RUN-AWAY INFLATION RESULTS FROM SPENDING
FOR THE GOVERNMENT continued deficit financing, an unbalanced budget, the spending of more than we take in, means continued borrowings from the banks. The continued borrowing means an ever-increasing amount of circulating currency, of which we now have many times the amount we ever before had throughout our history. Back of that currency is now nothing other than the honesty, the integrity, the solvency of the government. When government reaches the point where it is impossible to redeem that circulating currency we are broke. To continue on such a road means government dishonesty. When we have reached the point where our currency is worthless, we have run-away inflation. This is what we are rapidly approaching.

Our money of today, all of it, is but a replica of those unsupported greenbacks of post civil war times. Today we have very many times as much of what can become worthless currency as we had following the close of the Civil war. We will have more as long as we continue deficit financing, spending more than we take in. Money is not wealth, it is but a medium of exchange. When that medium becomes worthless, the food, clothing, fuel and shelter it has provided are no longer obtainable.

Such a condition affects all of us, rich or poor, and especially those of the towns and cities. The farmer's acres can continue to supply for him food, fuel and shelter. The rich man of the cities and towns, with more to lose than the poor, may lose the most, but will not suffer most. He may have to do without servants; heat and occupy but a small portion of his mansion; continue to wear his accumulation of clothing, but out of his present abundance he will be able to live. While the rich man may become a poor man, the poor man will become a corpse through starvation and exposure. Inflation, caused by deficit financing, can create such conditions for us, as it has in other nations.

REDUCTION OF FEDERAL SPENDING IS URGED

THE GREATEST SERVICE congress can render the people of the nation is to stop every unnecessary dollar of government spending. We have prospered in the past without socialized medicine; without government investment in public enterprises of vast magnitude. We can, for the present, continue to do without that development of hydro electric power to be developed by harnessing streams we have lived with through many generations. Such things can wait until a more propitious time. We were able to get along without these things for many years, and can continue to do so for more years.

If congress will stop appropriations for these unneeded expenditures; will dispense with useless bureaus, and cut operating costs, it can balance the federal budget, and so materially reduce the threat of inflation. Congress should play the game for all America, and not for partisan advantage only. Inflation, because of an unbalanced budget, is looking around that corner.

GREATEST OF ALL CAREERS—MARRIAGE

SHALL SHE CHOOSE marriage or a career? is a question many a woman asks herself. The fact is marriage offers the greatest of all careers, that of mothering and training those who must take over the destinies of nations, and of world civilization. To plant and cultivate in the mind of a child a laudable ambition, integrity, honesty, the foundation of good citizenship is far greater as a career than the writing of books, the portrayal of character, the management of business, or any other of the lines in which women occupy a place. Of all of women's activities, motherhood, the training of children, the keeping of homes, offers the greatest career, the one of most importance to the race.

FRIENDS are assets we dissipate when we attempt to use them as collateral.

STRIKES provided the millions of unemployed we had anticipated.

THE DEMAND for government economy is met by congress by more and larger appropriations.

A DISREGARD of law and regulations, a flaunting of public opinion, resulted in the adoption of a prohibition amendment to the constitution in 1918. Again there is a disregard and evasion of regularity laws, again a flaunting of public opinion, on the part of the liquor trade. It is providing the prohibition forces with new ammunition, and the next time it might prove to be an atomic bomb. Those engaged in the manufacture and sale of liquor should watch their step.

HOW THE POSTWAR WORLD HAS CHANGED . . . Miss Susan Turner, instructor in English composition, is shown lecturing to the first co-educational class in the history of Vassar college, Poughkeepsie, N. SWISS JURA HORSE TYPIFIES NATIONAL BREED . . . A lively parade is one of the features of the annual National Horse fair and races at Saigneleger in the Bernese Jura, Switzerland, held during August. The Swiss Jura horse typifies the national breed. It has proven its worth, having temperamant, strength and resistance. The Jura horse is of exceptionally strong build, is tame and docile, and stallions can even be used for all sorts of farm work.

"SCREWBALL VOYAGE" ENDS IN SHANGHAI . . . Crew of the S. S. Ada Rehan line rail after vessel reached Shanghai. The ship left San Francisco some months ago, headed for New Orleans. The voyage lasted eight months and ended in Shanghai without the vessel having touched New Orleans. Skipper had nervous breakdown, mutiny followed, baboon attacked the skipper—were highlights in the voyage.

FARMERS RESPOND TO APPEALS FOR WHEAT . . . Following adoption of the wheat certificate plan which gives farmers delivering their mercy wheat now a year in which to cash in, members of the Farmers Union Co-op elevator at Alfred, N. D., are turning in all excess wheat. Left to right, John Henne, farmer; Floyd Johnston, manager; Milt Holton, official, and Eric Ziemann, president of the La Moure County Farmers union.

