

TAWAS CITY

Mrs. A. P. Jerome spent Monday in Bay City.

The Consumer Power Company local employees and their wives will hold a get-together Friday evening (tonight) at the American Legion Hall. Mr. and Mrs. Clayton Woods, Mr. and Mrs. Floyd Dunnill and Mr. and Mrs. Al Jerome are acting on the committee. Lunch will be served.

Born to Mr. and Mrs. Alvin Heinrich of Au Gres a girl on February 9 at the Abbott Maternity Home.

Twelve relatives surprised Mr. and Mrs. Ted Winchell for a Valentine party at their home. A beautifully decorated Valentine cake and ice cream was served.

Mr. and Mrs. Edward Lawson and daughters of Grand Blanc spent the week-end here with her mother, Mrs. Ora Berube and brother, Richard.

Mrs. George Liske spent Sunday and Monday in Bay City where she attended the LaSalle Hair Styling Show and the demonstration of the new Dobre permanent wave.

Born to Mr. and Mrs. Alton Hill, a seven and one half pound son on February 12 at the Abbott Maternity Home.

Dr. E. C. Silverthorn will attend the Educational Congress in Detroit next week on Monday, Tuesday and Wednesday.

Friends will be glad to hear that Mrs. Olga Kasichke is getting along as well as can be expected after undergoing an operation at Grace Hospital in Detroit.

(Continued No. 1, Back Page)

EAST TAWAS

Mr. and Mrs. John Moffatt and son spent Friday at Sheridan where they helped his father William Moffatt celebrate his 87th birthday anniversary.

Mr. and Mrs. Wayne Pollard are spending a week in Detroit. While there Mr. Pollard will attend the A. & P. school.

Mr. and Mrs. Charles A. Pinkerton have returned home from Florida where they vacationed for a season.

Mr. and Mrs. Ernest Mielock and family moved into their new ranch home on east Bay Street the fore part of the week. Mr. and Mrs. Herbert Stephan will reside in the Mielock home vacated.

Mr. and Mrs. Arthur Evans entertained a number of friends at a Valentine Party at their home Monday evening.

Mrs. Harold Pierce and son visited at Clio and Flint with their relatives this week.

Mrs. Fred Misener and son, Fred Lee are visiting for two weeks with Mrs. Misener's mother in East Lansing.

Mrs. George Pollard was in Alpena Tuesday.

Visitors at the home of Mrs. Kirk White last week-end were her brother-in-law, John White and Miss Phyllis Howe of Owosso.

Services will be held at Grace Lutheran Church next Sunday evening. Rev. E. H. Peterson of Bay City will have charge.

Exceed Last Year's  
March of Dimes Quota

Through the fine cooperation of all divisions of our County the March of Dimes quota has already exceeded that of last year.

Contributions to date:  
Direct Mail ..... \$533.96  
School Students ..... 424.15  
Canisters ..... 170.04  
Oscoda Ladies Auxiliary ..... 170.04  
Oscoda Theatre ..... 23.25

Once again the students of our County have shown their generous feelings toward the afflicted. Contributions are still being accepted by mail. Your Committee wishes to thank everyone for their liberal giving which has made it possible to go beyond the goal set for this drive.

Resolutions

At a meeting of Greenwood Grange February 9, the following resolutions were adopted:

Whereas, It has pleased Almighty God to call from our Grange to his eternal home, our worthy brother, Charles Deming, an honorary member and Past Master of Greenwood Grange, be it resolved that this Grange, holds in grateful memory the services he has rendered to the order, and extends its sincere sympathy to the relatives. That we drape our charter for 30 days in his memory, and that a copy of these resolutions be sent to the Tawas Herald and the Michigan Patron and a copy be placed on our records.

Mary E. Brown  
Mildred Verwoert  
Gladys Herriman

CARD OF THANKS

We wish to extend our thanks and appreciation for the kindness and sympathy shown us in our bereavement in the loss of our wife and mother, and also for the beautiful service by Rev. Kerr and those who sang.

Harry Litter  
Mr. and Mrs. George Waters  
Mr. and Mrs. Earl Daugherty  
Mrs. Ruth Nichols  
Mr. and Mrs. J. Sturtevant  
Mr. and Mrs. Thomas Phelps  
Mr. and Mrs. Don Zahari.

## Elks Clinch League Title With Two Wins

Fourteen Wins and Two Loses Chalked Up During Season

The Tawas City Elks chalked up two more victories this week when they defeated Oscoda 47 to 36 Friday night and tripped Hale Tuesday night 66 to 45.

This pair of victories for the Defibaughmen sets their record at 14 wins and two losses, and their victory over Oscoda clinched the Huron Shore League title for them. The Elks have been very successful in winning the league trophy during the past few years. They copped it in '45-'46 and in 1948.

Don Westcott had two more big nights, garnering 17 points at Oscoda and 41 in the Hale game. Barry McGuire flipped in 10 points in each game, while Jerry Grackik came through with 10 in the Oscoda game.

Herb Look, star guard for the Elks, saw little action in these games because of a sprained ankle.

The Reserves won two more games also, when they beat Oscoda 16 to 9 and Hale 33 to 24.

The Girl's squad ended a sparkling unbeaten season, when they won over Oscoda 30 to 20.

Oscoda Varsity Game  
The Elks again kept up their usual practice of trailing at half-time when the Oscoda Owls jumped the gun in the first quarter for seven points, with Oliver connecting for five markers and Shrock a field goal. For the Elks Grackik dunked a field goal and Westcott accounted for a field goal.

In the second frame, the Elks outscored the Owls 14 to 13, with McGuire clicking on two field goals, Grackik three field goals, Westcott, two free throws and Look flipped in a field goal.

Oliver made seven points, Hohman a free throw and Rick three points for Oscoda. Half-time score: Oscoda 20, Tawas City 19.

In the third quarter the Defibaughmen let loose with a 17 point barrage with McGuire making four points, via the foul shot lane, Westcott, 11 points, Herb Look, a field goal.

Oliver made a field goal, Hohman three points and May a free throw for Oscoda.

Tawas City P-TA

The Tawas City P-TA held a most successful "Founder's Day" meeting last Thursday evening with 75 members present.

