

TAWAS CITY

RED COATS TO INVADE NORTH SATURDAY

About 175,000 Hunters In Woods Expected This Year

Every fire line and road in the woods will be guarded Saturday morning by alert red-coated nimrods. There has been every indication that the usual number of deer are in the woods and that hunters will have a good season again this year.

Local men have been busy during the past few days preparing hunting camps and inspecting guns and equipment. Early this week a few cars of hunters passed through the city. The number has been increasing and by tonight (Friday) the roads will be jammed with north going traffic. Although a large number of men are now busy at defense work there is no indication that the number of hunters in the woods would be greatly different for the 177,759 who bought deer hunting licenses last year. These hunters last season killed 51,713 bucks, nearly 800 bears.

Heavy rains this fall have filled swamps, marshes and low places with water and rubber boots will be a necessity while hunting. A few have found it difficult to reach their camps with cars. Conservation Officer Arthur Leitz said yesterday that water in the swamps should force the deer to the higher grounds and make better hunting.

In the bow and arrow season, archers made Michigan hunting history by killing a bear with arrows near Roscommon, and by killing the first doe legally hunted and shot in Michigan in two decades, for a camp deer, near Baldwin, Lake county.

After the big season November 15-30, those of the 500 Allegan lottery winners with licenses still unfilled will take their guns to central Allegan county December 1-10 for Michigan's first all-antlerless deer season, designed to reduce a herd now a nuisance to agriculture.

Printing of 5,000 additional deer camp permits to take care of the demand for licenses that may be filled by taking either a buck or a doe marked the eve of Michigan's 1941 deer season, the first in 20 years in which the killing of doe deer is legal. Several thousand 1941 camp permits already have been distributed where last year the conservation department sold only 703.

Morris-McCardell

Candlelight filled the Zion Lutheran church at Ferndale on Thursday evening, October 23, for the marriage of Ethel Clare Morris, daughter of Mr. and Mrs. Wayne E. Morris, 641 West Sartoga avenue, Ferndale, and Harold George McCardell, son of Mr. and Mrs. George McCardell, 129 Shasta avenue, Hazel Park. Rev. L. H. Perner officiated. White bows were used on each pew. The front of the church was decorated with palms and baskets of white gladioli and mums.

Blush satin was the bride's choice for the wedding gown. Her full veil was caught to her head by a pearl tiara. She carried a white orchid on her white Bible. Agnes Morris was her sister's maid of honor wearing a gown of cornflower blue faille taffeta and carrying an orchid on a matching blue colored muff. The junior bridesmaid, Margaret Ann Gormore, wore a pink faille taffeta gown and carried an orchid on a pink muff.

Nancy Carol Priehs daughter of Mrs. Elmer Priehs, of Ferndale, was flower girl wearing yellow faille taffeta. Alex Kimmel, son of Mrs. E. H. Kimmel, of Pennsylvania, was the ring bearer.

Willard McCardell, of Detroit, was his brother's best man. Ushers were Russell Parsons, of Hazel Park, and Ralph Vincent, of Detroit. Hal Wright presided at the organ.

Mrs. Morris chose an ensemble of a royal blue bodice with a crepe skirt for her daughter's wedding. The bridegroom's mother wore a green crepe gown trimmed in gold.

The reception was held at the Women's club in Ferndale for 175 guests.

After a ten-day wedding trip in the east, the couple will be at home after November 1, in Detroit.

Fisher-Ulman

St. Joseph's church was the scene of a pretty wedding last Saturday morning when Frances Fisher, daughter of Mr. and Mrs. Frank Fisher, and Norton Ulman, son of Mr. and Mrs. Fred Ulman, were united in marriage at a nine o'clock Nuptial High Mass with Rev. Robt. Neuman officiating, before an altar decorated with giant yellow mums and white baby mums.

The bride, who was given in marriage by her father, wore a long gown of white rayon taffeta and a fingertip veil. She carried an arm bouquet of white roses.

She was attended by Miss Phyllis Michalski as bridesmaid who wore a dress of pink broadened rayon taffeta with a pink shoulder-length veil, and carried an arm bouquet of pink carnations.

The groom was attended by Harold Pfeiffer as best man. Walter Fisher and David Fisher were ushers.

Immediately following the ceremony a wedding breakfast was served at the home of Mr. and Mrs. Frank Fisher to the bridal party and their parents. A reception was held at one o'clock for 160 guests. They were presented with many beautiful and useful gifts.

The young couple will make their home at Dearborn. Mr. Ulman is employed at the Timken Axle company, Detroit.

William Binder

William Binder passed away Friday morning at his home in Tawas township. He was 62 years of age and had been a resident of Tawas township all of his life.

The deceased is survived by three uncles, Joseph Binder, of Flint, Frank Binder, of Lansing, Louis Binder, of Tawas township, and other relatives and friends.

Funeral services were held Sunday afternoon from his residence. Burial was in the Tawas City cemetery. Rev. M. A. Sommerfield officiated.

Twentieth Century Club

The Twentieth Century club met at the Osborne home Wednesday afternoon with 20 members present. Roll call was Michigan current events. Two splendid papers, "Why Tourists Come to Michigan," by Mrs. J. A. Campbell, and "Logging Days and Ways," by Mrs. G. A. Pringle, were enjoyed.

The club will sponsor the Red Cross Roll Call in Tawas City with Mrs. J. F. Mark as chairman. In the first ward, Mrs. Jos. Stepanski and Mrs. A. E. Giddings; second ward, Mrs. F. Polycut and Mrs. M. Chubb; in the third ward, Mrs. W. C. Davidson, and Mrs. F. J. Bright will solicit Red Cross memberships. The quota for Tawas City is \$250.00.

14,000 Christmas Trees Sold in Huron Forest

Christmas tree cutters on the Huron National Forest do their shopping early, announced R. E. Crowell, Forest Supervisor of the Huron National Forest. Sales have been made for 14,000 trees, and an additional 11,000 will be sold, making a total of 25,000 trees, which is the allowable cut on the areas managed for Christmas tree production. Under management, Christmas trees can be cut from an area each ten years.

Trees are cut by local operators, who usually sell to Christmas tree buyers, although a few cutters operate their own lots in the larger cities to the south.

Red Cross Roll Call Drive Now in Progress

Red Cross Roll Call workers are busy contacting Isosco county people. The drive for memberships started Tuesday and will end December 1.

Last year Isosco county's quota was \$787. "Faced with the growing responsibilities of national defense, the American Red Cross this year is seeking to swell its membership, and Isosco county's quota is 1,000 members," states Dr. H. R. Hess, chairman of the county Roll Call committee.

Local committee workers are asking Isosco county people to recall the work of the Red Cross in the first World War. They are pointing out how the Red Cross is undertaking its most extensive first-aid program in history—training a nationwide corps of Civilian Defense workers as instructors in wartime first aid. These courses, they explain, will emphasize treatment of war gas cases, control of bleeding, transportation of the wounded and other first aid problems now being experienced in bombed cities.

The "Civilian Defense Instructors' Corps" will be augmented by 25,000 active Red Cross volunteer instructors in chapters throughout the country.

Mrs. D. Arthur Evans, chairman of production work for the Isosco County Chapter, American Red Cross, said yesterday that more than 263 garments had been completed by women of the county for civilians in the war torn countries of Europe. This wearing apparel included dresses, sweaters, hospital pajamas, mufflers and shirts. A quota of 444 garments has been allotted for future work.

The Red Cross Roll Call drive in Isosco county is being sponsored by the following organizations and committees:

Tawas City—Twentieth Century club. Mrs. Jas. F. Mark, committee chairman.
East Tawas—Ladies Literary club. Mrs. Francis Scriber, committee chairman.
Whittemore—Ladies Literary Alliance club. Mrs. W. A. Curtis, committee chairman.

Tawas, Grant, Wilber—Rural Women's Study club. Mrs. Howard Herriott, Mrs. Louise McArdle, Mrs. Arthur Leitz, committee chairman.

Meyers-Bonney

Christ and St. Michaels church of Philadelphia, Pennsylvania, was the scene November 8 of the wedding of Jane Cambell Meyers, R. N., and Lt. Charles Jackson Bonney. The Rev. Hamilton W. Aulenbach read the service at four o'clock.

The bride is the daughter of Mr. and Mrs. Clarence W. Meyers, of Philadelphia, and Lt. Bonney is the son of Mr. and Mrs. Charles A. Bonney, of East Tawas.

Miss Meyers wore a street length gown of King blue velvet and her corsage was of white roses and gardenias. The bride's only jewelry was a gold cross set with diamonds and pearls, an heirloom in the Meyers family. The wedding ring was the ring worn by her maternal great grandmother.

The matron of honor was Mrs. Margaret Templeton, sister of the bride, and Dr. Andrew Ramsey, cousin of the groom, was best man. The ushers were Clarence W. Meyers, Jr., brother of the bride, and George H. Harsden, of Philadelphia.

The bride's mother chose a dress of Royal blue with silver accessories for her daughter's wedding and her corsage was of white rose buds. The bridegroom's mother wore a claret wine velvet dress with gold accessories and her flowers were Talisman roses.

After the ceremony a dinner was served to the bridal party and the immediate families at the Green Garden Tea Room in Germantown. A reception was held in the evening at the home of the bride's parents.

The bride is a graduate of Upper Merion high school and the Germantown Dispensary and Hospital. For the past year she has been a nurse at Fort Eustis, Virginia. The groom was graduated from the East Tawas high school and Michigan State college. He also has been stationed at Fort Eustice since the first of the year.

After the reception the couple left for Camp Edwards, Falmouth Mass., where they will make their home.

Among those present from out-of-town were Mr. and Mrs. C. A. Bonney and Dickie Bright, parents and nephew to the groom.

Home Economic Notes

The Tawas City Home Extension class will meet at the home of Mrs. Charles McLean next Monday evening to study "Tailored Finishes" under the leadership of Mrs. A. W. Colby and Mrs. J. A. Campbell. The meeting will begin promptly a 7:30. Bring: 9-inch zipper, 1/4 yard cotton, 9 by 12 inch light weight silk or rayon, 9 by 12 inch wool fabric, and necessary sewing equipment, pins and needles, thread, scissors and measure.

IMPROVED DAIRY HERDS URGED HERE

County Agent Advises How Milk Production Can Be Increased

With an increasing demand of "Food For Defense" Isosco county farmers are being asked to do their part in increasing the milk production of their dairy cows by approximately eight per cent. It is also hoped that the number of cows in milk will be increased by approximately four per cent.

With the present demand for dairy cows and the prevailing high market price of big rugged cows, County Agent W. L. Finley states that Isosco county dairymen are liable to sell themselves short of cows, however, he advises against this and encourages farmers to sell only their inferior cows which are producing 250 pounds of butterfat per year, or less. Better yet, he states is to pick out the slow breeders, the three-teaters, and those which are subject to attacks of mastitis, and replace them by the better bred heifers as fast as practical. Test for Bang's disease at least once each year, as reactors in a herd may prove costly if not promptly removed.

As far as getting the present herd to increase their milk flow by eight per cent the task is relatively simple, in most instances. Cows which have been watered at the ice filled tank or forced to go a half mile or so to a creek once each day will increase their milk flow from three to four per cent and some times as much as ten per cent if a constant water supply is made available in the barn. Next best is to get the water close to the barn in a heated tank where the cows may be offered a good fresh drink three or four times each day. A good usable tank heater may be made of an old oil drum at practically no cost.

Another two or three per cent of the increased production may be had by feeding each cow approximately one pound of grain or each four to five pounds of milk that she produces. Give the entire herd access to a mixture of loose salt and steamed feeding bone meal mixed equal by weight. Regular milking and regular feeding and lots of good quality alfalfa hay will also help. The springer heifers and dry cows should also have the best of feed with liberal allowances of grain.

The other one or two per cent increase in production may be had by better housing. Be careful about that second-hand air! Ventilation of the dairy barn is nearly as essential as proper feeding. Each cow "eats about 2500 bushels" of air each day and she likes it fresh. Even a homemade ventilation system is better than none. Electric fan ventilation is cheap and it works. Lots of good dry bedding, plenty of "clean" window lights and a stable free from dust and cob webs all contribute to the total increased production of eight percent which every dairy cow in Isosco county should do during the next twelve months.

With the increase in butter fat prices and the price being offered for market milk dairymen can well afford to go to some of the troubles which Finley suggests in the foregoing paragraphs. If you need more grain, talk with the Agricultural Conservation people, while if feeding suggestions are needed, call at the County Agricultural Agent's office which will be in the Federal building after November 24.

Billion Dollars in U. S. War Supplies Is Pledged for Assistance to Russia As Stalin Asks 'New Front' in Nazi War; U. S. Warns Finland to Cease Fighting

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
(Released by Western Newspaper Union.)

RUSSIA: U. S. Pledge

Same day the state department announced that a billion dollars worth of war supplies had been pledged to Russia, Josef Stalin in a speech deplored the lack of a second front in the battle against Hitler.

Speaking on the eve of the twenty-fourth anniversary of the Bolshevik revolution, the Soviet leader claimed that the Nazi blitzkrieg was a failure but added that his Russian forces were not doing as well as they could be expected to do because Germany had thrown her entire force on Russia believing there was no fear of a western front opening up.

He asserted that Russia was still strong and that the losses inflicted on Germany far outnumbered damage to U.S.S.R. troops.

About this time Moscow sources were announcing that the Nazis had been fought to a standstill around Moscow and Leningrad. Berlin claimed to have gained in both areas and reports from the South indicated a Nazi break through into the Crimea, more or less a gateway to the Caucasus.

Yet it had become apparent that Russian defense ideas were not basically founded on a defense of the Crimea, but that the Reds considered Rostov as the entrance to the Caucasus, and would hold as hard there as possible, perhaps as successfully as at Moscow and Leningrad.

There had been no indication that the Nazis' early prediction of collapse of Russian resistance could be looked for, and observers felt that if that eventuality was likely, then Moscow and Leningrad would hardly have been defended so vigorously and successfully.

The developments pointed, on the other hand, to a real and serious fall-down of the Nazi blitz, perhaps

connected with the weather, but definitely halting the invasion short of Russia's two main cities.