LEARNING TO LIVE TOGETHER

LESSON TEXT—Matthew 18:15-17; 21: 22; Mark 10:35-45.
GOLDEN TEXT—By this shall all men know that ye are my disciples, if ye have love one to another.—John 13:35.

One world! Men have discovered in recent years that we do live in one world and that we must learn how to get along with one another, or we may find that we have destroyed civilization and one another. God has always taught in his Word that all men are of one origin, and that despite their differences, they are to live in unity and peace. That would have been blessedly true if men had obeyed God and his law. Sin brought division and confusion. Now in our day, when we should be far on the way to the attainment of God's purpose, we find men more inclined than ever to be suspicious of one another, grasping in their desires and purposes, and evil in many of their ways.

We have not yet learned to live together as nations. Let us set ourselves to the task of living together. I. A Method for Dealing with Differences (Matt. 18:15-17).

This is the God-prescribed method for dealing with personal problems in the Christian church. That body in which love should reign is often rent by jealousies and personal resentments. If permitted to run on unchecked, they create division and even strife before the world, with all the disgrace it brings on the cause of Christ.

Such matters are to be dealt with promptly. The aggrieved one is not to wait for the sinner to make the approach, but is to go to him and place before him the evidence of his guilt. Done in kindness and with tact, this is frequently all that needs to be done. A man may thus win his brother, with no further ado or fuss in the church.

If he proves stubborn, the next step is to bring some brethren along and talk it over again. This evidence of their concern may break the stubbornness, or their prayers may win him. And if it does not work, the things said and done will have been witnessed by brethren who can faithfully report them to the church.

The final step is to bring the erring brother before the church. Now he may see the seriousness of his offense and repent. If not, there is one plain duty; he is to be put outside of the fellowship of the church.

Does that mean that he is abandoned and forgotten? Certainly not! He is to be "as a heathen man and a publican." Does the church have any interest in such individuals? Indeed it does, for the primary business of the church is to win both heathen and publican to fellowship with Christ.

II. A Measure for Determining Forgiveness (Matt. 18:21, 22).

Peter's question was a practical one. He supposed the case of one who sinned repeatedly against one who had shown a forgiving spirit. Most of us need not suppose such cases; we have them before us.

We forgive and are ready to let it all be forgotten, when lo, the offender turns up with an even greater wrong, indignity or sin! Then there is weeping and apparent repentance, followed almost at once by another offense.

How long is this business to go on? The Jews said, "Three times, then let judgment fall." Peter, being a follower of Christ, went much farther. He would forgive seven times. Well, that's a lot of forgiveness; let us recognize that. Most of us haven't even gone as far as the Jews, and Peter is way ahead of us.

But it is not enough! Forgiveness which has any limit set on it is not forgiveness at all. The very genius of forgiveness demands that we do not stand there with a measuring line or an account book. It must be from the heart, without limit and without restraint.

III. A Means for Attaining Greatness (Mark 10:35-45).

To want to be truly great for God is certainly not a sin. In a world which was rejecting Christ and getting ready to crucify him, this mother wanted her two boys to have a place of honor in the service of Christ. So far, so good; but then came the thing which spoiled it all—selfishness.

To seek honor for oneself, or for those one loves in order that the ego might be inflated and self given a chance to show off, that is definitely unchristian.

If then it is right to seek proper greatness, how may it be done? Verses 43-45 tell us. It is by way of sacrificial service, the denial of self.

This world and its kingdoms say that the one who serves is inferior to the one who is served. In the kingdom of Jesus it is the one who serves who is greatest.

Where will such a path lead? For Christ it led to the cross, and beyond it the victory of resurrection day. It may mean death for us, for a real willingness to serve connotes a willingness to give all, even life itself, for his glory.

Household Hints

If your floor squeaks, sprinkle talcum powder between the boards. If this doesn't work, try putting a small wedge between them.

Frequently dust behind the pictures on the wall to prevent dust accumulating and forming a black outline.

Paste a little strip of sandpaper on the lower edge of each picture frame in your home. This will grip the wallpaper and keep the picture hanging straight.

A handy garden apron may be made from a heavy burlap-like material gathered into a two-inch wide tape belt, and having a square of leather stitched low on the apron for a kneeling pad.

Coffee grounds make a good sweeping compound for the basement floor.

You don't risk a penny when you put FRAM OIL FILTERS ON ALL 3

It's a fact! Fram Filcron . . . the modern oil and motor cleaners are guaranteed to give complete satisfaction on your car, truck and tractor or at anytime within 90 days after purchase, you can return them and get your money back. You've everything to gain . . . nothing to lose!

