trip and will make their home in Saginaw at 913 Sheridan street.

### Former Isosco Teacher Will Head College Tour

The Extension Department of Central State Teachers College, Mount Pleasant, will offer credit with a three weeks' tour for teachers and students this coming summer. The course and general supervision of the tour will be under the direction of Dr. M. L. Smith, head of the rural and extension department of the college. Clark Kerr, college senior and former Isosco county teacher, will have direct charge of the tour. Both men have had considerable experience in conducting tours. Dr. Smith has been conducting tours for the past ten years with the Appleblossom Club, the rural student organization of the college. Mr. Kerr has been directing educational tours for the past five years.

The tour will begin June 27 and end July 17. The travel schedule includes Niagara Falls, Gettysburg, Washington, D. C., Jamestown, Richmond, Sky-Line Drive, Shenandoah Valley, the tobacco country of North Carolina, Big Smoky mountains of Tennessee, T. V. A. projects, and the Blue Grass country of Kentucky.

### THOUSANDS ENJOY SILVER VALLEY EVENTS

### Stevenson, Gehringer and McCosky Crown Queen

Sunday's attendance at the Silver Valley Winter Sports carnival, in conservative estimates, was placed at 10,000 people. A large number of the winter sports fans who attended the activities Saturday and Sunday were from Bay City, Saginaw, Flint, Detroit, and other southern Michigan cities, many even from Ohio and Indiana.

The weather was ideal for the event, and with the seven inches of new snow converted the park into a fairland. The slides, rink and ski trails were crowded continuously with happy winter sports fans. The two-day event was an unquestioned success and proves that this section of Michigan has something of real value to offer.

Saturday evening more than 200 people were in attendance at the Queen's banquet at the Hotel Holland. Included among those present were Queen Berniece Gearhart and her court, the Misses Esther Gottleber, Annette Dillon, Rose Mary Haglund and Laura Johnson; Miss Betty Schriber, the 1940 Silver Valley queen; Charlie Gehringer and Barney McCosky, Tiger baseball players; 20 members of the famous "Belly-Floppers" club; guests from Bay City and Saginaw in addition to the people from this community. Roy J. McMurray acted as toastmaster, with Rambling Bill Hurley as master of ceremonies.

Among those who responded were the Queen and her court, Gehringer, McCosky, Jimmie Stevenson, Fred J. Adams, chairman of the winter sports committee, and others.

Following the banquet Jimmie Stevenson, with the assistance of Charlie Gehringer and Barney McCosky, crowned Queen Berniece in the presence of a packed house at the Community Building. This followed by a dance with music by Len Butrym and His Orchestra.

Don Large, choral director, and Harold Keene, "The Sunshine Boy," of WJR gave several vocal numbers at the banquet. Jimmie Stevenson and the winter sports committee furnished corn cob pipes and tobacco for the banqueters.

More than 30,000 people have visited Silver Valley since it was opened this winter. Last Saturday and Sunday 2,768 cars were counted in the winter sports area.

### Farm Loan Supervisor Here Each Thursday

On Thursday of each week F. O. Potter, Farm Security Administration Supervisor, will be at the County Agent's Office in the Court House at Tawas City from 9:00 a. m. to 4:00 p. m. to interview applicants wishing to obtain rehabilitation loans.

To be eligible for a rehabilitation loan the applicant must be engaged in farming or be dependent on the farming vocation for his living, and either own his land or have a written lease to rent land. The purpose of these loans is to purchase farm livestock, machinery, feed, seed and to refinance chattel mortgage debts in order to carry on a balanced farm business.

Rehabilitation loans are made on a plan whereby the farmer repays his loan over a five year period. As a rule the repayment schedule is one-fifth of the principal plus the interest each year.

If there are any who are thinking of applying for rehabilitation loans for this year's farming operations, they should make their application at an early date, so they will obtain these funds in time to carry on their farm business this year. If any applicant wishes to write, address all letters to the Farm Security Administration, Harrisville, Michigan.

### Womens Study Club

The Rural Women's Study club met at the club room on Wednesday, February 5. The program consisted of an interesting lesson on Great American composers, by Mrs. Clarence Earl. Piano solos by Mrs. Norman Schuster. Duets by Mrs. Fred Pfahl, Mrs. Thomas Scarlett, Mrs. Victor Johnson and Mrs. Clarence Earl, accompanied by Mrs. Norman Schuster.