Lozovsky called the situation "serious," and there was a rumor that Stalin had left Moscow, perhaps heralding its fall. There was little effort on the part of the Russians to minimize the danger of the loss of Moscow, Leningrad or both, with 100 divisions reported moved by the Nazis from occupied countries to the Russian front.

Neither did the Russian statements sound panicky, and the armies apparently were intact, in the main.

WARNING: To Finland

The United States had acted parallel with Great Britain in sending to Finland a stern warning that continuance of the Finnish participation in the Nazi attack on Russia would be considered an unfriendly act.

The tragedy of Finland was that of a small country caught between naturally hostile and powerful neighbor empires—Germany and Russia.

There was little question that, if Russia were to win the war with or without British aid, as Britain's partner in the fighting she would demand a return to the frontiers of 1914.

Finland was faced with the fact that a German victory would leave Finland enslaved, and that a Rus-

sian victory would rob her again of her natural territory.

America's viewpoint was that if Finland goes on fighting, then Russia's strength will be impaired and through Russia the strength of Britain and the United States. There was seen in the move a tacit guarantee of after the war aid to Finland if she should stop fighting.

NEUTRALITY: Fight Bitter

Foes of changes in the neutrality act, which included not only all the regular anti-administration stalwarts but one or two new acquisitions to the fold had turned out to be a bitter-fighting group, though hardly a member of it had expected to see victory perch on its banner. The effort seemed to be not so much to defeat the administration, generally conceded to be impossible, but rather to whoop up a general anti-foreign policy sentiment.

Sen. Hattie Caraway of Arkansas, only woman senator, and mother of two sons in the army, is shown making a speech in favor of passage of revised Neutrality act.

using every argument and White House word as ammunition and target, respectively.

Senator Walsh of the navy affairs committee, typical of the arguments against the amendments repealing two important provisions of the act, said it would hurt the navy. The navy didn't have ships or men requisite for an entry into the war.

"And this is an entry," said he, "unless we already are in."

With its differences of technic the stand of the minority was ever the same, however—the President had gone far beyond the authorizations of congress by taking steps already taken, and that the White House was, in effect, asking an O.K. on these and tacit permission to go further.

JAPAN: Lays Down Law

A list of "must" terms for the United States to abide by or get into trouble with Japan had been laid down, chief among which was the immediate stoppage of economic and military aid to China.

The list:
"Stop all military and economic aid to Chungking and cease all propaganda or military missions to keep Chungking at war with Japan. America could advise Chungking to make peace.

"Stop encirclement of Japan by military, naval and air bases and by economic barriers. Proceed no further with military and naval movements in the western Pacific.

"Acknowledge Japan's coprosperity sphere and her leadership in the western Pacific.

"Recognize Manchukuo. Nobody can undo what has been done there.

"Stop at once the freezing of Japan's assets in the U. S.

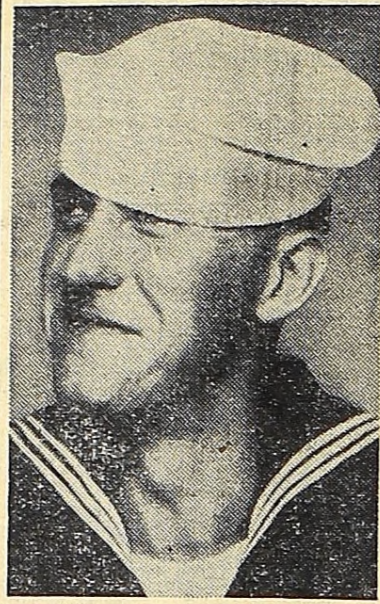

"Restore the trade treaties, abolish all restrictions on shipping and commerce."

The program, published by the Japan Times and Advertiser, organ of the foreign office, declared that the Pacific was "on the brink of war."

It was considered significant in Washington that there was no mention of the Rome-Berlin-Tokyo Axis in the statement. It stated that "there could be no retreat" from these principles, poles away from anything the American state department was prepared to concede.

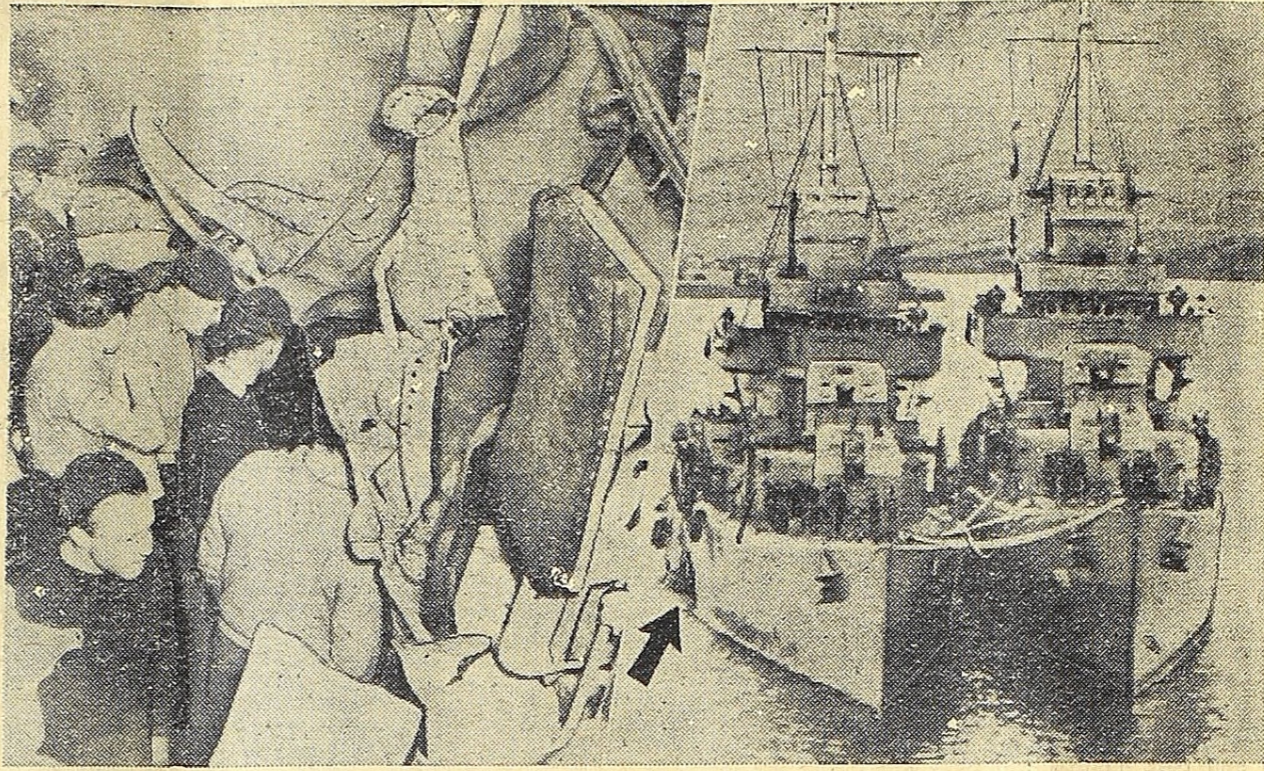

Japan felt that America's aid to China program was simply an evidence that this country was afraid to fight Japan directly.

Luck Smiles

When the torpedoed U. S. tanker Salinas limped into port under its own power, one of the luckiest fellows aboard was Philip McBride (above) of Chicago. It was the third time he had missed death by inches. He was transferred from the S. S. Greer to the S. S. Kearny shortly before the Greer was attacked and then was transferred to the Salinas just before the Kearny was torpedoed. So far he is still one jump ahead of a torpedo.

Official Pictures of Torpedoed U. S. S. Kearny

Official pictures released by the navy department show the damage done to the U. S. S. Kearny when she was torpedoed by a submarine off Iceland. At left, crew members look at twisted wreckage below decks after the torpedoed destroyer steamed into port. Right: the Kearny, tied to sister ship, is shown limping into unnamed port. Arrow points to the hole made by the torpedo.

'NEST':

Near Iceland

Somewhere south and west of Iceland it had become evident that Germany had established a big "nest" of submarines preying upon convoys, and apparently giving especial interest to American warships.

What inroads this country's navy had been making on it was not revealed, the published "score" being totally in favor of Hitler, though the navy department had early announced that no successes against U-boats would be reported.

The loss of the Reuben James, the navy said, entailed 95 casualties, all of the officers being missing as well as half of the enlisted men. Only two known dead, one survivor dying of his injuries and the other a body picked from the water, were reported.

Reports of the torpedoing of the destroyer were that the vessel was struck in the center and broke in two, the forward half sinking at once, and the afterpart going to the bottom a few minutes later. Evidently most of those saved were aft, and succeeded in picking up a few of those hurled into the ocean from the other part of the ship.

The navy said:
"It is probable that the attack took place during darkness. From the terrific force of the explosion it is a possibility that the magazine exploded. It is a probability that the majority of the casualties occurred in the forward section, although two of the survivors were from that part of the ship."

Latest incident was the torpedoing of the Salinas, navy tanker, in the same district where the others had occurred. The Salinas made port. The navy would not give details of her damage, but published no casualty list among the crew.

FOOD: Rationing?

A rumor which had been worrying housewives—that the United States, in addition to seeking price control, would also start food control and rationing, was categorically denied by Donald Nelson, who said "I should know."

He is priorities director of the nation, and said that any rationing of any type of material, whether edible or not, would normally go through his office.

That the matter had been considered, he denied, then showed his own awareness of the situation by stating that he had known that there would be shortages of certain foods, but that a rationing program had not been talked of.

Foods he mentioned were cheese, of which huge quantities are being sent to England, and salmon, which has been short for a good while, and which also is a favored lease-lend food.

DRUG: New Wonders

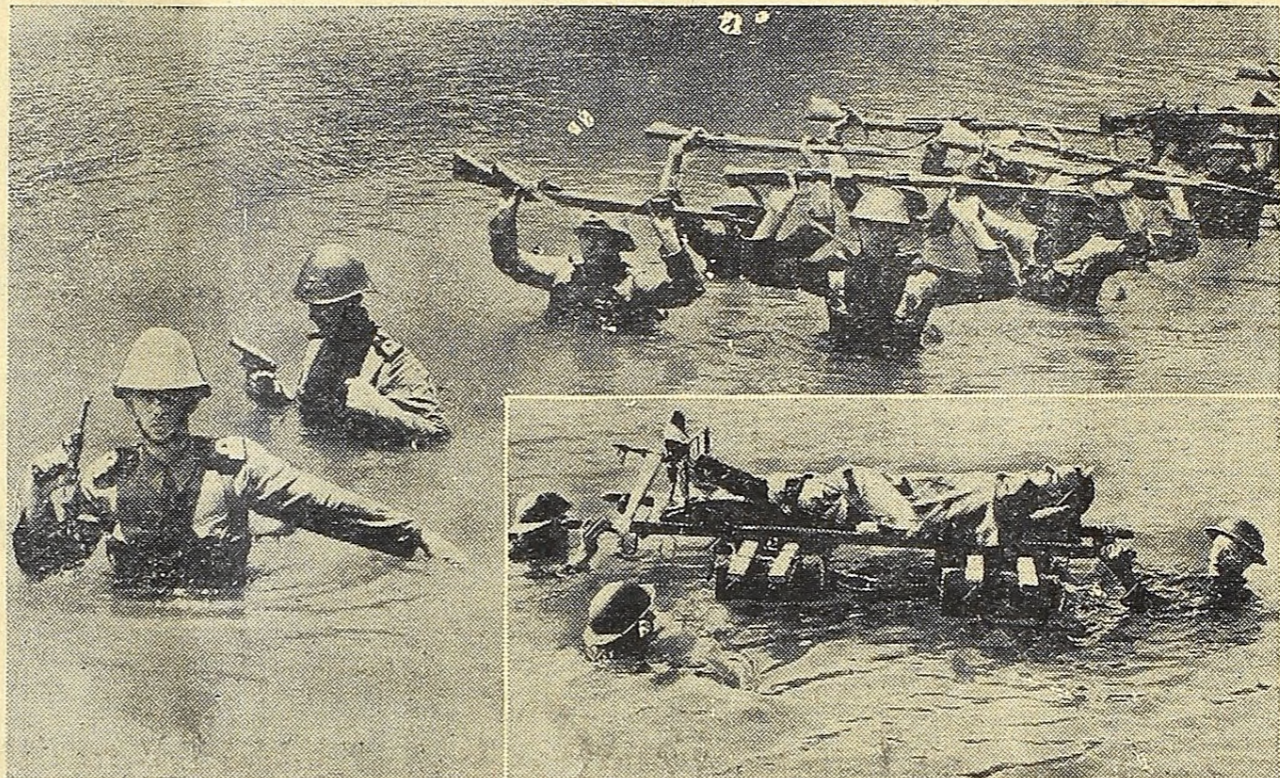

It was announced formally that gramicidin, new drug dug out of the soil three years ago by Dr. Rene DuBose, who had modestly declined any public claims for the medicine, and had given it out for testing to a dozen medical schools and hospitals, has turned out to be the wonder drug of the age—far more powerful in germ-killing than the now-famous "sulfa" drugs.

Its potency is from 1,000 to 100,000 times as great as sulfanilamide, which has saved thousands of lives.

One millionth-teaspoonful, or about the size of a drop of mist or fog, has been sufficient (of gramicidin) to protect a mouse from 10,000 lethal doses of pneumonia germs.