A nominating committee was appointed for election of officers at the March 10 meeting. Jack B. King, chairman; Mrs. Donald MacDonald, Miss Mable Myles, Mrs. James Boomer and Mrs. Mark Sedgeman. The following were appointed on the Band Uniform Fund, Mrs. Clyde Montgomery, chairman, Mrs. Carl Schaaf, Clarence Bariger, Mrs. William Horen, and Mrs. Al Chaney.

Room mothers were appointed as follows: 1st grade—Mrs. A. L. Vane and Mrs. Mark Sedgeman. 2nd Grade—Mrs. Ferris Brown and Mrs. Martin Mueller. 3rd Grade—Mrs. Wally Luce, Jr., Mrs. Darling. Fourth Grade—Mrs. Carl Schaaf, Mrs. Darling. Fifth Grade—Mrs. Al Chaney, Mrs. Laurence Clement. Sixth Grade—Mrs. Howard Freely, Mrs. Albert Conklin, Mrs. Joseph Czaka. Seventh grade—Mrs. Fred Landon, Mrs. A. Bronson. Eighth grade—Mrs. William Groff and Mrs. Clarence Bariger.

The room award was presented to the fifth and sixth grades, there being twenty parents present from these grades, teacher, Miss Myles. The room award is a silk flag, to be hung in the room that wins each month (having the most parents present at P-TA). The room winning the flag the most times will keep the flag permanently at the end of the school year.

Community singing was enjoyed by Mrs. George Shawl with J. F. Mark at the piano and the band played several selections. A skit, "Who put the Bulge in the Budget," was put on by the eighth grade with Mrs. Muriel Horton, teacher, directing.

Jack B. King gave an excellent talk on the history of the Parent-Teacher's Association. Mrs. Mable Bigelow, past president of Tawas City P-TA gave a review of local organization.