Two visitors were in attendance who were gladly welcomed. They were Mrs. M. Benson, of Alabaster, and Mrs. Smith, of the Hemlock road. Plans were made for a card party to be held at the home of Mrs. Clarence Earl on February 14 at 1:30.

A delicious lunch was served by the hostesses, Mrs. T. Chambers, Mrs. Henry Fahselt, Mrs. E. Joy Butler, and Mrs. Norman Schuster.

WEEKLY NEWS ANALYSIS

By Edward C. Wayne

Washington Experts See War Crisis In Europe and Asia Within 90 Days As Hitler 'Promises' German Victory; U. S. and Ford Clash on Labor Policy

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

BARDIA, LIBYA.—Two Australian soldiers of the British forces in Libya look at the nameplate of the main street in this city. After entering Bardia, the Aussies changed the street name from "Benito Mussolini" to "Australia."

60 TO 90 DAYS: Crisis Will Come

In Washington, where bets can be obtained on almost anything, the odds are 55 to 45 that the United States will be at war with Japan within 60 to 90 days. Peace is on the short end.

The view is shared by competent observers. Whether there will be actual armed conflict probably will depend on what happens during this period. The predictions are being made not by goosebone prophets but on careful analysis of political, military, geographical and economic factors.

Those most apprehensive in the capital are concerned with adoption of the lend-lease bill which would give President Roosevelt full powers to place the nation on an all-out war footing. They believe Japan is a full partner of the Axis and will act on orders from Berlin.

They believe that within 60 to 90 days Hitler will order the full force of his powerful attack left loose on Britain and they are doubtful of the outcome. They fear the United States will be faced with an enemy on the Atlantic and the Pacific at the same time.

For America the chief immediate political factor is the tripartite pact among Japan, Germany and Italy, signed last September. The pact provides for co-operative action if either of the others is involved in a war. These officials believe the treaty is an outright offensive alliance aimed at the U. S., just as Nazi spokesmen said at the time.

In Tokyo those immediately concerned are seeking full powers for the cabinet headed by Premier Prince Fumimaro Konoye, who is pledged to the "new world order."

In both countries it is the apparent desire on the part of leaders to prepare public opinion for the worst so that there will be no outcry which would force modification of the programs

Crisis Year

President Roosevelt's birthday is a holiday in Germany, but not for the same reason. In Germany it is celebrated as the birthday of the Nazi acquisition of power. Annually Hitler makes a speech. This year was no exception.

But his speech bade the German people to mark the year 1941 as an exception. He promised it would be the victory year. He said the attack on Britain was near, that it would come without fail in spring, and he warned that no aid from the United States would be permitted to reach England.

Every ship carrying help to Britain, he said, would be torpedoed, no matter what its ownership, no matter if it was conveyed or not.

Also in the theater of war:

☛ The British continued to make headway in Libya, besieging Bengazi, the last main port held by the Italians and threatening to extend their lines to the border of French Tunisia.

☛ In East Africa they also battered their way into Eritrea. The Italians retreated in trucks. An Italian army of 100,000 there was said to be in a bad way.

☛ German Big Berthas were firing from the French channel ports into England. Whereas before the projectile toppled into the Dover area, now they were reported to reach 10 miles inland.

WAR CONFIRMED: Senators Hear Report

When Wendell Willkie decided to go to England to "see for himself" the progress of the war, there was sarcasm in some sources. It was said the G.O.P. nominee intended to "confirm the rumors of war in Europe."

Willkie went, he saw and hurried home. Hardly had he arrived in London when an announcement was made that he would reduce the length of his stay in order to report home sooner. Even after that, another 48 hours was cut from the schedule at the request of State Secretary Hull who asked him to testify before the senate committee considering the lend-lease bill. Willkie's speed on the journey over and back seems almost a rebuke to the isolationists who have emphasized how far away England really is.

But there was more sarcasm for Willkie's trip. It came now from Republican sources. The national convention of Young Republicans, meeting in Des Moines, Iowa, heard a resolution which condemned the party leader for his support of the bill. The resolution was not passed. It met with displeasure at the hands of many G.O.P. stalwarts who believed Willkie's position in support of the administration policy should not be criticized at this time.

A few days earlier, in fact, the Pennsylvania state Republican committee itself went on record as favoring the aims of the lend-lease bill and requesting the state's Republican congressmen to vote for it. Some G.O.P. newspapers, however, were not pleased. One declared Willkie, by supporting the Roosevelt foreign policy, was a "Quisling" to the Republicans.