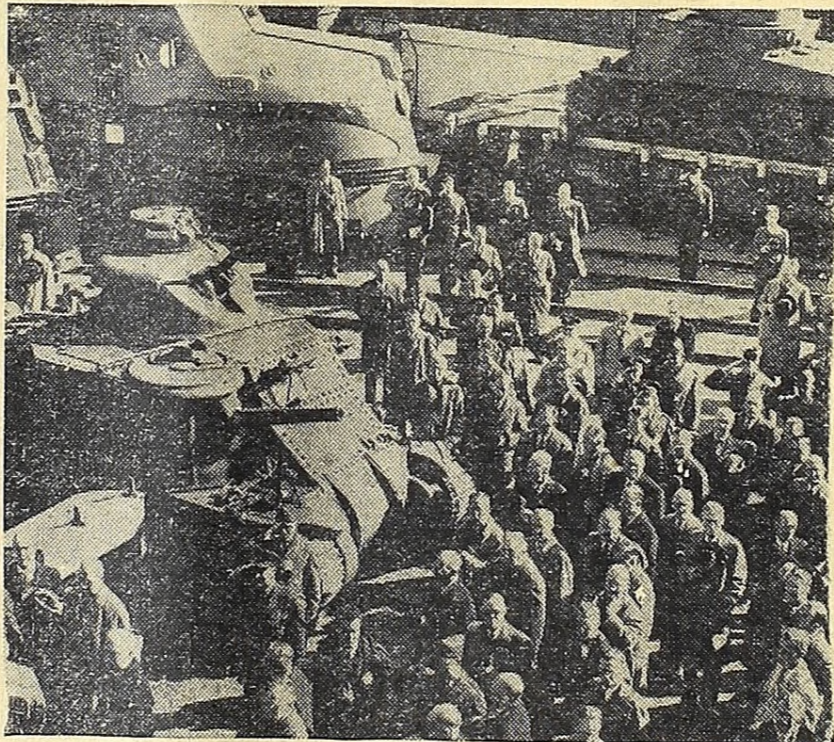

First reports of its use on humans came from two Boston university medical researchers, who told of curing ulcers in three weeks which had defied all drugs for 15 years; of curing a chest infection which is almost 100 per cent fatal ordinarily.

A Lesson or Two in Preparedness

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON
(Consolidated Features—WNU Service.)

NEW YORK.—We are quite certain that there is a chipping sparrow out our way which didn't stand still long enough to be counted, but at any rate Roger Peterson's Count Tory Peterson's national bird count of 5,750,000,000 receives respectful, even admiring attention, and no challenges or quibbles about it.

Concurrently the National Audubon society, of which Mr. Peterson is educational director, begins a drive for the protection of birds and other wild life in defense areas.

At the age of 26, Mr. Peterson proved that bird lore can be made to yield a lot more than mere bird seed. That was in 1934, when he published his book, "Field Guide to the Birds." As bird books go it was a best-seller, warmly praised not only by the somewhat esoteric cult of bird-fanciers, but by a much wider public, which appreciated its clarity and simplicity. There came other editions and then his "Field Guide to Birds of the West," and his "Junior Book of Birds," of 1939. All in all, Mr. Peterson's books and magazine articles were so successful that he has had plenty of time to count birds—even five billions of them.

He not only writes but illustrates his books, having emerged from the New York Art Students' league as a highly qualified decorative artist. He is known as the best American authority on field identification of birds.

Mr. Peterson had an adventure at the convention of the society at Cape May last year, which, so far as we can learn, was not picked up by the news hawks at the time. It seems a group of ornithologists, Peterson included, got up at 4:30 to clock a scheduled hawk migration. It didn't come off and all were downhearted until a rumor got around that a black-necked stilt had been seen near the lighthouse pond. There had been no stilt in this section since 1870.

The party set out for the spot. Finally far across the pond, inaccessible to any dry land approach, the bird was sighted. Mr. Peterson said it would be necessary to approach as near as possible, disturb the bird, and then observe its flight carefully. He and William Fish volunteered to brave the mud and cold. They waded in, and at times were up to their armpits in slimy mud. Finally Peterson waved his arms at the stilt. It didn't move. Approaching nearer, they discovered it was as stiff as a plank.

The convention finally ran down the story. The National Academy of Sciences at Philadelphia had had a housecleaning and heaved out a lot of stuffed birds. Some rival bird fans of the Delaware valley had retrieved the stilt and set it up across the pond.

UP IN Maine, on last summer's holiday, this writer talked with an old road-side philosopher who was concerned with problems arising from the

Prof. Perry Boldly lengthening Trumpets an 'Old life-span in Age Movement' New England.

"They don't do much dyin' up here," he said. "Down at West Newton, they had to shoot an old feller, just to start a graveyard."

Professor Ralph Barton Perry, of the faculty of philosophy of Harvard university, is similarly concerned about old age, but for a different reason. In a brilliant essay in a recent issue of the Princeton Alumni Weekly, he rallies the oldsters against being "hustled around by their juniors in politics; he notes the capitulation of wise old age to bumptious youth, and challenges Rabbi Ben Ezra by insisting that there's no use growing old with him, or anybody else, if old-age is to be merely a tolerated short-ender in the life sweepstakes. "The most striking evidence of the downfall of the aged," writes Professor Perry, "is to be found in the domestic circle."

"The authority of the father was first broken by the mother, and the children poured through the breach. The last remnant of paternal authority was the period in which the father was an ogre, who came home at the end of the day to deal with major offenses. He was no longer magistrate, only executioner.

"But even this role disappeared when domestic criminology was modernized and the child's insubordination was regarded as a personality problem, to be solved by love, hygiene and psychoanalysis."

Tin Hats First Worn by Sailors on Great Lakes
SANDUSKY, OHIO.—The log book of the schooner Bay City, which had Sandusky for its home port, shows that the steel helmets used by soldiers are not an invention of the World war, as sometimes believed, but instead were used on the Great Lakes, even in the days of the schooner, to protect heads of the sailors from falling coal and ore. Thus another traditional error is corrected.

Alley Oomph

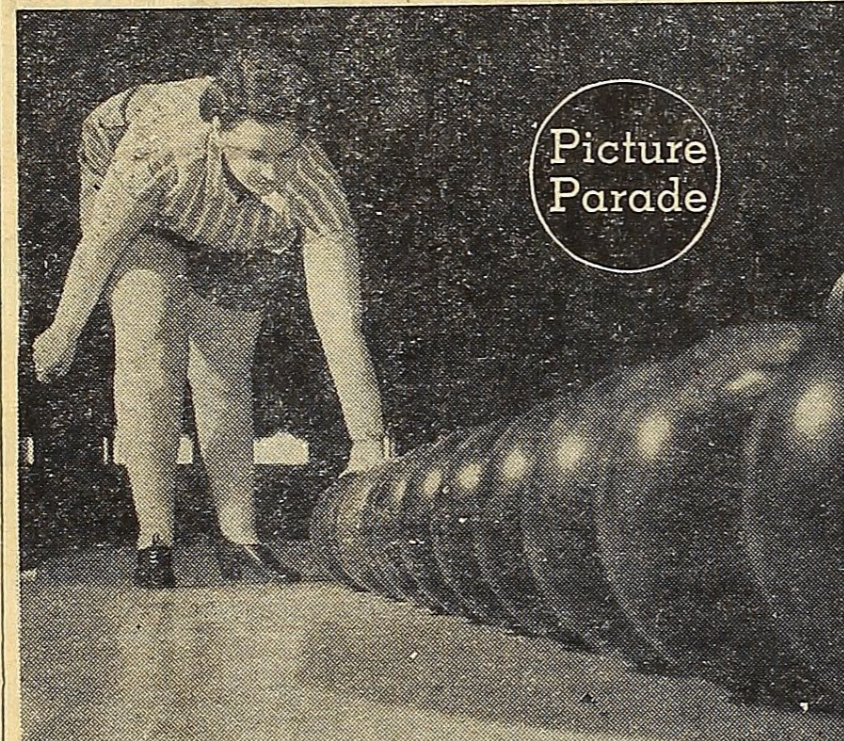

Time was when the bowling alleys of the nation were regarded as select gentlemen's clubs. Today some 3,000,000 women in the United States go in for bowling in a big way. This series of photos shows you some of the gals who bring oomph to the alleys.

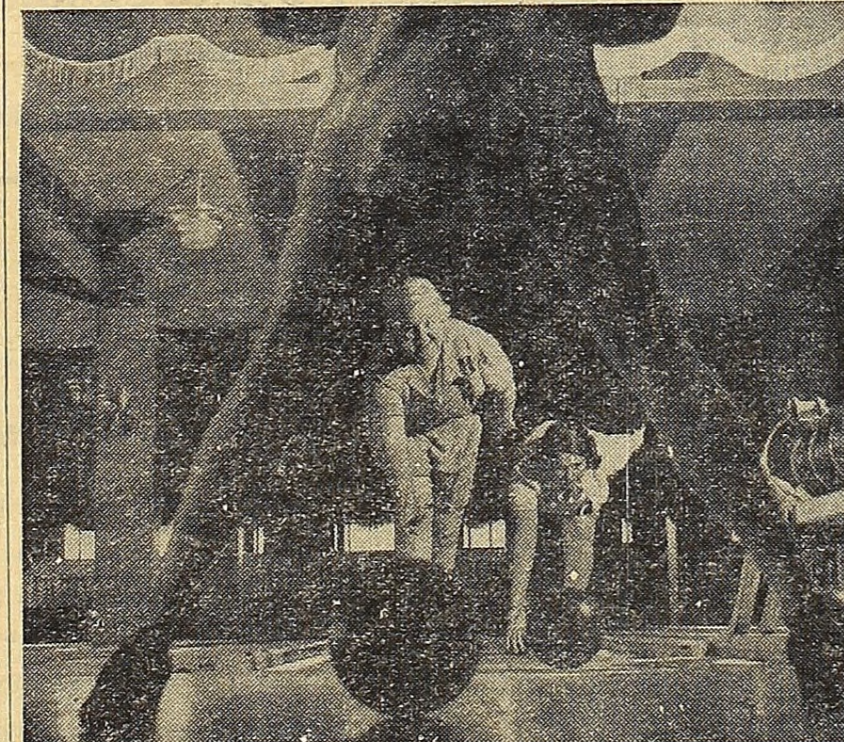

The streamlined eyelet at right has the floor in this corner as she tells the quartet about the wonders bowling does for the figure.

Too much vim behind the ball, and a bit tardy in getting that dainty finger out of the hole. This pretty maid knows that a heavy ball will knock the bark from those darling shin bones.

This roly-poly has taken up bowling to reduce.

To add a little something different to the game, one lady bowler lends her legs for a frame, while two of the alley sisters roll at once.

UNION WITH CHRIST

LESSON TEXT—John 15:1-10.
GOLDEN TEXT—Abide in me, and I in you.—John 15:4.

Our lesson presents deep spiritual truths concerning our union with Christ—mystical, but practical; precious, but too often forgotten or neglected.

I. The Conditions of Union With Christ.

There is a sense in which union with Christ is entirely unconditional, one is either united with Him by faith or he is not. However, there are conditions for the fulfillment of all that such union carries with it. It is in that sense we use the word.

1. Cleansing (vv. 1-3). Christ is the Vine, and the believer as a true branch is united with Him. There is a oneness here which is difficult to express but delightful to receive and believe. He who is the Vine needs no cleansing, but the branch needs constant, daily purification by "the Word" (v. 3). Are we permitting God's Word to keep us clean? Only if we are reading it, studying it, meditating upon it.

There is moreover a severer type of purging to which the husbandman subjects the vine that it may bear more richly, and that is pruning (v. 2). It may not be pleasant, my brother, but it is profitable, and remember whose loving and sure hand it is that wields the pruning knife (v. 1).

Some branches must be cut away altogether (v. 1) and burned (v. 6). They lack the evidence of life—fruitbearing—and must be destroyed. These words are evidently not written to dishearten true believers, but they are a solemn warning to those who bear a false profession of Christianity.

2. Abiding (vv. 4-8). The branch bears the fruit of the vine. It has no strength or ability of its own to bring forth fruit. The Christian cannot serve Christ without abiding, and if he does abide the life of Christ will show forth in His living and serving. There can be no union without abiding in Christ.

3. Obedience (vv. 9, 10). The hall-mark of character in a child is obedience. That is also true in God's household. There is no use in talking sweetly and piously about abiding in God's love unless we obey His commandments. The Christian who disobeys the teachings of God's Word regarding holy living and does not respond to the leading of the Holy Spirit shuts off the blessing of God in his own life and stops its flow out to others.

II. The Results of Union With Christ.

1. Purity of Life (v. 3). "Now ye are clean"—how refreshing our Lord's words sound to us as we live in a wicked and filthy world. We sometimes wonder if there are any pure lives anymore. Yes, there are—those whom the Lord has cleansed by His Word. Would you like to be clean? Turn to Him and to His Word.

2. Prevailing Prayer (v. 7). At first one wonders why our Lord put in that word about prayer, but it is evident that one of the fruits of union and fellowship with Christ must be intelligent prayer according to God's will, in the power of the Spirit, and certain of an answer.

Notice that the prayer promise here is absolutely unlimited, but that it follows an "if" which states a closely limited condition. Let us fulfill the condition and claim the promise.

3. Fruitbearing (vv. 2, 4, 5, 8). The fruit a Christian bears is the fruit of Christ who is the Vine, but as the branch he does have the joy of bearing "fruit" (v. 2), "more fruit" (v. 2), and "much fruit" (vv. 5, 8). The Christian's phraseology can be borrowed, the Christian's service imitated, but his fruit produced only by abiding in Christ.

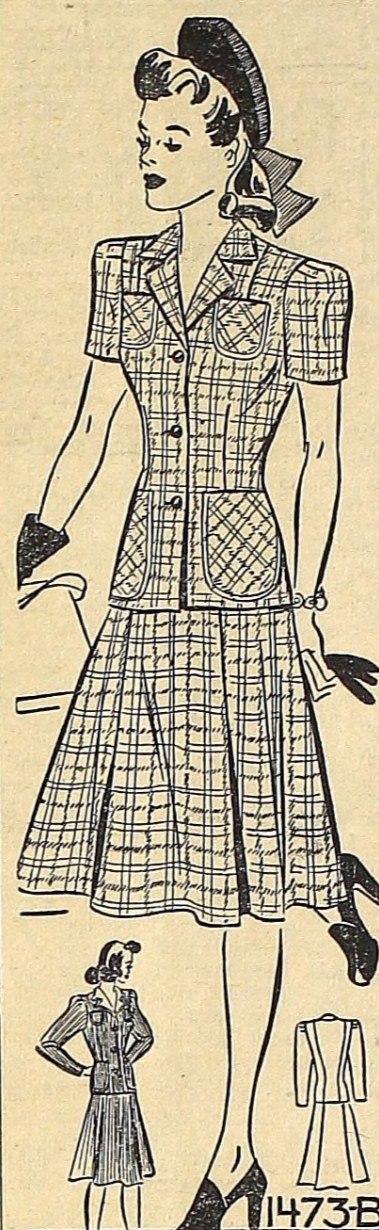

4. Abiding in Love (v. 10). We have been talking about abiding all through our lesson and it may seem strange to list it as one of the results of union with Christ, yet it belongs here. Our Lord said (v. 10) that the cleansed and obedient disciple should abide in His love, even as He obeys the Father and abides in His love.