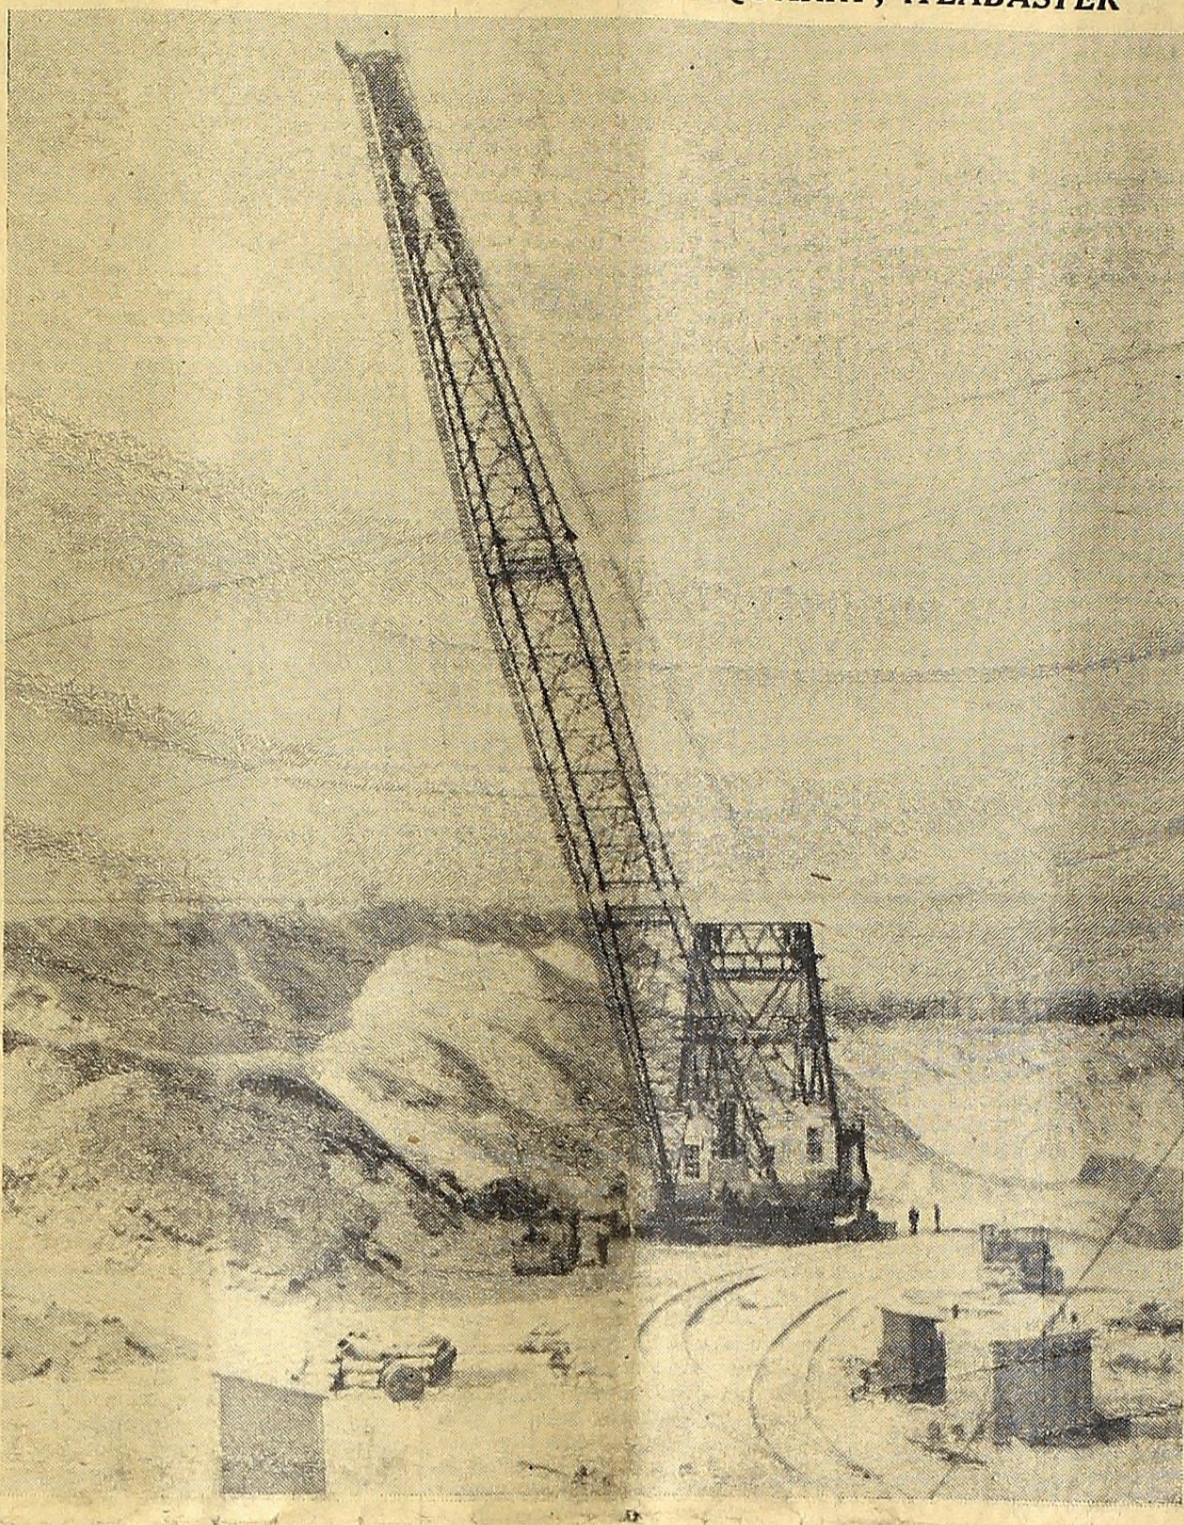

A large three tiered lighted birthday cake centered the luncheon table.

CARD OF THANKS

We wish to thank the County Road Commission for plowing and sanding the roads to church and cemetery on Tuesday, February 15.

Harry Litter, and family.

## NEW DRAGLINE AT U. S. GYPSUM QUARRY, ALABASTER

## Military Rites Given Returned Hale Soldier

Services Held for Lloyd Shellenbarger Wednesday

Killed in action in the Philippines during World War II, military services were given Wednesday for Lloyd Shellenbarger, son of Mr. and Mrs. Captain Shellenbarger of Hale. The military rites were given under the auspices of Glenn Staley Post, American Legion. Services were held at the Hale Baptist church. Rev. John Kerr officiating.

The body arrived at Tawas City Wednesday morning and was taken to Hale under military escort.

Born at Hale March 12, 1916, Lloyd Shellenbarger graduated from Hale High School and in August 1942 entered the army. His military service was with the 32nd Division as a machine gunner. He was killed December 21, 1944, at Leyte.

He is survived by one daughter, Dorothy; his parents, Mr. and Mrs. Captain Shellenbarger, and two sisters, Mrs. Luebelle Zilliox and Mrs. Clyde Humphrey of Hale.

## Livestock Exchange Hold Meeting at Whittemore

The local members of the Michigan Livestock Exchange will hold the 1949 annual meeting at the Whittemore High School, according to James Mielock local secretary and state director.

Ike Walton, manager, Ben Pattison of Michigan Farm Bureau, Blaque Knirk, district fieldman, and Mr. Mielock will be speakers and will discuss the cooperative marketing of livestock. A movie "Feeding Farm Animals" will be shown. All members have been notified and are urged to attend.

## Sea Scouts to Meet March 1 at Courthouse

The first meeting of the Sea Scouts will be Tuesday, March 1, 7:30 P. M. at the Courthouse in Tawas City. There may be two sail boats for use of the organization. Initial meeting of the group will cover Navy and sailing subjects. Anyone interested contact Reginald J. Barnett, or come to next meeting.

## Reinke-Clark

Saturday morning at nine o'clock Miss Theresa Ann Reinke, daughter of Mr. and Mrs. Joseph Reinke of East Tawas was united in marriage to Charles Arthur Clark, of East Tawas, son of Mr. and Mrs. Charles Clark of Eaton Rapids.

The ceremony was performed by Rev. Robert Smith at St. Joseph's Catholic Church.

The bride was attired in a white satin gown with illusion veil and carried a bridal bouquet of white carnations. Cecelia Daley of East Tawas acted as bridesmaid. She wore a lavender organdy and her flowers were yellow roses. Joseph Reinke, brother of the bride, was best man.

After the ceremony a wedding breakfast was served to 25 relatives and friends. The table decorations were in blue and white with a five tiered wedding cake. The centerpiece was an arrangement of yellow daffodils.

Out of town guests were Mr. and Mrs. Charles Clark and daughter, Mr. and Mrs. Horace Whitton, Robert Long and Mrs. Barrett, all of Eaton Rapids.

The bride and groom will reside in East Tawas, where Mr. Clark is employed as a State Trooper.

## Methodist Women Societies Enjoy Banquet

Last Tuesday evening the WSCS sponsored a banquet at 6:30 for the women's societies of the Methodist church. Tables were decorated with red and white candles and heart valentine favors at each place. After the dinner the following program was given.

Devotionals ..... Ruby Evans  
Reading ..... Mrs. Kate Evans  
Piano solos ..... Denise Burnett  
Quintette ..... Mrs. Will Gurley  
Mrs. Elmer Durant, Mrs. Glen Hughes, Mrs. G. A. Pollard and Miss Helen Applin.  
Playlet ..... by Mrs. Peigri Par-slow, Mrs. Helen Hewitt, Mrs. Agnes Baube, and Mrs. Gurley.  
Book Review ..... "Welcome Sweet Day of Rest," from Aunt Jane of Kentucky, by Miss Amanda Hamilton.  
Mrs. J. D. Kerr was accompanist and chairman of the program.

## Daughters of Isabella

Daughters of Isabella have completed plans for a benefit party to be given Thursday, February 24 at the Holland Hotel, at 8:00 p. m. There will be a prize for every table, door prize for men and women and a lunch.

Mrs. H. Klenow and Mrs. W. Rowley are on the reception committee; Mrs. Richard Lansky, chairman of ticket committee and Mrs. John Monarch and Mrs. John Pavelock chairmen of the lunch committee. All are invited.

## New Rector Takes Charge at Christ Church

Rev. Forsyth Canon Missioner in Four Northern Counties

The Rev. and Mrs. Warner L. Forsyth moved into the Christ Episcopal rectory this week, the Rev. Forsyth is to be in charge of the Christ Church in East Tawas, and St. John's Church, AuSable. His first services here will be held this coming Sunday.