CRACKDOWN: For Defense

The war department announced award to the Fargo Motor company of Detroit of a \$10,298,128 contract for trucks. At the same time it let it be known that the Ford Motor company was low bidder but that their estimate was thrown out because Ford refused to agree to labor policy restrictions. The specifications of the contract called for observance of the labor policy statement adopted by the defense commission last fall. Through this part of the specification the Ford bid had drawn a line in red ink, blocking it out.

The refusal of Ford to observe the provisions of the bidding is not the first difference between the company and the government, nor is it the first business the firm has lost. The automobile manufacturer held out against the NRA, and the government stopped buying Ford cars. In Pennsylvania the state also cancelled an order then for several million dollars. Last fall Ford refused to accept a defense commission contract for airplane engines because the material was scheduled to be shared with Great Britain.

Supporters of the most recent action within the government declared that it was wrong to award defense contracts to a manufacturer who has been held guilty of Wagner act violations.

A Ford spokesman asserted that while the manufacturer would refuse to make defense material requiring compliance with the law, he was willing to make any material possible without any profit to him.

Land of Liberty?

NEW YORK.—Nine-year-old Michael Storrie of England, gazing at the Statue of Liberty, when he was taken to Ellis Island for an immigration hearing. When he arrived in the U. S. recently, it was found he did not have his visa to enter. His father may have forgotten the precious document when the boy sailed from Lisbon.

PEACE: It's Wonderful

Japan long has eyed the rich area of Indo-China and the port of Saigon, through which is exported 80 per cent of Indo-China's rice, fish, salt and timber. Last September Siam (Thailand) which is known as a "client state" of Japan, suddenly declared war on the French who control Indo-China. The French, occupied elsewhere, were forced to fight only an enfeebled campaign.

Now Japan has stepped in as a "mediator." "A Japanese flotilla sailed into Saigon and ordered mediation end the conflict. Seven Japanese diplomats called representatives of the two powers to the warship and ordered "peace." Japan claimed the right as the protector of the "new order" in the Far East.

But Japan revealed she was not interested in peace alone. As payment for bringing peace, Japan demanded that 80 per cent of each year's crop in Indo-China be sold to them. The demand gave point to the argument that Japan had deliberately encouraged the Thai attack so that it could step in and make peace, at a price.

Power

Meanwhile the Japanese naval force continued to base itself in Saigon, just opposite the Philippines which stand between Japan and the Dutch East Indies. The Japanese navy already has occupied Hanoi, opposite the northern tip of the Philippines. Only other base in the area is the British fortifications at Singapore. Japan has said that if America takes over that base, through negotiations with Britain, it will be regarded as an act of war. Peace. It's wonderful.

YOUTH: Sponsor Lost

The American Youth congress is a group with affiliations from hundreds of organizations, religious, political, fraternal and educational. Organized in 1934, it claims 3,400,000 affiliated members.

But the group has had plenty of critics. The Dies committee investigated it for communism. The President chided it last year when convention delegates called at the White House. In return he was booed. But through all the criticism, Mrs. Roosevelt remained one of its champions. She attended meetings, made speeches and denied the charges of communism. She invited delegates to the White House for dinners.

But the organization now has come out against the selective service act, has opposed the lend-lease measure for aid to Britain and has declared the nation is being led to dictatorship. So many of the former supporters are leaving the group. Invitations issued for the convention this year were turned down by Sidney Hillman, C.I.O. vice president and national defense commissioner, Secretary—and Mrs. Roosevelt.

MISCELLANY:

☛ Big salaries in the United States are fading, the Institute of Real Estate Management was told, by its vice president, A. William Walstrom, of Ridgewood, N. J. Excess profits taxes and emergency levies are acting as great levers of fancy incomes, he said, adding that statistics show that the trend of top salaries shows them limited to between \$15,000 and \$25,000.

☛ Edward W. Scott, a New Zealander, was editor of the Panama American, owned by Dr. Harmodio Aroas, brother of Panama's president. Editor Scott and Dr. Aroas have been critical of the administration and its alleged anti-Americanism. Editor Scott was ordered deported. Crowds came to the station to see him off, but the Panama police had figured on that demonstration. The crowd discovered the police had gathered up Editor Scott and deported him on a train leaving the railway station at an earlier hour than the announced time.

For the Empire on Which the Sun Never Sets

Above: This photo, made from a short Sunderland, long range reconnaissance flying boat, shows a convoy of merchant ships with food and the sinews of war coming into port in England. Part of the Sunderland may be seen at left of photo. Inset: Giant triple torpedo-tubes are swung overboard from a British warship, ready for action, somewhere in the Mediterranean. Other units of the British fleet are seen on skyline.