What a picture that is. Christ, the One who knew no stain of sin (1 Cor. 5:21), always perfectly obedient to the Father (Heb. 10:7), who knows complete and perfect fellowship with the Father, reaches out His loving arms and draws the believer into the circle of that blessed union and love.

'Only Thee'

No one can ever become quite solitary, quite poor, quite miserable, who can truly say "Lord, if only I have Thee." That is just the time when God makes his consolation most gratifying and abundant, when we through distress of body and soul have turned from all temporal things to Him, and have learned that royal, overshadowing "only thee."—Theodore Christlieb.

Collects Rare Odors

Collecting rare odors is the hobby of Dr. Ralph Bienfang of the University of Oklahoma school of pharmacy. He has 236 of them from far corners of the earth, such as oil of rose from Baghdad; hyssop from central Asia and zdravetze from Bulgaria. Dr. Bienfang preserves the odor in oil and transfers it to a card. The card holds the odor for as long as two years and is filed in a card index.

S.P.C.C. Organized

The Society for the Prevention of Cruelty to Children was organized in New York in December, 1874, by Henry Bergh, organizer of the Society for the Prevention of Cruelty to Animals. Bergh's attention was called to the plight of mistreated children by Mrs. Etta Angell Wheeler, a social worker. Elbridge T. Gerry, attorney for the S.P.C.A., was active in the organization of the children's society and later became its president.

Whittemore

In recognition of National Book Week, Mrs. Horace Powell will present a book review at the Whittemore Women's club Saturday afternoon, November 15. Mrs. Elmer Kunze, of East Tawas, will be the guest speaker discussing the Whittemore library and the new plans for increased library facilities. Helen and Marjorie Hasty will furnish the music. Mrs. Theodore Bellville, Mrs. N. Colvin and Mrs. Henry Bronson are the hostesses.

Mrs. Geo. Hughes entertained ten little boys Monday afternoon at her home in honor of her son, Tommy's sixth birthday anniversary. All kinds of games were played and a delicious lunch was served, a beautiful birthday cake adorned the table. Whittemore Chapter O. E. S. held regular meeting Thursday evening followed by election of officers. The following were elected for the coming year: Mrs. Horace Powell, worthy patron; Mrs. Wm. Fuest, associate patron; Elton Smith, associate patron; Elizabeth DeRemer, secretary; Mrs. Wm. Austin, treasurer; Mrs. Wayne Grimm, conductress; Mrs. Elton Smith, associate conductress. A special meeting will be held November 25 for installation of officers with an open installation.

A large number of men from here are leaving the last of the week for the Upper Peninsula for deer hunting. Mr. and Mrs. Norman Ruckle, of Sault Ste. Marie, and Mrs. Leslie Reed and two children, of Louisiana, were callers at the Roy Charters home Saturday evening enroute home to Sault Ste. Marie from Detroit.

Mrs. Ivan O'Farrell underwent a tonsil operation at West Branch hospital Tuesday of last week. She returned to her home Wednesday evening.

Mr. and Mrs. Joseph Danin spent Tuesday at Grand Rapids.

Mrs. Wayne Grimm is visiting at Clare and Ann Arbor for a few days.

Mr. and Mrs. Ed Urbin, of Bay City, spent Sunday with her parents, Mr. and Mrs. Anson Goupie.

Mr. and Mrs. Norman Schuster and daughter, of Saginaw, spent the week end in town.

Mr. and Mrs. Earl Schneider and Mrs. Richard Fuest spent Friday evening at Harrisville. Mrs. Schneider and Mrs. Fuest attended O. E. S. while there.

Mr. and Mrs. Melvin Bowen and Mr. and Mrs. Merlin Londo spent the week end in Detroit.

The P. T. A. met Tuesday evening with a good attendance. A very good program was presented.

Mrs. Joseph Danin was at West Branch Sunday afternoon.

Mrs. Archie Graham was at West Branch Tuesday.

Mr. and Mrs. Elmer Newberry and family, of Bay City, visited relatives here on Sunday.

L. D. S. Prayer meeting was held at the Howard Gregg home on Wednesday evening.

Mrs. Wm. Phelps returned Saturday from a two weeks' visit with relatives at Birmingham and Lansing.

Double Seater

A double seater makes anyone think of a runabout or a gent who has spent his life eating not wisely but too well. Instead, it's a particular kind of a job at a sewing machine, just as a trolley operator doesn't mean a street car motor man but a lad who does the finishing and icing in a bakery.

Most Mammals Color-Blind

It is not true, says Author Roy Chapman Andrews, that bulls get mad when they see red—all mammals except monkeys and men are color-blind. Many animals can be taught to detect slight differences of shade, but when variously colored disks emitting the same intensity of light are presented, the animals are baffled. Thus a dog sees the world, including his master, in various shades of gray, as in a photograph. But birds, fish and insects can distinguish colors. * * *

Scrap Iron for Defense Farmers Urged to Sell

An urgent appeal to farmers of Iosco county to market their scrap iron as part of a national scrap iron collection campaign designed to aid the National Defense Program, was made this week by M. A. Doan, chairman of the State U. S. D. A. Defense Board.

Mr. Doan announced that Secretary of Agriculture Wickard has called upon American farmers to cooperate in the national campaign now under way to help provide necessary iron and steel supplies for the Defense Program. Information received by the Defense Board emphasizes that America needs all the scrap iron and steel it is possible to get to help meet the shortages of these metals in the production of defense materials. Scrap is essential in the making of steel. Also, steel is needed for the manufacture of farm machinery and farmers who dispose of their scrap iron now will be helping make it possible for more farm machinery to be produced in 1942.

In a letter to the State U. S. D. A. Defense Board, Secretary Wickard said:

"The CPM has been putting on a drive to increase the flow of scrap metal from the cities. They have requested the aid of the Department of Agriculture in increasing the flow of scrap from the farms. I am therefore requesting that every Defense Board put on a drive to get farmers to market their scrap and steel. The financial returns cannot be expected to be large but the results will be important to farmers and to our whole defense effort."

Farmers are being asked to market their scrap iron at current prices which are those that have been set by the Office of Price Administration. However, these prices are moderate and farmers are asked to sell their scrap more to help the National Defense Program than to make money. Scrap iron in Iosco county should bring about 41c a hundredweight, according to the best information available to the local Defense Board. The scrap iron collection campaign is to be carried on through the usual market channels.

Mr. Doan emphasized that the Government does not want farmers to scrap useful farm machinery. Where machinery is being kept for spare parts, it is suggested that the parts be taken off the machines and stored and the remainder of the metal sold for scrap.

Caterpillars

Caterpillars have six legs. The conspicuous fleshy claspers which often are mistaken for its legs are not true legs but are called "prolegs."

Importance of Steel

Steel's effect upon life today is so important that we could give up most other metals—including gold—with less disturbance to civilization. Today's steels are the strongest, toughest, hardest, yet most ductile, elastic and obedient of all metals used by mankind.

Time for Cutting Trees
 The best time for cutting trees is in the spring after the sprouts have started and the tree is in full leaf. The death and decay of some species can be hastened by introducing poison into the circulatory sap system of the living tree.

Origin of 'Vaudeville'
 The word "vaudeville" is derived from the gay French songs called "Voix-de-Ville"—voices of the city—which originated in Normandy, in the valley of the Vire (Vaux de Vire).

'Cake Eating Lady'
 In the Seventeenth century, the "cake eating lady" was a familiar figure of English fairs. One such performer ate 12 pounds of cake in less than 30 minutes of each of six daily performances.

Look into the Last Mile... FIRST

MAYBE it's a little hard to picture this trim Buick as it will look on that unknown day when you come to turn it in.

There may be scars in its fenders, and use-stains on its upholstery—but the thing that matters is *it'll still be going great guns.*

You can count on that husky valve-in-head straight-eight to be ticking off the miles with the satisfying efficiency it now boasts.

You can rely on Compound Carburetion† to hold your gas-costs down, squeezing every last power-packed mile out of the fuel you burn.

There won't be any loss of easy comfort in those all-coil springs, or any need for care to keep them gentle.

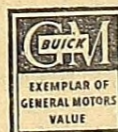

As for such things as connecting rods and bearings—Buick rods are extra strong, while tests show that our oil-cushioned bearings last twice as long as others under the same load and service.

So go right ahead! Buy Buick on its last mile instead of its first.

We Can All Be EXPERT BUYERS

In bringing us buying information, as to prices that are being asked for what we intend to buy, and as to the quality we can expect, the advertising columns of this newspaper perform a worth while service which saves us many dollars a year.

It is a good habit to form, the habit of consulting the advertisements every time we make a purchase, though we have already decided just what we want and where we are going to buy it. It gives us the most priceless feeling in the world; the feeling of being adequately prepared.

When we go into a store, prepared beforehand with knowledge of what is offered and at what price, we go as an expert buyer, filled with self-confidence. It is a pleasant feeling to have, the feeling of adequacy. Most of the unhappiness in this world can be traced to a lack of this feeling. This advertising shows another of its manifold facets—shows itself as an aid toward making all our business relationships more secure and pleasant.

INSTALLMENT ELEVEN—The Story So Far

Laura Maguire, wife of Mike Maguire, happy-go-lucky editor and mayor of Covington, is mother to four children, not too well treated by the depression: Tom, whose real estate job in the big city became profligate and who proposed moving to Covington rather than depend on the earnings of Mary Etta, his wife, secretary to a big shot; Alec, who, unable to get a job, runs around with a

flashy divorcee older than he and on a bet dates up Lou Knight, the town drunk's daughter; Shirley, engaged to Jaid Newsum, also out of work since his father closed up the factory to stop losses and whose marriage is thus delayed; Kathleen, in whom a stranger, Ritchie Graham, also a newspaperman, is interested. Ma Newsum wants Jaid to marry Connie Mays, the banker's

daughter. Tom and Mary Etta separate when she refused to give up her job. Banker Mays threatens to break Maguire for criticizing his banking methods. Maguire and Ritchie joyously laugh at him. Kathleen is critical of their recklessness. "Hot Shot" Mays, the banker's son, invites her to a swimming party. Ritchie grins when she accepts.

CHAPTER XV—Continued
Nevertheless Kathleen had felt in a way revenged. And then Ruth had spoiled everything. She was one of those saccharine persons whose mission in life is to shed sweetness. She cooed like a mourning dove at every opportunity and was quite pretty in a soft, fluttery, ash-blond way. Her elders said she had a beautiful nature. But she was apt to cloy if taken in steady doses. For that reason Ruth was always avidly interested in the appearance of a new man in town. And somewhere she heard about Ritchie Graham. She promptly telephoned Kathleen and insisted that he be added to the party.

All things considered Kathleen arrived home practically ready to throw things. Laura was lying down with a touch of headache or so she had given out. But when Kathleen heard about Tom she surmised that her mother had gone to bed of a heavy heart. Privately Kathleen thought her brother was well rid of an unpleasant incubus.

To Kathleen's surprise Shirley was also going to the swimming party. They didn't usually run in the same crowd except at very large affairs to which the whole town was invited. But Shirley gave the show away when Kathleen in all innocence asked if they couldn't all four go together. Away from Ritchie, Kathleen was not at all anxious to be alone with Gene Mays.

"Sorry," said Shirley evenly, "but Connie Mays asked us to ride over with her and Lance Ferguson."

"I see," said Kathleen, staring fixedly at the red leather belt she was fastening about her. She did see—a lot. Of course Connie had engineered the whole thing. She had probably refused to go to all unless Jaid was invited. And Ruth was one of Connie's yes-men. But to get Jaid, Shirley had to be included. Only Connie, with her usual brazen disregard for other people's rights, had arranged that too—to her own taste. Ostensibly Lance, a weak little baa-baa sheep, was Connie's date. Actually he was being taken along for the ride, as Kathleen knew. And of course so did Shirley, even if she did not breathe out fire and brimstone as Kathleen would have done.

In the end they went off with their respective swains, Shirley first. Both Kathleen and Laura noticed that Connie had waited till the last to collect the second girl. And when her smart car disappeared, she was driving as she usually did with one hand, while she faced the back seat and carried on an animated and gesticulative conversation with a rather silent Jaid and a totally silent Shirley.

Hot Shot Mays drove up almost before his sister's dust had settled. He was in a terrific hurry to be on his way. He did not bother to exercise his famous charm on Laura. It was not necessary with most mothers. As a rule they were overwhelmingly on his side. Laura knew he would always be like that. Unnecessarily brusque unless forced to be otherwise. But Kathleen for once missed the little telltale pucker between Laura's eyes. Kathleen had worries of her own.

Gene Mays was a bit overpowering. There was no getting around that. He had a smooth way about him when he strove to please. And he had every intention of pleasing Kathleen. She baffled him a little. Other girls struggled to impress him in a big way. Kathleen reversed the process. It was a new experience for Hot Shot Mays to sit in the uncertain seat. Kathleen even laughed when he laddled out what he called "heavy sugar."

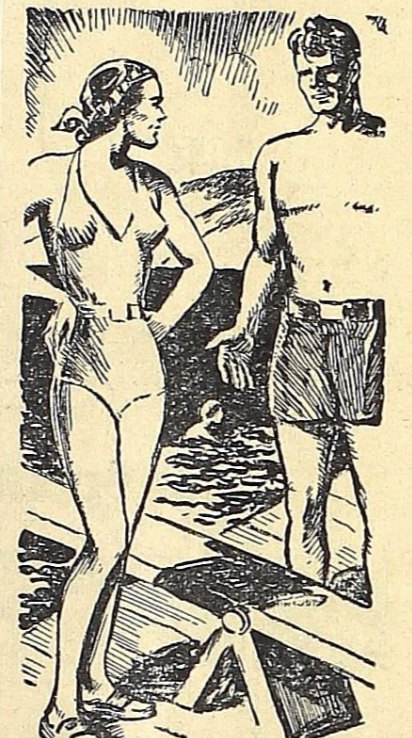

"Maybe I'm boring you," he said at the end of twenty miles, when he seemed to have got no farther fast with his campaign. "Maybe," agreed Kathleen and smiled. By the time they reached their destination Gene Mays felt a little like a dirigible in a high wind, and Kathleen's equanimity was somewhat restored. She might not have made any dent on Ritchie Graham's consciousness, but she had Hot Shot Mays doing acrobatics against his will. He was a big bluff as a menace to female hearts, or so it seemed to Kathleen. She had him pawing the air and she could grin at his best efforts. She felt perfectly the mistress of the situation and decidedly cocky and pleased with herself.