Mr. Forsyth, who first came to Michigan in 1922, will have the title of Canon Missioner, and will be in charge of the East Tawas field, comprising the counties of Crawford, Oscoda, Alcona and Iosco. He will develop the work of the Church in that field.

The Rev. Forsyth was born in Philadelphia, Pennsylvania, and received his education at the Episcopal Academy in Philadelphia, McGuire's School in Richmond, Virginia, St. Stephen's College, and the University of the South at Sewanee, Tenn. He was ordained to the Diaconate in June, 1917, and to the priesthood in June, 1918. Before coming to Michigan as rector of Trinity Church, Alpena in 1922, Mr. Forsyth served as acting Dean of Christ Church Cathedral, New Orleans, La., and rector of Trinity Church, Clarksville, Tennessee.

After serving for four years in the Alpena parish, Mr. Forsyth went to Baltimore, Maryland, where he served for a year as Assistant in Grace and St. Peter's Church. He then returned to Michigan as rector of St. James church, Birmingham, where he served until October, 1945, resigned to accept the call as rector of St. James, Grosse Ile.

Rev. Forsyth is married and has three grown children.

## D. of U. Members Enjoy Card Party

The Daughter of Union Veterans held a card party last Wednesday afternoon at the Eagles Hall. After playing cards, pot luck lunch was served. The committee in charge consisted of Mrs. Netra Benson, Mrs. Mildred Ulman and Mrs. Ethel Wemert.

The next meeting will be held February 23, beginning at 1:30, at the American Legion Hall, Tawas City.

## Pioneer Observes 86th Birthday

Henry Anschuetz Came To Iosco 83 Years Ago

Henry Anschuetz celebrated his 86th birthday anniversary Saturday with a family dinner party at the Harold Friebe cottage with about 30 relatives present.

Mr. Anschuetz came to Tawas City with his parents in 1866 at the age of three years, and is one of the very few pioneers left.

Present for the dinner were Mr. and Mrs. Fred Gottlieb, Mr. and Mrs. Harold Friebe, Mr. and Mrs. Orville Gottlieb, and family, and Mrs. Louis Bishop, all of Bay City; Mr. and Mrs. Ansel McCormick and Jeffrey and Allen Anschuetz, all of Saginaw; Mr. and Mrs. Leonard Gottlieb and family, Mr. and Mrs. Harold Choger and Dennis of East Tawas, Mr. and Mrs. Christ Hoshbach, Mr. and Mrs. Ted Anschuetz, Mr. and Mrs. Andrew Anschuetz, and Mr. and Mrs. Walter Anschuetz of Tawas City.

The afternoon and evening was spent in playing games and visiting.

## Ernest Nash Receives MSC Scholarship

It is announced this week by Harold Clark county agent that Ernest Nash of Tawas City is the recipient of the Michigan State College scholarship award. About every other year Iosco county may designate a 4-H boy or girl, who is a senior in high school to receive this award. The award is a substantial application to the tuition at Michigan State College. The committee of 4-H leaders in making the selection, considered the candidates record in 4-H club work and their high school scholastic standings.

Ernest who is now a senior in the Tawas City High School has been in 4-H club work since 1944 at which time he was a member of the Burleigh Wizards which was under the leadership of Mr. and Mrs. Cecil Ruckle. In his five years he has completed nine years of projects, three in handicraft, two in beans, two in potatoes, one electrical and one in dairy. He was selected to attend the Junior Leader Training Course at Higgins Lake and Gaylord Camp in 1948. Ernest organized and led a handicraft and community club at Alabaster.

Ernest plans to start in the school of agriculture at Michigan State College this fall.

## Reno Resident Dies Saturday

Funeral for Mrs. Harry Latter Held Tuesday

Mrs. Harry Latter, aged 74 years wife of Harry Latter, died at her home in Reno township after a lingering illness of several years. She was born June 18, 1874, in East Tawas and spent her early years in Wilber, AuSable and McKinley.

She was united in marriage to Harry Latter, November 1, 1899, after which they moved to Montana and Idaho. The final years of her life were spent in Reno township.

Surviving are her husband, and five daughters: Mrs. George Waters, Mrs. Earl Daugherty, Mrs. James Sturevant and Mrs. Ruth Nichols of Whittemore and Mrs. Thomas Phelps of Chicago. One brother, Frank Marshall, of Detroit and thirteen grandchildren.

Burial was from the Reno Baptist church at the Reno cemetery, Rev. John Kerr officiating.

## Tawas City Legion Enjoys Oyster Supper

The members of Jesse C. Hodder Post, American Legion, of this city enjoyed an oyster supper Monday evening at the Legion Hall. More than 30 members of the post were present and an enjoyable social evening was spent previous to the business meeting.

A pancake supper is planned for the next meeting of the post on February 28.

The officers wish to thank those who donated and co-operated in making the oyster supper a success.

## New Dodges to be Displayed Feb. 25

Arnold Bronson, of the Bronson Motor Sales, has returned from Detroit where he attended a dealer preview of the completely new-styled Dodge cars, the first models which will be publicly displayed in his dealership on Friday, February 25.

## DeMolays to be Instituted This Saturday

Washington Chapter of Saginaw to Conduct Ceremonies

The new Iosco Chapter, Order of DeMolay, will be instituted tomorrow (Saturday) in the presence of DeMolays and Masons at the East Tawas Community Building. Washington Chapter, Order of DeMolay, or Saginaw will conduct the ceremony.

Officers for the new Chapter were elected Wednesday, February 9, at a meeting held at Christ Church, Episcopal, East Tawas. An installation ceremony will be held Tuesday, February 22, at the Tawas City High School Auditorium. Iosco Chapter, Order of DeMolay, is sponsored by Tawas City and Baldwin Lodges, F. & A. M.

The officers of the chapter are: MC—Ernest Nash.

SC—Gerald Spencer.  
JC—Carl Stephan.  
Scribe—Ronald Johnson.  
Treasurer—Robert Haddix.  
SD—William Dockter.  
SC—Allan White.  
SS—Bruce Leslie.  
JS—Tom Cross.  
Chaplain—Jim Ross.  
Orator—William Lewis.  
Marshal—Robert Shorkey.  
Sentinel—Charles Bonanie.  
Std. Br.—Rictor Anderson.  
Almoner—Lloyd Trask.  
Preceptors—

1. Don Hester.  
2. Dick Kilpatrick.  
3. Robert Mead.  
4. William Anderson.  
5. Harold Farrand.  
6. William Brown.  
7. William Baker.