German and Italian Prisoners of War

Although the censor does not reveal the city, the name on the train verifies the fact that it is in Canada that these German prisoners (left) are being marched to their train from the prison ship at an east coast port. Right: Some of the thousands of Italian prisoners made captive as the doughty Greek warriors and their assistants, the British, pressed farther and farther into Albania.

Der Fuehrer Welcomes New Soviet Envoy

This picture, which was approved by the German censors, shows Adolf Hitler, chancellor of Germany, chatting with Wladimir Dekanosov, in the new Reich chancellery, shortly after Dekanosov had presented his credentials as the new ambassador from Soviet Russia to Germany. The German leader is all cordiality.

Lion of Judah Leads Revolt

Somewhere in the Sudan, near the Ethiopian frontier, Haile Selassie, "Lion of Judah," ex-emperor of Abyssinia, inspects some of the troops with which he hopes to overthrow Italian rule and regain control of his empire. Already his revolting tribesmen have been credited with several successes against the Italians.

Trouble in Paradise

With plenty of snow and nice cold (br-r-r) water, Mr. and Mrs. Polar Bear at the Prospect Park zoo, in New York city, indulge in a family squabble. Mrs. Bear is sore because the old man used up all the ice water before she had a chance to take her bath.

R.A.F. Pays Call

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON (Consolidated Features—WNU Service.)

NEW YORK.—Everybody who offered an elixir vitae before Eugen Steinach got much renown and few disputed them. Professor Prof. Steinach, boiling with energy and full of plans for a long future on his eightieth birthday anniversary, met a harsh challenge from both the lay and professional world, when, 21 years ago, he turned from animal to human experimentation. He was so embroiled in public controversy, in spite of his scientific aloofness, that the Nobel prize, otherwise his, was withheld from him. But this is all forgotten now as the professor is appraised for his sound contribution to endocrine research.

The Swiss Paracelus, born the year after Columbus discovered America, was perhaps the first physician to explain life as chemist, and to set up a process of rejuvenation. His elaborate formula included caustic lime and alcohol, carefully distilled, with a dash of melissa leaves. While he got only 48 years out of this mixture, a stretch which Professor Steinach may easily double, his discovery brought him much more acclaim.

The Nazis drove Dr. Steinach out of Vienna in 1938, confiscating his possessions, including his house, library and art collection. He is happily established again in Zurich, "until better times come back."

He was born and reared in Vienna, was graduated from medicine at the University of Wien in 1886 and, had acquired a world reputation as a physiologist before his sensational experiments of 1920. Many eminent persons in various parts of the world have testified to the effectiveness of his "reactivation" treatment, among the Adolf Lorenz, the great Austrian orthopedic surgeon.

WHEN the speech of the children of Shem was confounded and they couldn't finish their tower of Babel, they didn't try singing. Such an artifice was left to a later Neighbor' Baton day, to meet Over Americas a somewhat similar situation.

North American folk songs, love songs, and jazz are now heavy exports to Latin-America. Redressing the rhythm balance are the Latin opposite numbers of romance, adventure and syncopation, gaining favor in the U. S. A.

Dr. Andre Kostelanetz, famous orchestra conductor, who was a pioneer of this musical entente, informs this reporter that this cultural exchange is working out beautifully. He says American batoneers, radio program directors and song writers are swinging in handsomely.

"This is giving South America a better understanding of North America and they are beginning to like us a lot more," said Dr. Kostelanetz. "Our songs are filtering in everywhere in the Argentine, Chile, Brazil and 17 other Latin-American republics. We are similarly responding, with Latin melodies being listed among our current musical favorites. Incidentally, we are learning a lot of hemisphere geography from the songs, and that knowledge is helping us to understand our southern neighbors."

About two years ago Dr. Kostelanetz began marshaling a parade of noted orchestra conductors on tours of the Western hemisphere. He believes that when nations get snarled up, and can't talk to each other, the international language of music is a great help. His own career tends to bear out that theory.

Somewhat of an infant prodigy, he made his debut as a concert pianist at the age of eight. He was 19 when he applied for a job as assistant conductor of the Petrograd Grand Opera. He played a dozen operas and got the job in spite of his youth. Russia fell into turmoil which not even music could soothe and Dr. Kostelanetz came to the United States. He was almost immediately on tour as an accompanist with Metropolitan and Chicago Opera stars.