CHAPTER XVI
The new Porterville Swimming Pool was ideally situated on the edge of town in a ravine between two fern-clad hills. There were sixty acres of wooded grounds, a huge outdoor lake fed by springs, a number of rustic dressing huts and the usual diving boards, floats and soft drink stands. But the big dining room, like the dancing pavilion, was more impressive than effective. The food tasted as the mechanical orchestra sounded, a bit tinny.

"Anyway," as Ruth brightly explained while Ritchie was helping her unload hampers and thermos jugs, "it's so primitive to eat out under the trees, don't you think?" "Absolutely," he agreed.

Kathleen darted him a glance. Ruthie was going strong in her own sweet way. But Ritchie appeared to like his flattery rank. If he was even aware that she was hanging around the outskirts, he concealed it. Shirley was helping Ruth collect the various eatables in a sheltered spot. But Connie Mays never put herself to such inconveniences. "I'll bet you a kiss, Jaid, that I beat you into the water," she challenged.

"Say," growled Hot Shot Mays, "did we come out here to swim or what? I'm hot as two firecrackers." "Come on, Hot Shot," cried Kathleen crossly, slinging her bathing

"You sort of make a feller pin his ears back in that outfit," said Hot Shot Mays.

suit over her shoulder, "how's for getting dressed? And don't be all day about it, Tarzan."

When she emerged in her brief one-piece white suit, a scarlet bandana about her head, Hot Shot was waiting for her at the diving platform, but Jaid and Connie were already in the water.

"You sort of make a feller pin his ears back in that outfit," said Hot Shot Mays as his hard blue eyes traveled over Kathleen's lithe young body with the straight sun-burned legs and small pointed breasts. "Listen, Baby, if I was staging beauty contests you could be Miss Universe."

"But you aren't," Kathleen made a beautiful flip-flop in the air for a perfect landing.

He dived after her, hitting the water a split second later. But he failed to overtake her before she crawled up on the raft between Jaid and Connie. The latter looked distinctly annoyed at the intrusion, which did not afflict Kathleen. She even enjoyed it and thought she might stay where she was till Shirley joined them. But Gene Mays had other ideas. He dragged Kathleen off her perch although she fought him like a tigress and sent her to the bottom, clawing and scratching. He howled with mirth when she came up choked and breathless. He managed to pinch her thigh, for which she boxed his ears. But there was no peace from him except to keep swimming just out of his reach. And that was a little wearying.

"The big stiff," she thought angrily, aware of a catch in her side as she dodged one of his sidewise ploys. Jaid swam in to shore to meet Shirley while Connie glowered. It looked as if Ruth was going to get into the water at last. Ritchie was already in his suit and lounging on the end of the pier waiting for her, a cigarette in his mouth. Kathleen paused long enough in her hectic flight from Gene Mays' caveman tactics to observe that Ritchie looked provokingly handsome in his black jersey. She felt she could bear him better if just once he showed to a disadvantage. Hot Shot Mays seized upon her momentary preoccupation with another man to push her head under water until her lungs caught fire. The catch in her side was more pronounced when she again took to flight.

She began to feel a little like a heavy bellows. She tried to edge up to the raft, but Gene yanked her off. She made for the ladder which

led up to the diving platform. Only he was there first, daring her to set foot on a rung. She was beginning to wish that he'd go off somewhere and die for a week or two. Her pointed face took on a slightly haggard look. She did not beg for quarter. Somehow one didn't with Gene Mays. But there was still that catch in her side, only more of it.

A little grimly Kathleen made for the big buoy at the upper end of the lake. It was quite a distance, but ordinarily no swim for her. Nevertheless, strangely it seemed to come no nearer however many strokes she took, and her limbs felt weighted. Lethargy attacked her arms. She glanced over her shoulder. She was quite far away from everybody. Even Gene had paused to fish a pair of water wings from a small girl who was doing her utmost to hang onto them. Kathleen measured the distance between going back and struggling on, and decided the buoy was nearer. Even then it did not occur to her she might not make it.

Again she risked a glance over her shoulder. Hope clanged a brazen bell in her heart. Gene had draped the water wings about his neck and was again swimming after her. Kathleen sobbed once. She knew by the exquisiteness of her relief how nearly she had lost her nerve. She had only to stay afloat till Gene reached her. She turned over on her back. But the cramp in her side doubled her up. She went under, gasped and almost lacked the energy to come up.

"You would run off and make me wear myself out chasing you!" shouted Gene.

He was only a few feet away, flailing water like a porpoise, and laughing uproariously. If he ducked her again—Kathleen was suddenly frantic. She tried to call out, to tell him she was exhausted. But the muscles in her throat locked with panic and fatigue.

"All that goes down is bound to come up!" bawled Gene and made a dive for her feet.

He meant to drag her under. With a terrible bitterness Kathleen realized that he would probably repeat the process with appropriate brays of laughter until finally she did not come up at all. And then he would feel dreadful of course. But she wouldn't be there to witness his remorse. She tried again to call out, failed, and saw Gene gathering his huge muscles for the lunge.

"You damned fool, can't you see she's in trouble?" cried a sharp voice.

But Gene didn't see. He leaped. Only a fist caught him on the jaw and dropped him back in his tracks. "Put your hand on my shoulder," Ritchie Graham commanded Kathleen.

But she was past doing even that. White as death, she slid down into the water. Down. Down. Down. She thought listlessly that it was perilously easy to die. Only Ritchie's hand closed on her shoulder. He had dived after her. They rose to the surface. Keeping one arm about her waist he towed her to the buoy, picked her up in his long strong arms and laid out her full length on her face like a wet paper doll.

After a while Kathleen's shuddering breaths subsided to something approaching normal. She sat up dizzily. "Thanks," she said in an unsteady voice.

"Don't mention it." He did not look at her. Apparently he was a little bored at having dragged her from a watery grave. Or did he realize that it had been as bad as that?

She flushed, and sudden tears burned her eyes. "Maybe you'd better throw me back in it if that's the way you feel about it," she said bitterly.

He turned with one of those quick movements that always surprised her. He was very white. And his gray eyes blazed at her. "I don't trifle, Kathleen," he said in a rough uneven voice. "I told you once before I'm no ladies' man. I wouldn't flirt with you or anyone else."

"I don't know what you mean." "You know exactly what I mean. Ever since the first time I saw you, your eyes have dared me to do this—and this—and this."

His arms were about her. Gripping her in a fierce embrace that hurt. His lips hurt too. Because his kisses were more antagonistic than tender. And they pushed Kathleen across the border of everything she had ever known into a region of strange pain and a heart-breaking ecstasy.

"I hate you!" she blazed. "Do you?" "Yes!"

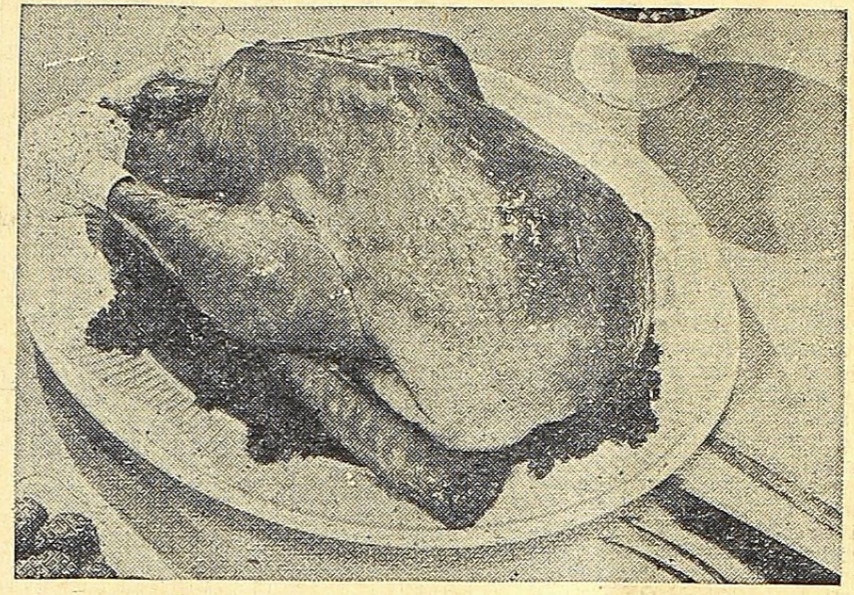

He made her a little mocking bow. "Probably we were meant to hate each other like hell or else—" his voice shook—"to love each other that way."

"I don't love you," she cried. But Ritchie had slid off the float and was swimming to shore.

LET THE GOBBLER STRUT ITS STUFF! (See Recipes Below)

THANKSGIVING

This holiday is ours! As you bustle about and plan this year's Thanksgiving dinner, remember this is the day we give our thanks for the bounteous harvest of the year, for the peace and the prosperity, singularly ours. Remember, too, and cherish the foresight of the Pilgrims who had the courage to start carving out this land of ours!

Yes, this holiday is ours, so let it be filled with the spirit of the day and wholehearted thanks. Some foods are synonymous with Thanksgiving without which the day wouldn't be complete, but don't get into a rut about having the same dinner every year, vary the trimmings a bit and fascinate the family.

Thin wisps of croutons will intrigue if you serve them in the oyster stew.

Oyster Stew. (Serves 6 to 8)
1 pint oysters
4 tablespoons butter
1 quart milk
Salt and pepper

Put cleaned oysters, oyster liquor strained, butter and seasonings in a saucepan and simmer gently until oysters curl at the edges. Heat the milk, add to the oysters and serve at once.

Has the family become a trifle weary of your old stuffing? Then try this savory new one with yummy sausage flavoring which is right at home with either turkey, goose, duck or chicken. The sausage stuffing will do a proud job with stuffed veal, pork or shoulder of lamb:

Sausage Stuffing. (Makes 6 cups)
4 cups soft bread crumbs
½ cup butter
3 tablespoons chopped onion
½ teaspoon salt
Pepper
½ teaspoon sage or thyme
½ cup chopped celery
2 cups sausage in the bulk

Melt butter, add onion and cook until it becomes yellow. Add bread crumbs mixed with seasonings. Mix in chopped celery and sausage. Cook 2 minutes, stirring constantly.

Turkey.
Small birds are allowed 25 to 30 minutes per pound for baking, large birds, 22 to 25 minutes per pound. Your oven should be set at 325 to 350 degrees.

Sweet Potato Puff. (Serves 10 to 12)
4 cups mashed sweet potato
2 tablespoons fat
1 egg

LYNN SAYS:

To clean the turkey, singe it first, then remove the pin feathers with tweezers. Scrub the outside with water. The inside should be wiped with a damp cloth. If there is any foreign odor, a half teaspoon of baking soda may be added to the water with which the turkey is scrubbed.

Allow 1 pound of turkey to each person. Allow 1 cup of stuffing to each pound of turkey. When stuffing, be sure to put some in the neck for this will give the bird a good full shape. Fasten the skin from the neck to the back. Stuff the cavity but do not pack since dressing swells.

For good roasting and easier carving truss the bird, by inserting a long needle through breast, through rib at the base of the thigh. Draw the cord through and bring the string across by pulling the cord through the openings formed by folding the wings triangularly onto the back. Tie the cords.

Insert the needle through the drumstick joints, bring the cord around the tail, through the backbone, and tie securely. Remove cord before serving.

THIS WEEK'S MENU

- *Oyster Stew
- *Roast Turkey
- *Sausage Stuffing
- *Cranberry Orange Relish
- *Sweet Potato Puff
- *Brussels Sprouts
- *Hot Rolls
- Celery Curls
- Pickled Beets
- *Pumpkin or Mincemeat Tarts
- Hot Coffee
- *Recipe Given

Salt and pepper
½ cup milk or ¼ cup evaporated milk and ¼ cup water.

Add the melted fat, seasonings and milk to the potatoes. Beat the egg separately, add yolk first and fold in white to the potato. Place in a buttered casserole dish, set in a pan containing hot water and bake 15 to 20 minutes at 375 degrees until light and puffy. Marshmallows may be placed on top of casserole during last 7 minutes of baking time.

With all the soft food of the meal, you'll want something crispy and tart as a relish.

Cranberry-Orange Relish. (Serves 12)
2 cups cranberries, cleaned, washed
2 oranges, whole
1 cup sugar

Grind all the fruit together by putting through a coarse food grinder. Mix the ground fruit with sugar and let stand about an hour before serving.

Brussels Sprouts.
Brussels sprouts lend a bright touch of green when served plain with butter or crumbled, cooked chestnuts. Pick the dead leaves off the sprouts, then soak them in cold salted water for ½ hour. Wash and put in boiling water and let cook until just tender, about 15 to 17 minutes. Drain, reheat, and serve after seasoning.

Magic Yeast Rolls.
3 cups bread flour
1 teaspoon salt
½ cup butter
3 eggs
1 teaspoon vanilla
½ cup sugar (rolled in later)
1 tablespoon sugar
1 cup chopped nuts
½ cup milk
½ cup hot water
2 packages granular yeast

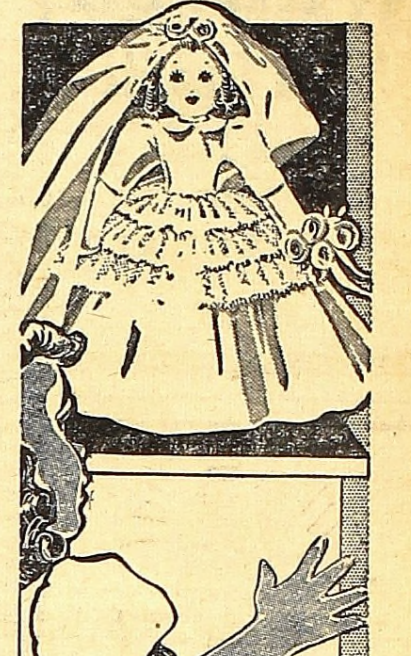

Sift flour. Add to 1½ cups of flour the salt and shortening. Combine as for pie crust. Combine milk and hot water. When luke-warm, add yeast and 1 tablespoon sugar. Combine with first mixture; beat until smooth. Cover and let stand 20 minutes. Add eggs, vanilla and the rest of the flour. Stir until it becomes a smooth, sticky dough, but stiff. Tie dough into a clean cloth (wring out in cold water first). Drop in a pail of cool water. In an hour the dough will rise to the top. Remove and turn on a platter and cut into pieces the size of an egg. Roll in sugar and nut mixture. Twist into figure eights. Shape and turn onto a greased pan. Let stand 5 minutes and bake 10 minutes at 425 degrees F.