DeMolay Degree—  
Byron Ingles, Harold Krumm, Ronald Heilig, Charles Getz, Wayne Nelson, Frank Toms, Harry Toms, Richard Moss, Harry Morley, Dale Benson, Jack Baker.

## St. Joseph P-T-O

A regular meeting of the St. Joseph P. T. O. was held at the school on Tuesday evening followed by the P-T-O sponsored Chop Suey supper on Wednesday evening.

At the meeting the new constitution and by-laws, prepared by Frank Wilkusi, John Monarch and John Mielock were read by the chairman of the committee, Mr. Wilkusi.

Sister Mary Rene's room won the attendance award with 65% of the parents present.

A program consisting of a playlet, a poem and a group of songs was presented by the pupils of the third and fourth grades under the direction of Sister Mary Olivia.

Dr. John LeClair, program chairman, presented a colored movie of "Canoe Trails in Michigan," secured through the courtesy of the E. M. T. A. and projected by Ben Leslie.

The refreshment committee named by the president, Mrs. Earl McElhannon, for the first meeting following Lent, was Mrs. E. D. Jacques, Mrs. Frank Wilkusi, Mrs. Raymond Klinger and Ethel Schramm.

The chop-suey supper, sponsored by the P. T. O. and held on Wednesday evening netted the organization \$213.00 and will be used to defray the expenses of decorating and installing asphalt tile in the new kitchen and dining room for the serving of the hot lunch program to the 140 students who participate in the program-100%.

The P-T-O wishes to express their gratitude to the patrons, and everyone who assisted any way to make the chop-suey supper a success.

## East Tawas High Adds Two More Victories

East Tawas High School rang up a pair of victories in their last two games, defeating Standish, last Friday, 56 to 28, and Harrisville, Tuesday, 41 to 34.

In the game last Friday, the Indians ran up a 31 to 8 lead in the first half and coasted the final half.

Tate paced his teammates in the scoring with 13 points, followed by Mandock with 11, Miller, 9, Erickson and Bolen 5 and Spencer 7.

In the Reserve game Standish came out on top, 46 to 23.

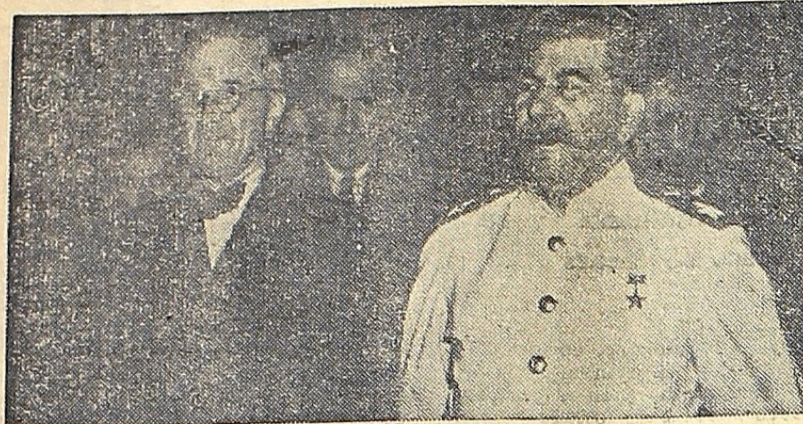

Tuesday night the Indians came through again, winning both games from Harrisville, the Varsity contest 41 to 34 and the Reserve game 36 to 31.

Mandock paced the East Tawas Indians with 11 markers, followed by Tate with 7, Ludwig, Miller and Spencer 6.

This Friday (tonight) the Indians will face West Branch at the East Tawas Community Building.

## WEEKLY NEWS ANALYSIS U. S. Rejects Stalin Peace Talks; Norway Prefers Western Alliance, Spurns Russian Council Suggestion

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

SOVIET "BARKIS" . . . Like the Dickens character, Russia's Premier Josef Stalin was "willing" to meet with President Truman to talk peace. But the question was: how willing? He is shown above with President Truman when the two met at Potsdam.

### WANTS OPEN DISCUSSION

## Truman Won't Talk Behind Iron Curtain

It was beginning to look like "Uncle Joe" Stalin and Harry S. Truman never would get together for a talk looking toward settlement of U. S. and other western powers' differences with the Soviets.

"Meet Stalin behind the iron curtain?" Secretary of State Dean Acheson snorted in disdain, declared in effect that the idea was preposterous.

Acheson went further. He asserted indirectly that the Russian leader was playing politics with peace hopes of millions of people.

Anyway, Acheson went on, what might be gained? Hadn't the Russians consistently blocked all efforts in the United Nations looking toward disarmament, control of the atom bomb and creation of a U. N. police force?

BUT THE U. S. couldn't be put in the position of appearing disinclined even to talk about peace, so Acheson left the door open for a parley; but there were some American conditions this time. The White House, it appeared, would be willing to see Stalin—in Washington. Stalin had said he'd be willing to see Truman—behind the iron curtain, and there the matter stood.

Acheson made a further point. The U. S., in any event, would not discuss with Russia alone any points having a direct interest to other nations.

As for a "peace" declaration, Acheson declared he found this "unrealistic" inasmuch as Russia, the U. S. and other nations members are "not all pledged" by most solemn treaty commitments not to engage in war with one another.

HE ADDED that the hopes of the world's peoples for peace are considered by this nation to be fundamental, and that the United States would not play politics with these hopes.

While it might appear an oversimplification of the problem, many might raise the question that if Acheson is relying on Russia's U. N. pledge to keep the peace, why should there be any official U. S. concern over the entire Russian relations puzzle?

THE FACT there is grave concern over the puzzle indicates Mr. Acheson may have been talking when he should have been thinking.

## NORWAY:

Norway was drawing no cards. Standing pat, she would play the ones she had.

IN OTHER WORDS, the Norwegians wanted nothing but friendship with the Soviets, but if it were all the same, they would rather depend upon security in regional pacts such as the proposed north Atlantic alliance, than upon an alignment with the Soviet union.

The position stated by Norway was in answer to a Soviet note asking the nation's clarification of its view on the proposed north Atlantic setup.