Courting Lily Pons for a long spell made him an airplane addict, a cross-country flight to bestow an orchid being just like a stroll down the street for an ordinary groundling. After marrying Miss Pons he kept up with both his flying and his music, and twice has won the award presented by the nation's airlines to America's most traveled plane passenger. He thinks music, airplanes, radio and all agencies of travel and communications are unifying forces and that they stimulate understanding, against a trend of confusion and disruption.

HIGHLIGHTS . . . in the news

No Citizen—The United States revoked the citizenship of Dr. Herman Frederick Erben, a native of Austria and resident of Sacramento, Calif., when it was learned he had served as a physician on the supply ship for the ill-fated German pocket-battleship, Graf Spee. The federal court acted on the basis that the doctor made false statements in his application.

Target — Aaron Shadlinger, 54, was shot to death in a quarrel in his New Orleans home. Two slugs were found in his brain. But they were not the ones that killed him. Investigation revealed they were fired accidentally 18 years ago and because he recovered quickly and showed no ill effects they never were removed. The second time he was shot he wasn't as lucky.

STAGE-SCREEN-RADIO

CAROLYN LEE is only six years, but already she has made more money in the movies than most people are able to save in a lifetime.

By spring, when her latest picture, "Virginia," will have been seen by many people, she should be established as a child star. In "Virginia" she has an important role and speaks almost as much dialogue as the stars, Madeleine Carroll and Fred MacMurray. Yet she can't read. Her mother reads Carolyn's lines to the child two or three times, and little Miss Lee commits them to memory.

The infant seems to have been shot with luck two years ago; she was in a hotel in Wheeling, W. Va., just a few miles from her home

town of Martin's Ferry, Ohio. She toddled up to a man, a stranger—and he just happened to be a movie executive. He let her lead him to her mother—and a screen test and a bit in "Honey-moon in Bali" resulted.

Fibber McGee and Molly have been signed by RKO to co-star in a picture with Edgar Bergen and Charlie McCarthy; the picture, a feature film, will be produced by David Hempstead, who produced Ginger Rogers' "Kitty Foyle."

Maureen O'Hara, RKO-Radio's star from Ireland who is now at work in the leading feminine role of "They Met in Argentina," recently bade farewell to her mother with the injunction to "bring back a bit of the old sod" and a shamrock. Mrs. Fitzsimmons sailed for Lisbon, but expects to return soon with another gifted daughter.

She and Maureen came to this country two years ago, when Maureen made her Hollywood debut in "The Hunchback of Notre Dame," "The Bill of Divorcement" and "Dance, Girl, Dance" followed, and Mrs. Fitzsimmons, who used to be an actress herself, is perfectly satisfied with her talented daughter's achievements.

How'd you like to act as a target for tomatoes and like it—and even ask for more? That's what George Michelson spent his time at the other day, and after the fourth shot he was the happiest man in Hollywood.

Michelson is assistant property man on James Roosevelt's "Pot o' Gold," and he had to make the tomato that James Stewart throws at Charles Winninger. He did it first by filling the thin outside skin with a mess of catsup, chocolate sauce and other little items, and then had somebody throw it at him while a camera turned.

After the first three smacks Michelson shook his head. "Nope," he said. "This won't do. I'll have to put some whipped cream in it."

So the whipped cream was added, and once more he took a tomato right between the eyes. This time he could grin—he'd made a photographic tomato, one that photographed so well that when it meets up with Winninger on the screen all of us will think it was just the ordinary garden variety.

Fran Allison, singing comedienne on the "Uncle Ezra" air show, can scratch her forehead and tickle a rib with the same motion, at the same time—and thinks probably she's the only person who can. About a year ago she had a plastic surgeon repair some injuries she'd suffered in an automobile accident, and he fixed up her forehead by building it up with one of her ribs.

ODDS AND ENDS—Fred Allen reads nine newspapers every day and clips everything that seems to contain a suggestion for his radio show; then he selects the best items and points up the humor... The thousands of Brian Donlevy fans who have begged Paramount to give him a romantic role are going to have their wish granted—he'll play the part of a romantic two-gambler in "Pioneer Woman," with Barbara Stanwyck and Joel McCrea... This year's concert tour takes Nelson Eddy to twenty cities—he'll return to the coast by April 7th, to start on Metro's "The Chocolate Soldier," with Rise Stevens.

GUARANTEED TO GET THE FAMILY UP IN THE MORNING  
(See Recipes Below.)