Remember how mother used to make her pumpkin pie and tarts the day before and how good they always tasted after they stood in the cool pantry overnight? Why not try it this time? It'll save you a great deal of fuss on the big day itself besides giving the tarts a chance to mellow and ripen for extra good flavor.

Pumpkin Filling. (Makes 1 large pie or 10 to 12 tarts)
1½ cups prepared pumpkin
¾ cup brown sugar
1 teaspoon cinnamon
½ teaspoon ginger
1 teaspoon salt
2 eggs
1½ cups milk

For fresh pumpkin, steam or bake until soft and put through a sieve. Add remaining ingredients in order given. Turn into crust lined pie tin or tart pans and bake first in a very hot (450 degrees) oven, then reduce temperature to 325 degrees and bake 25 minutes.

TO YOUR Good Health

by DR. NATHAN S. DAVIS, III

MOST ACCIDENTS IN YOUR BEDROOM

More serious accidents occur in your homes than on the highways and, still harder to believe—the bedroom is the most dangerous place in the house for such accidents.

In 1936, home accidents caused 38,500 deaths and 170,000 serious injuries while 37,800 were killed and 105,000 seriously injured in the much publicized highway accidents.

Mothers worry about their children being injured on the highways while traveling to and from school, yet it is a fact that four times as many boys and girls are seriously hurt at home.

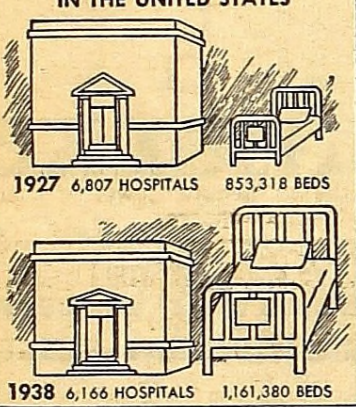

The most frequent of fatal accidents for children under 15 years of age were burns and scalds. For those in the 25-64 age range, falls were the cause of nearly one-third of the deaths and in the older age group they were responsible for 75 per cent of the fatal accidents. Between them, burns and falls cause two-thirds of the accidental deaths in the homes.

Of these deaths, 27 per cent occur in the bedroom; 14 per cent in the living room; 13 per cent in the kitchen; 9 per cent on stairways; 7 per cent in the dining room; and 4 per cent in the bathroom. Other places in the home account for 3 per cent while only 23 per cent of these accidents occur on the grounds and outside of the house.

Most common of home accidents are falls with burns and scalds a close second. Next in order are poisoning (gas excepted), absorption of poisonous gases, mechanical suffocation and accidents brought about by firearms.

Bill-boards are used to show the number of fatal and non-fatal accidents in an area in comparison with a previous year. But who has ever

HOSPITALS and HOSPITAL BEDS IN THE UNITED STATES

seen a bill-board showing the number of fatal and non-fatal accidents caused by falls, burns, scalds and other home accidents?

What judge has ever sent the mother of a child who has been slightly burned or, a youngster suffering from a broken bone, to look at the pitifully burned, scarred and disabled children in a public hospital or to see the fracture wards full of those injured in falls at home?

Almost daily smashed cars are pictured in the newspapers but the rugs, stools and, yes, dogs, which many stumble and fall over with serious results do not appear in the press. Neither are there pictures of the dark stairs, the chairs and tables used as ladders, the broken steps, slippery floors and walks and other common causes of falls in the home.

A good deal is written about the danger of scalds and burns and of deaths from poisonous gases, especially carbon monoxide gas from automobile motors, but not nearly as much as about highway accidents. Perhaps one reason for this is that all automobile accidents are listed together whether they be those occurring at railroad crossings, at highway intersections, between intersections on highways, or jay-walking or those caused by children running in front of slow moving cars. On the other hand home accidents are written separately, printed in various sections of the newspapers and, consequently, are not so noticeable.

Twenty-eight safety rules for the home, which were prepared by the American Red Cross, National Safety Council, Metropolitan Life Insurance company and others will be furnished to all who send in a self-addressed, stamped envelope to Dr. Nathan S. Davis III, Winnetka, Ill.

To one who waits for health, a moment seems a year.

Q.—I am an expectant mother and have several teeth that need to come out. My dentist wants me to take gas. Will it have any effect on my baby if I do? Mrs. M.

A.—Taking gas will not have any effect on your baby unless it is given for a long period.

Q.—Is there any permanent effect to being knocked unconscious? E. J.

A.—Sometimes there is but more often no effects can be found.

Ocean Their Mail Box

Because St. Kilda, an island off Scotland, was inaccessible most of the year, its citizens, before their evacuation about a decade ago, used to "post" their letters in sheepskin bags and toss them into the ocean. Some were picked up by ships, others were carried by a current 500 miles across the North sea to the coast of Norway, where they were found and their contents mailed.

When the shopping list is long, and the purse none too full, cigarettes and smoking tobacco come to the front as ideal gifts for the holiday season. Tawas City School Notes

SHOP NEWS

A lost and found box for the study hall has been made. An easel has been made for the primary grades. The senior boys have their smoking stands nearly completed. Two ninth grade boys are making two horse eveners.

Henry W. Longfellow quoted: "Choose the timbers with greatest care;

Of all that is unsound, beware! For only what is sound and strong To this vessel shall belong."

A few of the many uses of trees are here stated:
Trees give us food.
Wood gives us warmth.
Forests protect us from draughts.
Trees beautify home-sites and parks.
Wood builds our homes and equips them with furniture.
Wood supplies many of the comforts and conveniences of life.

DEBATING

Pinconning defeated Tawas City by a narrow margin Friday evening, November 7. Our debaters were Ruth Herriman, Philip Ross and Helen Krumm.

The next debate will be held at home with East Tawas in the near future.

SPORTS

The Tawas City High School Basketball team played a practice game with the East Tawas team at the Community building last Thursday. Tawas City won 17 to 15. Brown was high point man for Tawas City.

HOME ECONOMICS

The home economics girls have been working on the task of planning a dinner for the past two weeks. The periods have been spent in planning market orders, preparing time schedules, the menu, and so forth. Finally the big day arrived and an onlooker would have seen a room of busy, ambitious, and slightly puzzled girls. The class was divided into two groups, each group invited a guest. The menu consisted of meat loaf, corn, cabbage salad, mashed potatoes and gravy, bread and butter, chocolate cake and tea. Of course there were a few exceptions to the otherwise splendid meal and an enjoyable time was reported by the guests.

The class is now busy planning a Thanksgiving tea for the faculty and senior class. We hope this will also be successful.

BAND NEWS

A Free Band Concert will be presented Thursday evening, November 27, at the High School auditorium. Everybody is welcome and cordially invited to attend. Be sure and don't miss our drum majorettes in action, the marches, the army marching songs and a "Wedding Ceremony" in ryme and rhythm!

Come and encourage these young musicians; they are working hard and need your support in the form of good attendance.

Remember the date: Thursday evening, November 27!

COMMERCIAL ROOM

The Tawas City School Board has announced the order of four new Royal typewriters. The typing students will appreciate and enjoy this aid to more practice periods.

The next edition of The Highlight will be typed on stencils. Mr. Fenske is bringing a mimeograph machine to school to be demonstrated.

The typing students have completed learning their keyboard.

KINDERGARTEN—FIRST GRADE
Our floor has been varnished. Miss Brosi went to Flint. She brought us a picture book. We have Thanksgiving pictures on the walls.

We write Thanksgiving works. We sing Thanksgiving songs. We draw Thanksgiving pictures. We draw Pilgrims and Indians. We draw turkeys.

We draw fruit. We draw the Mayflower. We folded paper to make a ship. We called it the Mayflower.

SECOND GRADE
We are glad to have two swings to play with. We take turns. Each person gets twenty swings a turn.

James Minard is back after being absent because of mumps. Arnold Dumm, Larry Clements, Rosalin Gackstetter and James Period have been absent because of illness.

Mrs. Ruckle was our teacher Thursday and Friday.

We made calendars for November with turkeys on them.

We learned to salute the flag and talked about the meaning of the words in the salute.

The following had all their spelling words right on Friday: Shirley Allen, Betty Lossing, Margaret Mark, Nancy Rollin, Norman Westcott.

We are glad to have some more plants in our room. Mrs. Edward Stevens gave them to us.

THIRD and FOURTH GRADES
We enjoyed our Hallowe'en party on Friday afternoon, October 31. We dressed up as ghosts, witches and tramps, and marched with the band to the Ward school and back. We were treated with candy at Mr. Rollin's gas station. At our party we

had pop-corn, cookies, apples and cheerios.

Our grades organized a club last week. The name is "The Secret Club." Our officers are: Bruce Myles, president; Frances Yanna, vice president; Jerry Gracik, secretary.

We meet each Friday afternoon at our English class time.

EIGHTH GRADE

In arithmetic class we've been studying about our food and where it comes from. First, we studied bread, how it is made, supplied, and how many loaves it would take to supply a city of 100,000 population, etc. We are studying about our milk supply.

In history we've been studying about the Spanish-American War and our Latin-American neighbors and possessions. The eighth grade girls have participated in the volley ball games held at noon recently. Most of them enjoy this new game.

The English class has been concentrating on writing a Christmas play about "Pedro's Gift." Miss Ricker says we are getting along very nicely.

The girls in the home economics class served a breakfast the seventh hour on November 10.

Their menu consisted of: tomato juice, all-bran muffins, butter, jelly, sausage, milk.

The centerpiece was composed of grapes, bananas, pears, apples and oranges.

The guests invited were Daniel Ostrander, Clifford Anschuetz, Herbert Blust.

NINTH GRADE

With about \$22.50 in their treasury, the ninth graders don't feel like doing anything at the present time, though the tests in algebra have kept them quite busy.

The boys are still on drafting woodwork, but the girls are getting prepared for a buffet dinner.

The biology class has been diminished from about 40 to 28. Most of the girls are in a new class called science of the home.

TENTH GRADE

At our meeting last Friday, we decided to give a prize to the person holding the lucky number at our bake sale. This lucky will be among the numbers given to each purchaser of twenty-five cents worth of goods.

The English class is now studying from their literature books.

We plan to have skating parties and trips to Silver Valley this winter.

ELEVENTH GRADE

The students of the English class are studying "The Decline of the Renaissance." They are also reading selections for that chapter.

The students of U. S. history have completed the chapter on "The Confederation and the Constitution." So far it has been studied thoroughly. We hope something has been learned.

Red Cross, OCD Look to Volunteers For Civil Defense

Washington, D. C.—To the question, "What can I do for America?" the Red Cross is providing an answer for hundreds of thousands of men and women who want to do their part on the civilian defense front.

For women, the Red Cross is providing an 80-hour training course to recruit a corps of 100,000 Nurse's Aides. It is the Red Cross' newest project, undertaken at the request of the U. S. Office of Civilian Defense to relieve the current pressure on nursing facilities.

With thousands of nurses being taken into military service with our armed forces, civilian nursing has suffered a direct blow, the Red Cross points out. Moreover, the defense program has created additional health problems which has heightened the need for civilian nursing.

Red Cross Nurse's Aides will serve as assistants to registered nurses, performing scores of important duties which will enable nurses to care for more cases. The Red Cross stresses that Nurse's Aides will not take the place of the registered nurse, but will serve in an auxiliary capacity.

On the more dramatic side of civilian defense, the Red Cross is gearing its far-flung disaster fighting machine to handle mass feeding, housing and clothing of ex-cenees under wartime conditions. In cooperation with the Office of Civilian Defense, chapters are strengthening disaster relief committees to cope with man-made disaster much on the same scale as relief operations following natural catastrophe. Organization along these lines include preparedness measures for fires, explosions and epidemics which may be expected to result from accelerated industrial activity incident to national defense or sabotage.

Strictly as a precautionary measure, the Red Cross is devising means of confronting emergency relief in the event of sporadic air or sea attacks, considered conceivable hazards in some coastal and boundary areas.

The need for First Aid in civilian defense has not been neglected by the Red Cross. Last year nearly 600,000 were trained in emergency treatment of the injured. This year the figure is expected to go much higher with special emphasis being placed on the formation of detachments which would serve as units in factories, office buildings, schools and other places where persons are concentrated.

Red Cross courses in Home Nursing and in Nutrition also are being expanded as a feature of the civilian defense program, it was pointed out. Mounting health hazards and the shortage of civilian nurses may at any time obligate the housewife—or even the man of the house—to assist in caring for the sick. Likewise, the Red Cross is placing greater emphasis on Nutrition courses designed to teach householders the art of purchasing and preparing well-balanced meals within the range of the family pocketbook.

Urge to Kick Cop

The Very Rev. Edmund J. Reilly of a Brooklyn church found a note on the collection plate signed "Patrick Gunn," inviting the good man to step outside after mass for a fist fight.

In Minneapolis a pretty woman walked up to a policeman and without ado kicked him smartly on the shin. He said "ouch," and she let him have another. Her explanation for such quaint conduct was simple. "All my life," she told the judge, "I've wanted to kick a cop."

SAVE 10 TO 15% ON GAS! WITH GENERAL MOTORS' PROVED

SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE

NO CLUTCH TO PRESS!

NO GEARS TO SHIFT!