Fram Saves You Money

Millions of Filcron filters and cartridges have been used by our armed forces . . . while Fram is standard equipment on more than 50 famous makes of car, truck, tractor, bus, marine, Diesel and stationary engines. Experts agree on Fram! Motorists, operators of big fleets of trucks and buses, successful farmers the country over . . . all recommend Fram. It's the proved way to remove dirt, grit, carbon and sludge from motor oil . . . to keep motors humming.

Ask Your Dealer

If your tractor, truck and car have no filters, your dealer will install Fram Filcron to help save motor trouble, breakdowns and costly repairs. If your equipment is already filter-equipped, have him make the Fram Dipstick Test. The Dipstick tells the story! If oil is dirty*, he'll put in Genuine Fram Replacement Cartridges to get the most out of your present filters. There's a Fram cartridge to fit most every type of filter, so see your dealer today! FRAM CORPORATION, Providence 16, R. I.

*Certain heavy-duty oils, due to the detergent additive used, will turn dark in color almost as soon as put into the engine. Where such oils are used, filter cartridges must be changed on a mileage or hourly basis.

YOU might not think that football was back, with May on its way to June, but football is always back. It has few intermissions now from January to January...

Grantland Rice Many of these practice delegations ran from 125 to 175 men. The early enthusiasm, even under blazing suns, was far beyond normal.

I ran into Wally Butts, Georgia's coach, who coyly admitted his 1946 Bulldogs would be better than fair. "We had no line last fall," Wally said, "but we have a good line now and with Trippi on hand for the backfield, plus a few more, we ought to be ready for Alabama and Oklahoma A. and M., to mention only two. Also L.S.U."

In the meanwhile Alabama and Oklahoma A. and M. are facing the chance of losing Harry Gilmer and Bob Fenimore, two All-America stars. The beckoning finger of the army draft has called both for a physical test. These two have been in the 4-F class the last two seasons. But if they are taken, there can be no replacements to match their worth. Alabama has a great squad. But losing Gilmer is like losing a Sammy Baugh or a Luckman. Losing Fenimore, the 195-pound sprinter, passer and kicker would be no worse than the army losing Doc Blanchard.

Florida Full of Hope

Florida was running a high football fever. Ray Wolf and a new strong staff are now at Florida with the best Gator prospects in several seasons. Miami university, Orange Bowl winner over Holy Cross, expects to have a much better team than the 1945 squad.

Snuffy Stirnweiss, backfield coach at North Carolina, reports the arrival of halfback Justice at Chapel Hill, plus several additions that Carl Snavely can use with considerable pleasure. I also received the news that Bob Neyland will have another Tennessee squad that will be hard to clean away. Also that Wallace Wade, back at Duke, is busier than ten swarms of bees getting ready for a hard campaign.

Southern teams have a stiff spring training grind and they are busier than usual with so many Bowls to be filled next year. With Neyland and Wade back they also face keener competition, especially if Frank Thomas at Alabama loses Gilmer.

No one can say yet what Henry Frnka will have at Tulane, but you can gamble the Green Wave is rolling forward. It might also be noted that no one can say yet just how many good football players the draft will remove from the scene all over the map. This draft procedure will wreck some teams while missing others completely.

Army and Notre Dame

We ran into several Notre Dame ex-stars who advised us to keep an eye on Frank Leahy's 1946 squad.

"The last two Army teams piled up 108 points against us in 1944 and 1945. A beating is one thing. A massacre is something else. But brother it is going to be different in 1946. Notre Dame will be there with what it takes. This means line, backfield, power and speed.

"Leahy will have both Kelly and Mello back. Here are two of the best backs Notre Dame has known in years. But they are only a small part of the material now on hand for spring practice at South Bend."

"You don't figure any Army push-over?" I asked the Notre Damer.

"Certainly not. But Army won't be the Army of 1944 and 1945. Why? The line. Yes, Army will have or should have the best backfield in football, headed by Blanchard, Davis and Tucker. But don't forget Army has lost a number of valuable linemen and that Army line has been a big factor in their victories.

In the meanwhile Capt. Tom Hamilton, now on the job at Navy, finds himself caught between two fires—Army and Notre Dame. Tom Hamilton is not only one of the best coaches in football, but one of the best inspirational leaders. Hamilton has the foundation or basis for a hustling, fighting squad that can make it extremely uncomfortable for any opponent on Navy's schedule.

Michigan's Troubles

Hamilton was the one man who saved college football during the war. At least he did more for the cause than any other three men I know about. One team that may acquire more than its share of draft trouble is Michigan. Last fall Fritz Crisler had 18 freshmen on his squad, 8 of whom were classed among his regulars. The Wolverines had one of the youngest squads in the country and for this reason may suffer heavier casualties.