Norway said the United Nations had failed to provide the world with peace and security, and her own people's "serious concern" for their liberty had convinced the government that it was necessary to seek increased security through regional cooperation in the defense field.

BUT THE NORWEGIAN government assured the Russians that it would never agree to foreign bases on its soil "as long as Norway is not attacked or the subject of threats of attack." And the government pledged itself to support a policy of non-aggression.

The decision could be interpreted no other way than as a definite setback for Soviet expansion-by-intimidation policies. Norway is a small country and vulnerable to Soviet attack. Nevertheless, it has

## MORE CLOTHES:

British Ration Eased

Great Britain has ended eight years of clothes rationing—practically, that is.

Effective now, any Briton with the money may go into any store and buy a suit of clothes, his wife a dress. And for the first time since January 1, 1940, he won't have to give 26 clothing coupons for the suit, 18 for his wife's dress. Coupons, however, will still be required for many articles of clothing.

## PENSION BILL:

Vets Must Wait

Little possibility was seen by congressional leaders for enactment of a veterans' pension bill during the current session.

The administration is openly opposed to any such measure, being quoted as saying a program already offered "could not be considered in accord with the program of the President."

THE PROPOSAL to which the reference was made is a veterans' pension bill to give servicemen of the last two wars a \$60 monthly pension when they reach age 60, plus disability payments. It is estimated this would cost almost two billion dollars the first year, with later outlays reaching multi-billion dollar levels.

Under this measure, sponsored by Mississippi's Rankin, a veteran need only to have served 90 days in either world war to qualify for a pension. The extra disability pay would range from \$20 to \$120 a month, with no proviso that the disability must have been incurred in service.

Veterans administrator Cary R. Gray, Jr., said that while he was neither opposing nor favoring the legislation in his capacity as veterans' administrator, its magnitude must be weighed closely now to prevent unwarranted financial outlays in the future. He pointed out the cost burden might be so great as to endanger the entire veteran-compensation program.

PRESIDENT TRUMAN was on record with this statement: "The necessity for new or extended benefits for veterans without service disabilities should be judged not solely from the standpoint of service in our armed forces, but in the light of existing social welfare programs available to all veterans and non-veterans alike."

Mr. Truman also said in his budget message: "The program of veterans' services and benefits should reflect the fundamental fact that our primary long-run obligation is to dependents of veterans deceased from service causes, and to veterans disabled in service. At the same time, we should preserve and stress our basic objective of assisting the recipients of these benefits to be as nearly as possible self-reliant and self-supporting members of our society."

All of which indicates that veterans of both world wars expecting pensions and disability allowances had best be prepared to wait awhile.

## SATURATION:

Claimed for Taxes

Millions of Americans would agree with the premise: Taxes in America have reached the saturation point.

Former President Herbert Hoover made the assertion to congress. As a remedy, he suggested unsnarling a century of government red tape, a slash in federal spending.

FOR ALL HIS earnestness and the force of his figures, Herbert Hoover, "great engineer" of the depression, was a voice crying in the wilderness.

While President Truman outlined the need for vast federal expenditures for world social and economic improvement, as well as for defense measures, he had said nothing about reduction of government expenditures. There was nothing in his announced program relating to any such action.

True, there have always been one or two individuals in every congress who have sought to stick a finger in the hole in the dike of federal outlay, but to date the stopper has never approximated the circumference of the orifice. Indications were that it would be thus in the 81st congress.

HOOPER RECOMMENDED consolidation of 1,800 bureaus, commissions and divisions, but lurking in the background, ready to raise its awesome head at any moment, was patronage. Patronage means votes and votes means legislative tenure, and with the one fattening off the other, Mr. Hoover's recommendations commanded respect more for their temerity than for any hope of their adoption.

## New Stamp

This three-cent Minnesota territory centennial commemorative postage stamp will be placed on sale the first time on March 3, 1949, at St. Paul, Minn.

## ATOM RAYS:

No Deformities

Are victims of atomic bombings likely to produce grotesquely deformed offspring?

Many scientists believe that is one of the terrible effects of atomic radiation. There are as many more who disagree.

But the U. S. army atomic energy commission has said no evidence of abnormal offspring had yet been found among the Japanese exposed to radiation at Hiroshima and Nagasaki.

## For Ladies in Army It's Same Old Story Of Clothes Problem

CAMP LEE, VA.—Apparently for a woman, in the Army or out, it is the same old story—clothes.

What the Wacs would like to know is how many wartime short skirts do they have to wear out before they get the New Look in uniforms.

Skirt length is a problem at this initial postwar Wac training center which this week graduated its first women's Regular Army basic-training company.

The Army quartermaster Corps has left over from the last war a supply of khaki skirts. That's fine for the taxpayers—except in those days ladies admittedly had knees.

President Truman intends to stick by his cut in our military budget.

Now knees are strictly covered. Whereas civilian women measure the length of their hems from the floor, Wacs are having to compute theirs from the knee down.

The boss Wac, Col. Mary Hallaren, Lowell, Mass., has decreed hems 2½ inches below the knee.

There is hardly a Wac officer or enlisted woman who does not have a skirt with a faced hem or one let down at the waist.

Uniforms are issued to enlisted Wacs. Officers buy theirs. Officers could go out and have a skirt tailored a fashionable 10 inches from the floor except for one reason: the military frowns on a lack of uniformity.

But the postwar woman soldier has won one victory. Several years ago when civilian women and U.S.O. girls could look glamorous in page-boy bobs and shoulder-length hairdos, Wacs had to keep their hair "well above the collar."

"But no one is able to describe just what 'well above the collar' means," said Colonel Hallaren. The new regulation is that coiffures must be neat and appropriate to tailored uniforms.

## Man Having Tough Time Proving He Really Exists

ROME.—Giovanni Villa, 35, of Palermo, Sicily, has been trying for four years to get himself declared alive. He has succeeded only with the tax collector, who sends him bills regularly. The Palermo civil registry has him listed as dead since 1944 at the village of Patricia, which Villa said he never visited. His wife recently had a baby. He tried in vain to get the child registered but officials said: "Dead men can't father children." Villa, however, gets and pays all tax bills.

## Southern Governors Plan Full-Time Capital Bureau

SAVANNAH, GA.—Southern governors planned today to set up permanent shop in Washington to help wage war against Federal civil rights proposals and carry the South's banner on other issues.