*Optional at Extra Cost

MOST EVERYONE knows Hydra-Matic Drive* is a work saver. But few realize that it's a gas saver, too. Here are the facts: Hydra-Matic is engineered with four speeds forward. That permits slower engine speeds. In fourth speed, for example, 1,000 engine revolutions will propel your Olds Hydra-Matic 2,130 feet as against 1,700 feet for a similar car with standard transmission. Hence, you get more mileage on gas—or, conversely, save gas on any given trip. Then, too, Hydra-Matic's automatic shifting prevents lags and consequent waste of fuel. The net result—gasoline savings of 10 to 15 per cent. Why not drive the easy Hydra-Matic way—in a new Olds B-44—and be money ahead on gas!

*Trade-ins apply on down payments. Monthly payments are available.

DEFENSE COMES FIRST WITH OLDSMOBILE!

Oldsmobile's great productive capacities are devoted first to the manufacture of artillery shell and airplane cannon. Remaining facilities are employed in producing, in limited number, Oldsmobile's new B-44—a car that's stamina-styled and stamina-built. Thus, Oldsmobile contributes both munitions and materials to national defense.

OCTOBER SESSION, 1941

Monday, October 13, 1941
The Board of Supervisors for the county of Isosco met at the courthouse in the city of Tawas City, on Monday, the thirteenth day of October, A. D. 1941, in regular Annual October session, as set by statute.

Board called to order at 9:30 a. m. by Chairman Black, who ordered roll call. Present: Supervisors Anderson, Bellville, Black, Brabant, Burgess, Cross, Hatton, Kobs, Leaf, Brayman, Powell, Sabin, Schmalz, Schneider, Van Patten. Quorum present.

Communication from the City Clerk of East Tawas authorizing H. G. Bullock to serve on the board in place of Carlton Merschel was read. Moved by Bellville, supported by Brabant that Harold Bullock be given a seat on the board. The motion prevailed.

Communications were read and referred to the proper committees by the Chairman.

The Clerk read the Dog Warden report: Isosco County, 1941.

Number of dogs taken 91
Number of dogs gassed 84
Number of dogs redeemed 7
Number of days canvassing Co. . 56
Amount of money collected . . \$277.00

Clarence Greenwood, Lawrence Fortune.

Moved by Leaf, supported by Burgess that report of Dog Warden be accepted and adopted. The motion prevailed.

The Clerk read a letter of resignation from Elmer V. Sheldon. The matter was passed for the present time.

Clerk read report of Drain Commissioner.

ANNUAL REPORT OF COUNTY DRAIN COMMISSIONER

To the Board of Supervisors of the County of Isosco:

In compliance with the provisions of Sec. 1 of Chap. II, of Act No. 316, of the Public Acts of 1923, I have the honor to submit my Annual Report as County Drain Commissioner of said county of Isosco covering the period from the 1st day of October A. D. 1940, to the 1st day of October A. D. 1941.

1. The following named drains were left unfinished at the date of my last report. The Pink Extension drain: This drain is an inter-county drain affecting the counties of Arenac, Isosco and Ogemaw. In my Annual 1940 report I stated that the Contractors Geo. Smith & Son, on Sept. 17, 1940 reported that they had completed this drain. I also reported that the Engineer R. D. McNitt, claimed that part of the drain did not have the required depth; the Drainage Board then served notice on contractors, to complete job or the board would relet that portion of drain, contractors then instituted injunction proceedings in the Arenac County Circuit Court. On the 10th day of June 1941 the Drainage Board settled with contractors by deducting \$450.00 from contract price, with the consent of Circuit Judge Frank Doty, without cost to either party. Balance for which orders had not been issued Oct. 1, 1940, of Isosco Co. share was \$698.73, orders issued during past year \$572.98 leaving Bal. for which orders had not been issued at this date of \$116.75. The Pink Extension Drainage Board also had the contractors remove 18,124.1 yards of soil from lower end of this drain not included in contrast. Total cost for this work amounting to \$1694.33. Isosco Co. pays 31% of same or \$525.33 for which orders have been issued.

2. The following named drains have been begun, constructed, and completed by me during the year to-wit: None.

Obstructions removed from the following named drains:
McMullen Drain, bal. on hand in this fund Oct. 1, 1940 \$17.32
Issued order to Carl Norris for removing five beaver dams from this drain, Order No. 1096, Sept. 5, 1941 15.00
Oct. 1, 1941, bal. in this fund 2.32a

3. The following named drains have been begun by me, during the year, and are only partly completed, to-wit: None.

4. The following named drains have been applied for, but not established, during the year, for the reasons given in each instance, to-wit: The Parent drain, located in Sherman township, petitioned by Harold Parent and others, described as follows: Commencing at the N. E. corner of Sec. 27 following course of highway ditch on west side of highway between Secs. 26 and 27 south for a distance of one mile, thence running east on Sec. line between Secs. 26 and 35 and 25 an 36 to Pink drain.

This drain has not been established for the reason that the engineer has not finished the survey of same or established the drainage district.

I also received petition from Arenac County Road Commission, and others, for the building of water control gate in the Pink drain, at or near the junction of said Pink drain extension, the Pink drain and the East Branch of Au Gres river, located in Whitney township, Arenac county, Michigan. This being a joint proposition affecting the counties of Arenac, Isosco and Ogemaw, John Hudson, deputy county of agricul-

ture, called a meeting of the drainage board, to be held in Whitney township, on the 11th day of Sept. 1941. At the meeting it was determined by the board that the water-control gate was not necessary.

And I do hereby certify that the above embraces a full and true report of all the drains constructed, finished, or begun under my supervision, or applied for during the year now ending, and that the financial statement of each drain, submitted herewith, is true and correct.

All of which is respectfully submitted. George W. Schroeder, County Drain Commissioner, of the County of Isosco.

Dated at McVoor Michigan, this 1st day of October, A. D. 1941.

Referred to committee on Drains and Ditches.

The Clerk read the Annual Report of the County Clerk on receipts and expenditures from the General Fund for year ending September 30, 1941 and the report was referred to the Finance and Apportionment committee.

Supervisor Kobs read his report on the combined convention of State Associations of Supervisors and County Welfare Boards.

The committees were ordered to their duties, by the Chairman, the balance of the board to be at ease subject to the call of the Chair.

The board was called to order at 12:00 noon by the Chair and it was moved by Hatton, supported by Bellville, and the motion prevailed that the board recess until 1:30 p. m. same day. The board so recessed.

Afternoon Session

The board was called to order at 1:30 p. m. by the Chairman, who ordered roll call. Present: Supervisors Anderson, Bellville, Black, Brabant, Cross, Hatton, Kobs, Leaf, Brayman, Bullock, Powell, Sabin, Schmalz, Schneider, Van Patten, Burgess. Quorum present.

The Committees were ordered to their duties by the Chairman the balance of the board to be at ease subject to the call of the Chair.

The board was called to order again at 5:00 p. m. Moved by Van Patten, supported by Cross that the board recess until 9:30 a. m. next day. The motion prevailed.

Tuesday, October 14, 1941
The Board of Supervisors of the county of Isosco met at the court house in the city of Tawas City, on Tuesday, the fourteenth day of October, A. D. 1941, in continued October session.

The board was called to order at 9:30 a. m. by the Chairman who ordered roll call. Present: Supervisors Anderson, Bellville, Black, Brabant, Burgess, Cross, Hatton, Kobs, Leaf, Brayman, McCuaig, Bullock, Powell, Sabin, Schmalz, Schneider, Van Patten. Quorum present.

The minutes of the preceding session October 13, 1941 were read and approved.

The Clerk read the annual report of the County Road Commission as follows:

ANNUAL REPORT
East Tawas, Michigan, October, 1941
To the Honorable Board of Supervisors, Isosco County, Michigan.

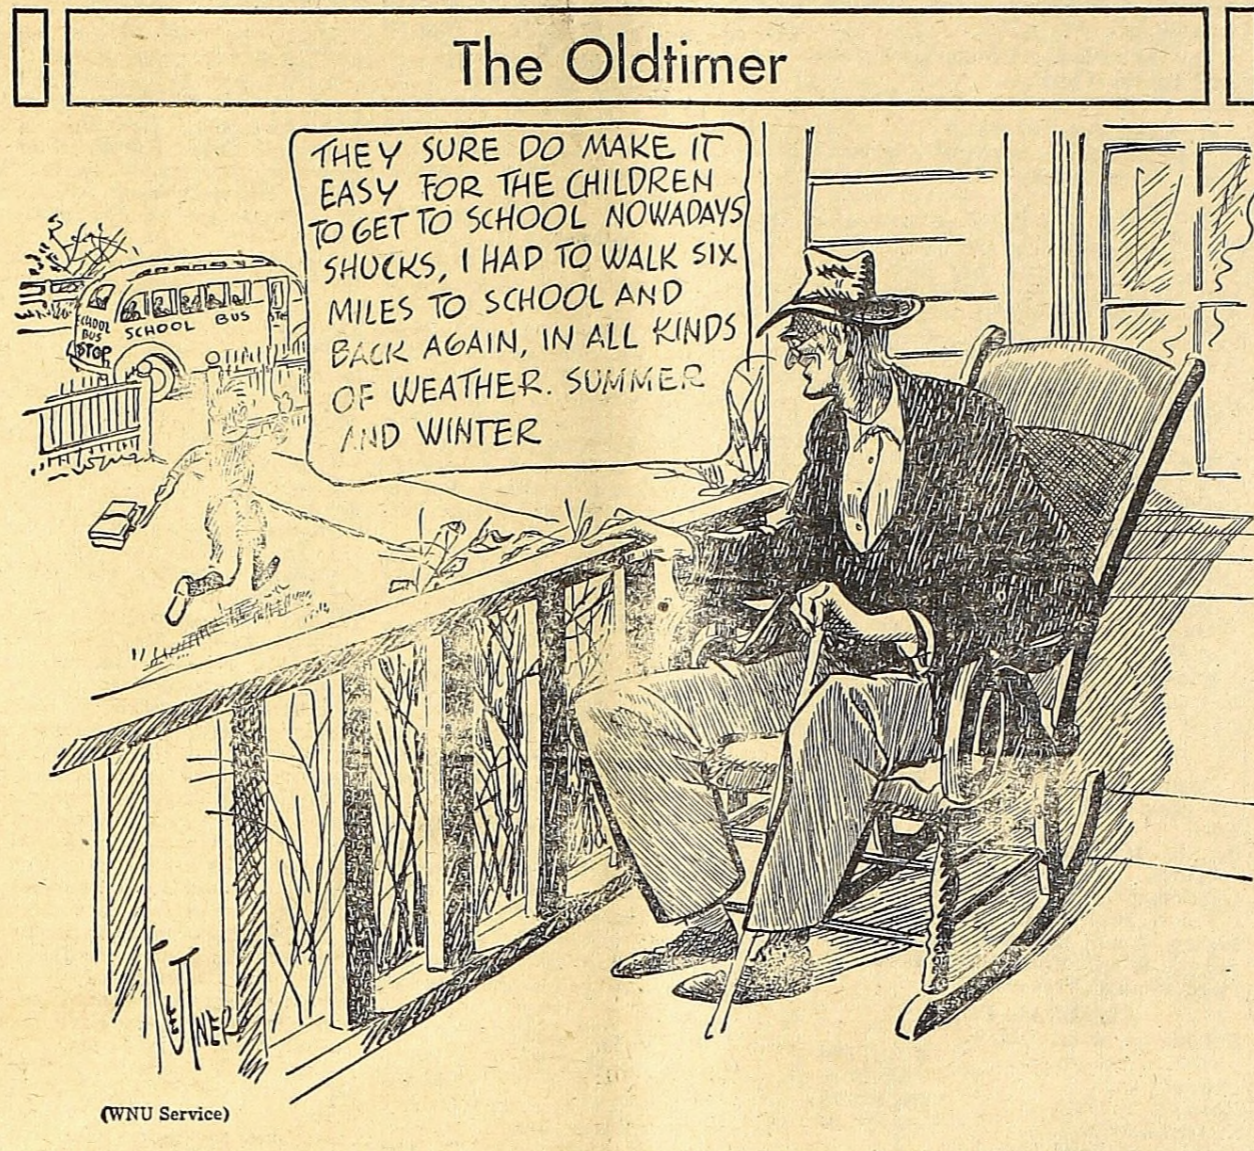

Complying with the statute relative thereto, we take pleasure in submitting to the Board of Supervisors and the people of Isosco county our forty-second annual report showing monies received and disbursed to-morrow with a statement showing maintenance and betterment.

Board of County Road Commissioners of the County of Isosco, Michigan.
By: Ernest Crego, chairman; Elmer Britt, member; John Mielock, member.

FOREWORD
This year no grade improvement was planned. It was thought better to cover, with stone, some of those grades already improved. An unusual spring for frost breaks has added greatly to our maintenance expense.

We have produced 12,400 cubic yards of limestone since the first of the fiscal year and plan to keep running the plant until some of the worst bad stretches have been covered. We also plan to provide stock piles at several points.

Black top construction shown in this report was carried on last fall during the wet season. The unusually bad weather made it necessary to resurface all of this work again in June in order to save it. We plan to continue with several miles of black top construction each year.

McNITT ROADS

There were two classes of roads included in the provisions of Act No. 130 of the P. A. of 1931 known as the McNitt-Holbeck-Smith Bill, which required the County Road Commission to take over and incorporate into county roads systems all of the township roads as they existed on January 1, 1931, and the streets and alleys on recorded plats not included in incorporated cities and villages, were to be taken over and incorporated into the county road system on the year following adoption of the township roads; as a result of this action, 690.1 miles of township roads which includes used streets in plats have been added to the county road system making a total of 786.6 miles of highway in the county's system. This Act provided that the sum of \$4,000,000.00 per year should be taken from the gasoline tax collections and allocated to the several counties of the state for maintenance and improvements of the McNitt roads including streets and alleys which amounts to approximately \$54.00 per mile.

In regard to condition at the Co. Farm. We find all stock and buildings in very good condition and well taken care of. The new dairy barn built this summer is a very nice barn, well equipped and a building that the people of Isosco co. can be proud of.

We also recommend that the Isosco Co. dept. of Social Welfare build a hog house to shelter the hogs. Respectfully submitted; Theo. Bellville, Harry Cross, E. G. Burgess.

Moved by Bellville, supported by Cross that the report of the County Farm Committee be accepted and adopted. The motion prevailed.