## BREAKFASTS TO GET THE FAMILY UP

"The nice thing about breakfasts" said one newlywed, "is that you don't have to plan them, you just serve them." Although it is possible to get a breakfast with whatever there is at hand in the line of toast, coffee, and fruit juices, a little planning does yield big dividends.

For it is planning that makes possible the breakfast specialties that get the laggards out of bed in the morning—and down to eat before they go. And that's important, because they miss the Vitamin C in the orange or tomato juice when they skip breakfast, the Vitamin B in the whole grain cereal, the iron in the egg yolk, which aren't always made up later in the day.

A sketchy, hurried breakfast, or none at all, accounts, too, for some of that mid-morning fatigue. It's a long time to go without food, from six o'clock of one night until noon of the next day.

Here, then, are some breakfast menus, and some recipes for new breakfast specialties, that are guaranteed to get the family out of bed in the morning. Just let them get one whiff of a platter of shiny brown sausages garnished with orange slices, like that in the picture above, and no coaxing will be needed to get them down to breakfast.

**QUICK BREAKFAST**  
Chilled orange juice  
Hot cornflakes over banana wedges  
Oven eggs in cornbread cases  
Pan-fried bacon  
Coffee, milk

**LEISURELY BREAKFAST**  
Grapefruit halves  
Bran flake cereal with brown sugar and cream  
Apricot omelet  
Buttered toast  
Coffee, milk

**Raisin Sally Lunns.**  
(Makes 2 dozen 2-inch Lunns)  
1 cup milk  
1 cake compressed yeast (½ ounce)  
3 tablespoons sugar  
½ teaspoon salt  
¼ cup melted shortening  
2 eggs  
3 cups sifted flour (all-purpose)  
¾ cup raisins

Scald milk and cool to lukewarm (85 degrees Fahrenheit). Add crumbled yeast, sugar, and salt. Add 2 cups flour, beating thoroughly. Add melted shortening and beaten eggs. Add remaining flour, beating until smooth. Add raisins. Fill greased muffin pans half full. Brush with butter (if desired), cover and set in warm place to rise until doubled in bulk (about 45 minutes). Bake in moderately hot oven (400 degrees Fahrenheit) for 15 minutes.

**Eggs in Corn Bread Cases.**  
(Serves 6)  
6 squares or slices corn bread  
½ cup butter (melted)  
6 eggs  
Salt  
Pepper

Cut off top crusty portion of corn bread. Then remove part of corn bread from each slice, forming a depression. Brush top of each slice with melted butter. Break an egg into each depression. Sprinkle with salt and pepper, place on baking sheet and bake in hot oven (475 degrees Fahrenheit) for 10 minutes or until white of egg is set. For quick breakfast, corn bread should be prepared the day before.

**Grated Apple Waffles.**  
(Makes 8 waffles)  
1½ cups flour (all-purpose)  
½ teaspoon salt  
½ teaspoon cinnamon  
½ cup sugar  
2 teaspoons baking powder  
2 eggs  
1 cup milk  
1½ cups cooking apple (grated or cut fine)

Sift flour once before measuring. Then add salt, cinnamon, sugar, and baking powder and sift again. Sepa-

rate eggs. Combine milk, eggs, and cooled melted shortening. Add dry ingredients to milk and egg and stir lightly until just dampened. Fold in grated apple. Beat egg whites until stiff and glossy and fold in, using a spatula. Bake on pre-heated waffle iron and serve with butter and brown sugar.

**Corn Bread.**  
(1 8-inch square)  
1½ cups yellow corn meal (uncooked)  
½ cup flour (all-purpose)  
4 teaspoons baking powder  
1 teaspoon salt  
1 cup milk  
2 eggs (beaten)  
2 tablespoons fat (melted)

Sift corn meal with flour, baking powder and salt. Combine milk, eggs, and shortening and add to dry ingredients. Bake in a well-greased 8-inch square baking pan, in a moderately hot oven (400 degrees Fahrenheit) for 40 to 50 minutes.

**Bran Griddle Cakes.**  
(Makes 15 cakes)  
¼ cups milk  
1 egg (well-beaten)  
2 tablespoons melted fat  
1½ cups flour (all-purpose)  
½ teaspoon salt  
2½ teaspoons baking powder  
1 tablespoon sugar  
½ cup bran cereal

Combine milk, beaten egg and cooled melted fat in mixing bowl. Sift flour once before measuring. Then add salt, baking powder, and sugar and sift again. Combine dry ingredients with bran cereal. Add to milk, stirring until just mixed. Bake on a hot griddle and serve with butter and strained honey or maple syrup.