Several Dixie executives said a southern governors' bureau in the capital was likely to spring from a resolution approved last night by the Southern governors' conference.

The resolution deplored "hostility" toward the South in the rest of the country and declared this unfavorable attitude was "created and perpetuated by untruths and half-truths."

A southern foundation was established to "correct" the picture and give the rest of the nation the South's story.

The governor's conference, which ended last night formally noted that "many economic indicators" show more progress in the South than in the nation as a whole. The South still retains material wealth, highly attractive to industry, which hardly has been touched yet, the governors declared.

But despite this progress, they added, there is "a serious lack of information about the South, which, coupled with misinformation, has resulted in the formation in the minds of millions of Americans an unfavorable attitude toward this great area."

## Takes Draft Registration To Recall to Man His Name

ALBANY, N. Y.—William Ladislau Thomas Wisniewski told the judge it took registration for the World War I draft for him to learn that his real name was not Walter DeBerry. The judge granted his plea for a change of name when he explained that his parents had intended to name him Walter and he had been known as DeBerry all his life except on two occasions—when he signed up for the 1917 draft and in 1925 when he was married.

## Animal Lovers Protest Their Use in Circuses

LONDON.—A parson who distributed free circus tickets to poor children in his parish had his church picketed by two members of the performing animals defense league.

The director of the league and an assistant stood outside St. Paul's church at Harringay, handing out pamphlets alleging that the circus animals were treated cruelly to make them perform. On a placard were attached instruments said to have been used on the animals.

## Army, Navy, Marines Join In Big Caribbean Maneuver

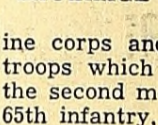

By BAUKHAGE  
News Analyst and Commentator.

WASHINGTON.—About the time these lines are in print, 35,000 American soldiers, sailors, fliers and marines and a hundred ships will be shoving off for the greatest peacetime maneuvers in our history. Providence permitting, your correspondent will be on the scene.

A strange and sinister "aggressive force" which will have seized and fortified the island of Vieques in the Caribbean will be bombarded by sea and air, attacked and (we trust) captured by a joint marine corps and army expeditionary force landed by navy ships and planes which have fought their way past enemy planes, and submarines.

The purpose of this undertaking is officially described as "to advance and insure combat readiness for Fleet Marine Force Atlantic units, and to provide amphibious training for Army and Marine Corps units."

Admiral W. H. P. Blandy, commander-in-chief of the Atlantic fleet will be in over-all command. Lieut. Gen. Keller E. Rockey, USMC, will command the joint marine corps and army expeditionary troops which will be composed of the second marine division and the 65th infantry, Caribbean command.

BAUKHAGE

Many of these men are veterans of Pacific landings and the North African operations, but, the experts tell me, there are many things to be learned for great progress has been made in amphibious training since the war.

This is the first operation of its kind since the merger of the armed services has been in effect, and nothing approaching it in size has ever been attempted in peacetime.

Of course the marine corps was virtually born amphibious and for the past 28 years has perfected the methods which were used in the late war. Now they serve as the instructors in this particular field of activity for the other branches of the service.

Maneuvers which get comparatively little notice in the press are largely regarded by laymen as a spectacle or as a series of highly technical military problems which are too complicated to follow. As a matter of fact, the actual maneuvers are a small part of the operation compared to the planning which dates back to the days when Caesar took his famous tenth legion from small boats onto the soil of ancient Britain, or before.

Perhaps the earliest important invasion from the sea in modern times was one of the most unsuccessful -- the ill-fated Gallipoli battle when the British troops were almost annihilated in their first attempt to invade Turkey in World War I.

Intensive study of this debacle was made in this country, and the marines had made great strides long before World War II made such training necessary. Very few people realized this. In fact, many people probably think that the Japs had a special patent on amphibious tactics.

As one officer expressed it to me, there is nothing secret about this method of fighting. It is simply a question of "know-how." A vast conglomeration of minute detail which is not used at all in ordinary land fighting. For example, an infantryman takes for granted that he and his rifle are more or less one piece. But the first time he has to go over the side of a ship and into a small craft, he suddenly finds he is faced with a major problem in assuring not only his own arrival on the beach but, what is equally important, the simultaneous arrival of his gun. If you have ever tried to crawl down a net with no equipment whatever, you realize it requires all the hands you have.

But long before D-day, thousands of details have been worked out hundreds of miles from the scene of action. As one officer put it, the stack of charts that have to be drawn are a mile high. Beans, bullets, shoelaces—all are part of the picture quite as much as radar and range-finders.

The little island of Vieques will be pounded with tons of shells, hauled, mauled, captured, and deserted, and then go back to a sub-tropical siesta. But what happens there on and before March 2 and 3, 1949, may be of vital importance a decade hence.

## A New Truman Going to Work

As the Ides of March approach, the new administration swings into its stride with a good deal of honeymoon fervor still in the air. From the day of the first White House press and radio conference after the inauguration, it was clear that we had a new President.

Washington reporters had become used to several Harry Trumans. There was the very grave and not very certain man who was called in 1945 to a job which he

## AUTOS WITHOUT DELAY

It is predicted by several Detroit automobile makers that within six months it will be possible to walk into most agencies and get a car with positively no waiting. This will mean that the auto salesman will bother to get up out of his chair. The proprietor may drop that deep-freeze manner and start cultivating good-will again.

We understand some salesrooms are already starting to rehearse the staff in shaking the head up and down instead of negatively. It has been years since some auto salesmen have had any practice in vigorous salesmanship. They have been specialists in discouraging customers. It is not going to be easy reconverting them into warm human beings dealing in a popular product.

There will be plenty of cardiac trouble when people walk into agencies once more in this country and anybody shows a mild interest in them. And swooning will be nationwide when dealers call on the phone and "would you let us give you a demonstration this afternoon?"

We anticipate the following dialogue in auto agencies:

Salesman (rising affably)—Ah, good morning. Glad to see you.

Customer (amazed)—Pardon me; I must be in the wrong alley.

Salesman—What makes you think so?

Customer—You're cordial! You're not resenting my entrance! This can't be an auto agency.

Salesman—Indeed it is. Have a chair! Relax!

Customer—Stop kidding. I know no ice flow can melt that fast.