Mr. Hellerman, Attorney for Mrs. Nellie Brooks addressed the board at this time, regarding compensation to Mrs. Brooks for her work in the Bobby Kenyon case.

The committees were ordered to their duties, by the chairman, the balance of the board to be at ease subject to the call of the chair.

The board was called to order at 11:50 by the chairman.

Mr. Steiner of the State dept. of Agriculture addressed the board at this time regarding county apirary inspection.

Moved by Cross, supported by Anderson that the board recess until 1:30 P. M. same day. The board so recessed.

Tawas City, Mich., Oct. 21, 1941

To the Honorable Board of Supervisors of Iosco County.

Gentlemen:

Your committee on County Officers Salaries to whom was referred the matter of an increase in salary for the office force of the County treasurer have had the same under consideration.

It is the opinion of this committee that the increase should not be granted.

Respectfully submitted, F. L. Brabant, Harry Van Patten, Frank Schneider, H. Brayman.

Moved by Brabant, supported by Schneider that the report of the Salaries committee be accepted and adopted on the following roll call: Yes—Supervisors Anderson, Bellville, Brabant, Burgeson, Cross, Kobs, Brayman, Klenow, Powell, Schmalz, Schneider, Van Patten—12. No—McCuaig—1. Absent—5.

Supervisor Brabant read the following report of the Salaries committee.

To the Honorable Board of Supervisors of Iosco County.

Gentlemen:

Your committee on County Officers Salaries to whom was referred the matter of an office expense allowance for the County School Commissioners have had the same under consideration and hereby recommend that an annual allowance of \$200.00 be granted. This allowance to be made effective Nov. 1, 1941.

Respectfully submitted, F. L. Brabant, Harry Van Patten, Frank Schneider, H. Brayman.

Moved by Brabant, supported by Brayman, that the report of the Salaries committee be accepted and adopted on the following roll call: Yes—Supervisors Anderson, Bellville, Brabant, Burgeson, Cross, Kobs, Brayman, Klenow, McCuaig, Powell, Schmalz, Schneider, Van Patten—13. Absent—5.

Moved by Powell, supported by Bellville that the board recess until 9:30 a. m. next day. The motion prevailed.

Wednesday, October 22, 1941

The Board of Supervisors for the county of Iosco met at the court house in the city of Tawas City, on Wednesday, the twenty-second day of October A. D. 1941, in continued October session.

The Board was called to order at 9:30 a. m. by the Chairman who ordered roll call. Present: Supervisors Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Schmalz, Schneider, Van Patten—17. Absent—1.

The minutes of the preceding session (10-21-41) were read and approved.

Supervisor McCuaig read the following report of the Roads and Bridges committee.

Honorable Board of Supervisors Gentlemen:

Your committee on Roads and Bridges beg leave to report as follows:

Alabaster township, roads in fair condition except they should have more maintenance.

Au Sable township, the roads were in fair condition but we found a very dangerous condition at the railroad crossing on old 23. The sand banks are so high the driver of a car can not see a train until they get on the railroad track and several have been killed on this crossing we recommend the Road Commission remove this bank and give clear vision to the driver of a car; also in Au Sable township we recommend grading road between Secs. 10 and 15 going from U. S. 23 pavement to Lake Huron.

Baldwin township, we recommend surfacing John Davis road. The rest of the roads are in fair condition.

In Burleigh township we recommend hard surfacing the Kelly road along the McLean place. We recommend the repairing of the road running south from the Victor St. James farm. We also recommend a mile of black top west of the Whittemore school.

In Grant township we recommend a new bridge on the Sand Lake road and further recommend some gravel

on the Chas. Brown road and on the hill on the Meadow road east of the Chas. Deming place.

In Oscoda township we recommend the raising of road between the bridge and cemetery in the Indian Settlement, as cars cannot get through in wet weather; the lowering of the highway on the road east of Van Etan lake railroad crossing and clearing brush so a clear vision can be had from both ways; the draining of low places on this road, also the north side of Au Sable river road be drained in low places.

In Plainfield township we recommend the graveling of the Will Nun road on the hills and flats. We also recommend the grading of the Art Askin road to South Branch corner for 80 rods; also to grade road from Hale cemetery to Bass lake, 1 mile. Also to grade a road to Jose lake taking the most convenient and accommodating route, gravel on the Curtis hills and something should be done with the road west of Hale to the county line as this road carries a heavy traffic, but is very bad in wet weather.

In Reno township we recommend the repair of the railing on the bridge on the William Latter road; also graveling the road from the Reno town hall to the Baptist church, also repairing the Lester Robinson road.

In Sherman township, we recommend the graveling of the Power Line road also a bad culvert 40 rods north of pine tree on McVior road. The road east of Sherman town hall should be improved. The road near Bill Norris' place should be gravelled.

In Tawas township, we recommend repairs on the road between Sec. 33 and 34, ditch cutting out the road bed. This is a very dangerous place. Also Stewart corner, a tube across in front of the Grant Bessey place on the Townline road.

In Wilber township we recommend a tube across the road at McMullen corner to take the water south instead of east. At Emil Cholger's east corner a tube should be placed across the road as the present tube cannot take all the water. The William Green road should be graded and ditched.

We further recommend that the shoulders of all roads in the county be cut down to ditch bottom in the coming year when weather conditions are right to do so. Also to purchase all gravel possible at the pit at the Five Channels dam as this is the closest to Plainfield township, Oscoda township, Wilber and Baldwin townships. As the south west corner of gravel is in the south west corner of the county we feel this will be a big saving to the county.

We also recommend black topping a piece of the Sand Lake road if funds will permit.

Respectfully submitted, Harry Van Patten, Lloyd McCuaig, Ferdinand Schmalz.

Moved by McCuaig, supported by Van Patten that the report of the Roads and Bridges committee be accepted and adopted on the following roll call: Yes—Supervisors Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Schmalz, Schneider, Van Patten—14. Absent—4.

Moved by Leaf, supported by Cross that the matter of appointing a member to the Department of Social Welfare Board be made a special order of business at 2:30 p. m. The motion prevailed.

The committees were ordered to their duties by the Chairman the balance of the Board to be at ease subject to the call of the Chair.

The Board was called to order at 11:30 a. m. by the Chairman.

Mr. Finley presented his summarized report of his activities and accomplishments during the year.

This report was referred to the Agricultural committee.

Supervisor Burgeson read the following report of the Finance and Apportionment committee.

Tawas City, Mich., Oct. 22, 1941

To the Honorable Board of Supervisors:

Gentlemen:

We, members of the Finance and Apportionment committee to whom was referred the communication from the State Association of Supervisors have had the same under consideration and beg leave to report as follows: we recommend that we appropriate the sum of \$10.00 for membership dues to said association. We further recommend that a delegation of three members consisting of the Chairman of the Board and two other members appointed by the Chairman be authorized to attend the Annual Meeting of the association to be held

at Lansing, on January 27, 28 and 29. Respectfully submitted, E. G. Burgeson, Ferdinand Schmalz, Wm. Hatton, Harry Cross, H. R. Powell.

Moved by Burgeson, supported by Cross that the report of the Finance and Apportionment committee be accepted and adopted on the following roll call: Yes—Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Sabin, Schmalz, Schneider, Van Patten—16. Absent—2.

The Chair appointed Supervisors Schmalz and Schneider to attend the State Association of Supervisors at Lansing, Michigan, in January.

Supervisor Burgeson read the following report of the Finance and Apportionment committee.

Tawas City, Mich., Oct. 22, 1941

To the Honorable Board of Supervisors of Iosco County.

Gentlemen:

We, the Finance and Apportionment committee have had under consideration the matter of spreading the sum of one hundred sixty-nine dollars and forty-six cents, (\$169.46) for the Pink Drain Extension. We feel that this amount is too small to be spread on the county at large. Therefore we recommend that the County Treasurer be authorized to transfer the sum of \$169.46 from the County General Fund to the Pink Drain Extension Fund.

Respectfully submitted, E. G. Burgeson, H. R. Powell, Harry Cross, Wm. Hatton, F. Schmalz.

Moved by Burgeson, supported by Powell that the report of the Finance and Apportionment Committee be accepted and adopted on the following roll call: Yes—Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Sabin, Schmalz, Schneider, Van Patten—16. Absent—2.

Moved by Van Patten, supported by Kobs that the Board recess until 1:30 p. m. same day. The motion prevailed.

Afternoon Session

The Board was called to order by the Chairman who ordered roll call. Present: Supervisors Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Sabin—12. No—Burgeson, Schmalz, Schneider, Van Patten—4. Absent—2.

Moved by Burgeson, supported by Hatton that the Finance and Apportionment committee report on the spreading of the different taxes be accepted and adopted on the following roll call: Yes—Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Sabin, Schmalz, Schneider, Van Patten—16. Absent—2.

Supervisor Sabin read the following report of the Claims and Accounts Committee No. 2.

on the Chas. Brown road and on the hill on the Meadow road east of the Chas. Deming place.

In Oscoda township we recommend the raising of road between the bridge and cemetery in the Indian Settlement, as cars cannot get through in wet weather; the lowering of the highway on the road east of Van Etan lake railroad crossing and clearing brush so a clear vision can be had from both ways; the draining of low places on this road, also the north side of Au Sable river road be drained in low places.

In Plainfield township we recommend the graveling of the Will Nun road on the hills and flats. We also recommend the grading of the Art Askin road to South Branch corner for 80 rods; also to grade road from Hale cemetery to Bass lake, 1 mile. Also to grade a road to Jose lake taking the most convenient and accommodating route, gravel on the Curtis hills and something should be done with the road west of Hale to the county line as this road carries a heavy traffic, but is very bad in wet weather.

In Reno township we recommend the repair of the railing on the bridge on the William Latter road; also graveling the road from the Reno town hall to the Baptist church, also repairing the Lester Robinson road.

In Sherman township, we recommend the graveling of the Power Line road also a bad culvert 40 rods north of pine tree on McVior road. The road east of Sherman town hall should be improved. The road near Bill Norris' place should be gravelled.

In Tawas township, we recommend repairs on the road between Sec. 33 and 34, ditch cutting out the road bed. This is a very dangerous place. Also Stewart corner, a tube across in front of the Grant Bessey place on the Townline road.

In Wilber township we recommend a tube across the road at McMullen corner to take the water south instead of east. At Emil Cholger's east corner a tube should be placed across the road as the present tube cannot take all the water. The William Green road should be graded and ditched.

We further recommend that the shoulders of all roads in the county be cut down to ditch bottom in the coming year when weather conditions are right to do so. Also to purchase all gravel possible at the pit at the Five Channels dam as this is the closest to Plainfield township, Oscoda township, Wilber and Baldwin townships. As the south west corner of gravel is in the south west corner of the county we feel this will be a big saving to the county.

We also recommend black topping a piece of the Sand Lake road if funds will permit.

Respectfully submitted, Harry Van Patten, Lloyd McCuaig, Ferdinand Schmalz.

Moved by McCuaig, supported by Van Patten that the report of the Roads and Bridges committee be accepted and adopted on the following roll call: Yes—Supervisors Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Schmalz, Schneider, Van Patten—14. Supervisor Burgeson read the following report of the Finance and Apportionment committee.

Tawas City, Mich., Oct. 22, 1941

To the Honorable Board of Supervisors of Iosco County.

Gentlemen:

We, the Finance and Apportionment committee have had under consideration the matter of spreading the sum of one hundred sixty-nine dollars and forty-six cents, (\$169.46) for the Pink Drain Extension. We feel that this amount is too small to be spread on the county at large. Therefore we recommend that the County Treasurer be authorized to transfer the sum of \$169.46 from the County General Fund to the Pink Drain Extension Fund.

Respectfully submitted, E. G. Burgeson, H. R. Powell, Harry Cross, Wm. Hatton, F. Schmalz.

Moved by Burgeson, supported by Powell that the report of the Finance and Apportionment Committee be accepted and adopted on the following roll call: Yes—Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Sabin, Schmalz, Schneider, Van Patten—16. Absent—2.

Moved by Van Patten, supported by Kobs that the Board recess until 1:30 p. m. same day. The motion prevailed.

Afternoon Session

The Board was called to order by the Chairman who ordered roll call. Present: Supervisors Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Sabin—12. No—Burgeson, Schmalz, Schneider, Van Patten—4. Absent—2.

Moved by Burgeson, supported by Hatton that the Finance and Apportionment committee report on the spreading of the different taxes be accepted and adopted on the following roll call: Yes—Anderson, Bellville, Brabant, Burgeson, Cross, Hatton, Kobs, Leaf, Brayman, Klenow, McCuaig, Powell, Sabin, Schmalz, Schneider, Van Patten—16. Moved by Burgeson, supported by Hatton that the reading of the minutes of this session be waived.

At this time there was a discussion of the board concerning sheep claims.

Moved by Hatton, supported by Leaf that the board adjourn until January 5, 1942, at 9:30 a. m. The motion prevailed.

Forms of Genista

The different forms of genista have the common name of broom. They are spoken of as the brooms in Europe, while in America we hardly hear the name. They enjoy a sandy loam, but in every case the drainage must be good.

War Affects Musicians

Violin and cello strings supplied to some of England's foremost musicians will in future be made from the gut of Scottish or Welsh sheep instead of coming from Italy.

MOVIE STAR JOINS U.S. NAVY

Ensign Wayne Morris Seeks Wings

Wayne Morris, recent star of "I Wanted Wings," became a member of Uncle Sam's Navy in May, 1941, when he was appointed to the rank of Ensign.

When asked what he thought of the United States Navy, Morris said, "I think every man who is considering joining a military service should look into the 'chance of a lifetime' which the Navy and Naval Reserve offer to get into the big-pay field of the future—aviation. In the Navy you can attend the finest flight training schools in the world, and receive in-

struction from Navy pilots who introduced dive bombing, aircraft carriers and catapult take-offs to the rest of the world. Also, there are opportunities in Naval Aviation for men who don't want to fly. They can be trained as aviation machinists, metalsmiths, photographers, observers, or they can receive instruction in many other trades. It's a great life in the Navy."

Ensign Wayne Morris is pictured here in his line of duty as a member of the Naval Aviation Cadet Selection Board at the Long Beach Naval Reserve Air Base.