**Apricot Omelet.**  
(Serves 4)  
½ pound dried apricots  
1 cup water  
½ cup sugar  
2 tablespoons quick-cooking tapioca  
¾ teaspoon salt  
2 tablespoons butter  
4 eggs

Prepare apricots ahead of time. Cover them with water and let soak 30 minutes. Then simmer until tender, about 25 minutes. Add sugar and cook for 3 minutes more. To make the omelet, drain juice from the apricots and measure. Fill to the ¾ cup mark with water, if necessary. Combine tapioca, salt and apricot juice in top of double boiler over boiling water and cook 10 to 12 minutes. Add 1 tablespoon butter, remove from heat and cool. Separate eggs. Beat whites until they are stiff and will stay in a partially inverted bowl. Without washing beater, beat yolks until thick and lemon-colored. Add egg yolks to tapioca mixture, then lightly fold in egg whites.

Melt 1 tablespoon butter in large frying pan (10 inch). Turn in egg mixture. Cook over low heat for 5 minutes, then place in a moderate oven (350 degrees Fahrenheit) to finish cooking for 15 minutes or until golden brown on top and firm to the touch. Make a shallow cut across the omelet at right angles to the pan. Cover half the surface with finely cut cooked dried apricots. Fold over omelet, turn out onto hot platter and serve at once.

**Codfish Toasts.**  
(Serves 4)  
2 tablespoons butter  
2 tablespoons flour  
1 cup milk  
2 eggs (hard-cooked)  
1 tablespoon green pepper (minced fine)  
1 cup shredded codfish (freshened)  
Few grains white pepper  
Few grains onion salt  
4 slices bread  
½ cup grated cheese

Melt butter and add flour. Stir to make a smooth paste. Add milk. Dice eggs and add to milk mixture together with green pepper and shredded codfish. Season with white pepper and onion salt. Toast bread on one side, cut in half diagonally and place codfish mixture on untoasted side of bread. Sprinkle with grated cheese and brown lightly in a hot oven (450 degrees Fahrenheit.)

## IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.  
Dean of The Moody Bible Institute of Chicago.  
(Released by Western Newspaper Union.)

Lesson for February 16

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

### JESUS TEACHES FORGIVENESS AND GRATITUDE

LESSON TEXT—Luke 17:14, 11-19  
GOLDEN TEXT—Be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you.—Ephesians 4:32.

Did you ever hear of "vinegar saints"? They are the Christian folk who are "preserved" (as Paul prayed in I Thess. 5:23), but are apparently pickled instead of sweetened. Every housewife knows that things may be preserved with sugar or with vinegar.

God never intended it to be that way. All through His Word there are admonitions and encouragements to gracious and considerate living. Every Christian is under orders to "grow in grace" as well as in the knowledge of our Lord Jesus Christ (II Pet. 3:18). This lesson stresses two leading Christian graces.

#### I. Forgiveness—Not Always Easy, but Always Possible (vv. 14).

The Bible is ever realistic in its approach to life. God knows that Christians must live in just our kind of world; in fact, your kind of world, and makes provision for it.

Offenses cannot be avoided. There will always be occasions for stumbling. No matter how closely we may guard our children, they will face temptations. Let us prepare them to meet them with the power of Christ, and let us be so prepared ourselves.

The fact that offenses must come does not excuse the one who creates the cause of stumbling. Someone is responsible for every such occasion for offense, and the woe of God is pronounced upon him.

What shall I do about the one who thus tempts me and others? Just grieve over it and look the other way? No indeed. "Rebuke him," says God's Word. Let us do it! If he does not repent, there is no occasion for forgiveness. To do so would only encourage him in his sin.

If he repents, or even says he repents, we are to forgive, not just once, but over and over again (v. 4). That's not easy for any of us, but it is possible if we, like the disciples (see v. 5), ask God to "increase our faith," and use it as Jesus directs in verse 6.

#### II. Gratitude—the Almost Forgotten Christian Grace (vv. 11-19).

Nine men wonderfully healed of the dreadful disease of leprosy, and only one said, "Thank you," to Jesus, "and he was a Samaritan," an outsider or stranger. One wonders whether in our own day of professed enlightenment and culture the average of those who express their gratitude would even reach one-tenth.

"Gratitude is as scarce as friendship." Many there are who profess to be Christians who never offer praise to God for the provision of their daily food, let alone for all other temporal and spiritual blessings. The kindness of friends is taken for granted. The thoughtfulness of others is accepted without comment.

Have you told your minister that you appreciate his sermons and his ministry in the community? Does your Sunday School teacher know that you have received help and blessing in the class? Does the editor of this paper know that you enjoy and appreciate this column? If you do, why not encourage him by calling him a note to tell him so?

Young people, have you ever said a real heart-felt "thank you" to your father or mother for all they have done for you? Perhaps some older sister or brother or school teacher or neighbor would be greatly heartened by such a word from you.

Someone may say, "I am grateful, but I am not the type that talks about it." One wonders whether Henry Van Dyke was not right when he said, "A dumb love is accepted only from the lower animals." A dog will show his thankfulness by wagging his tail, but a man has a tongue with which to say kind and tender words of appreciation to both God and man.

Most important of all, let us bear in mind that God awaits our words of praise. Christ valued the words of gratitude of this man and missed them from the nine others. When He was in Simon's home (Luke 7:44-46), He gently rebuked His host for failing to show him the ordinary courtesies of the household.

#### Appreciate Beauty

Never lose an opportunity of seeing anything beautiful—welcome it in every fair face, every fair sky, every fair flower and thank Him for it who is the fountain of all loveliness; and drink it simply and earnestly with all your eyes; it is a charmed draught, a cup of blessing.—Kingsley.

#### Bible Is Valuable Guide

I have read it (the Bible) through many times; I now make a practice of going through it once a year; it is a book of all others for lawyers as well as divines, and I pity the man who cannot find in it a rich supply of thought and rule for conduct.—Daniel Webster.

styles that form the backbone of a busy woman's wardrobe the year-round. And the lines of stitching, the turned-down corners of the pockets, make this an unusually interesting version of your favorite button-front classic.

There's mighty little to the making, as you can see. Just a few long seams, a few simple darts, to create a tailored effect of faultless chic. And this is a style becoming alike to misses and to women. Sew chart included.

Pattern No. 8814 is designed for sizes 12, 14, 16, 18, 20; 42, 44, 46 and 48. Size 14 requires 4½ yards of 39-inch material without nap. Send order to:

## AROUND THE HOUSE

A little vinegar put into soapy water when washing aluminum ware helps to keep it bright.

You will find that fresh bread will cut easier if you heat the knife.

To keep muslin curtains even when laundering, put two curtains together and iron as one curtain.

Before hanging clothes on the line in freezing weather, put pins on the clothes in the house, then snap on line with double clothes pins.

Winter Hands—It is a good idea to have a bowl of fine oatmeal near at hand, and to plunge the hands and wrists in this after drying. The bowl can be kept covered, and the meal will last a long time.

## Ask Me Another

A General Quiz

### The Questions

1. What capital letter is used most frequently in English words?
2. What is a Jolly Roger?
3. Of currants, grapes, cranberries, oranges, tomatoes and bananas, how many are classified by botanists as berries?
4. Without stopping to count, give the number of zeros in one billion.
5. In major league baseball, how often are games won by a no-hit, no-run pitching performance?
6. Are glow worms worms?
7. Where in the United States is the longest stretch of railroad track without a curve?

### The Answers

1. The letter "S," according to Funk and Wagnalls New Standard dictionary.
2. A pirate flag.
3. All of them.
4. Nine—count them—1,000,000,000.
5. Only one in about 1,400 games.
6. No, glow worms are actually beetles. The males can fly, but the females cannot, so they light up to let their lovers know where they are.
7. North Carolina claims this record. Between Wilmington and Hamlet, a distance of 78.86 miles, there is a stretch of track without a single curve.

## Tawas City Five Bows to Harrisville

(By Phil Ross)

Tawas City's High School cagers traveled to Harrisville Friday and met defeat 22 to 12. It was not until the last quarter that the local team showed the true spirit which wins games. Led by Captain Harold Ross, our team put up a stiff battle in the final quarter, but, time was against them.

The playing of our team showed great improvement since the Harrisville five defeated Tawas City on their home floor 29 to 8.

### Capt. H. Ross Leads Squad to Victory

(By Phil Ross)

Our first team defeated Au Gres Tuesday in a hard fought close game by a score of 36 to 32. Each team held the lead at different times during the contest and excitement ran high. The crowd was completely wild in the last quarter and the referee's whistle could hardly be heard above the din.

The high scorer and hero of the game was Harold Ross, who found the basket for eleven field goals and three free tosses for a total of 25 points, aided by the splendid teamwork of the boys in maroon and white. The Tawas City team is glad to have Russ Rollin back in the line-up again.