Salesman—I'm not kidding. I'm happy to see you and trust I may interest you in a new car.

Customer—Quick, an aspirin tablet!

Salesman—Certainly. Take a couple on the house.

Customer—Two won't be enough. Let's get this straight. Are you really an auto salesman?

Salesman—Certainly.

Customer—And are you authorized by the boss to welcome a prospective buyer this way?

Salesman—Yes, he is out of the icepack, too. What model would you like?

Customer—You mean without putting my name on a list?

Salesman—Exactly. No more lists.

Customer—That's going to be a little hard to get used to. It gives a man prestige to be on those waiting lists. I was on so many that, if by some miracle production had suddenly caught up with the demand, I would have had 15 new cars at my door.

Salesman—From now on you get a car when you want it.

Customer—Right away?

Salesman—At once.

Customer—With no political influence?

Salesman—None.

Customer—No angles?

Salesman—Not one.

Customer—No bonus?

Salesman—Not at all.

Customer—What about my old car?

Salesman—we give you a fair price for it and don't even insist you trade it in if you can do better at private sale.

(The customer faints.)

Two new types of phonograph discs are on the market, both operating at different speeds. Neither can be played on the same machine or on the orthodox phonograph. The proper inquiry in the home now would seem to be, "Would you like to hear a new record or don't you care to get mixed up with an engineering problem?"

Florida has never had such fun as it has been having playing up those newspaper photographs of snow on the orange groves of California.

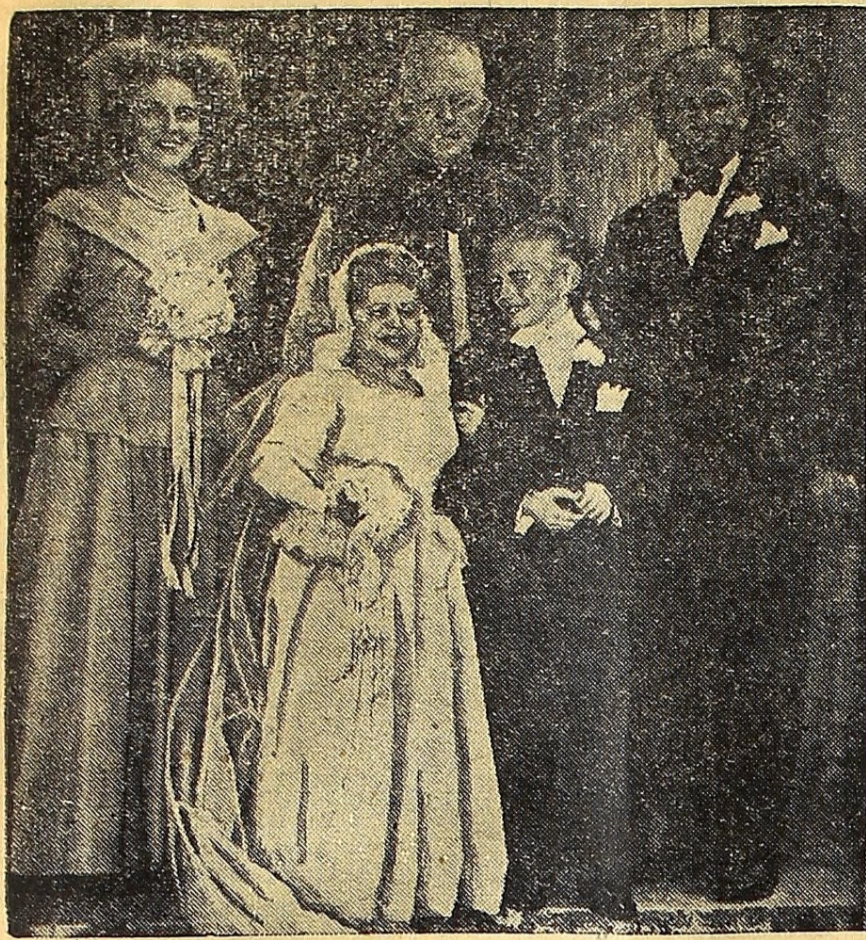

A Detroit engineer says that a jet motor is near development for automobiles. Folks along super highways had been under the impression they were in use already.

In a jet-propelled auto a lot of the charm rests in the fact you never know a traffic light has turned red on you except by rumor.

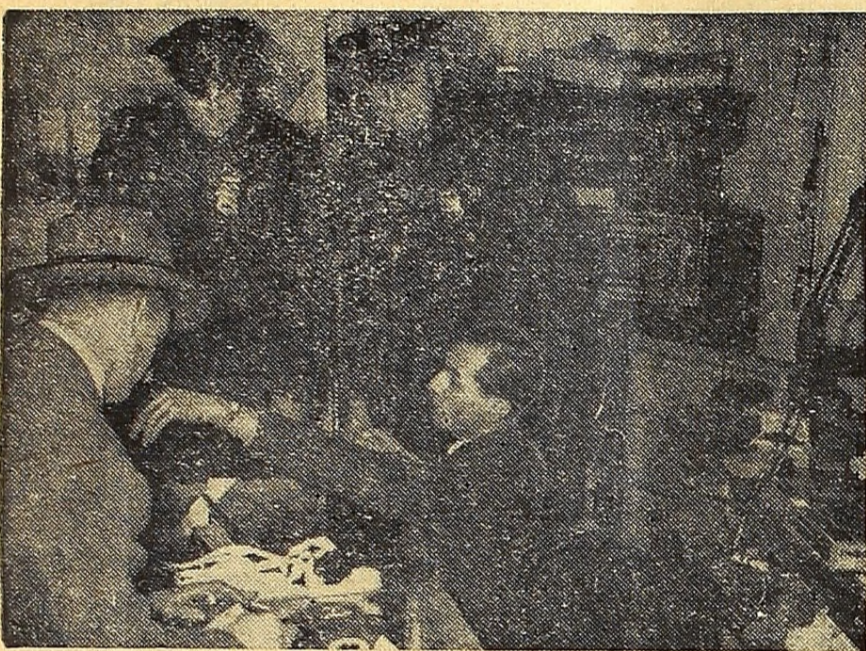

"White House repairs may now cost four instead of one million dollars."—News item.

More Hollywood and New York restaurant men sat on that piano than we had realized.

We were all for that pay increase for the President.

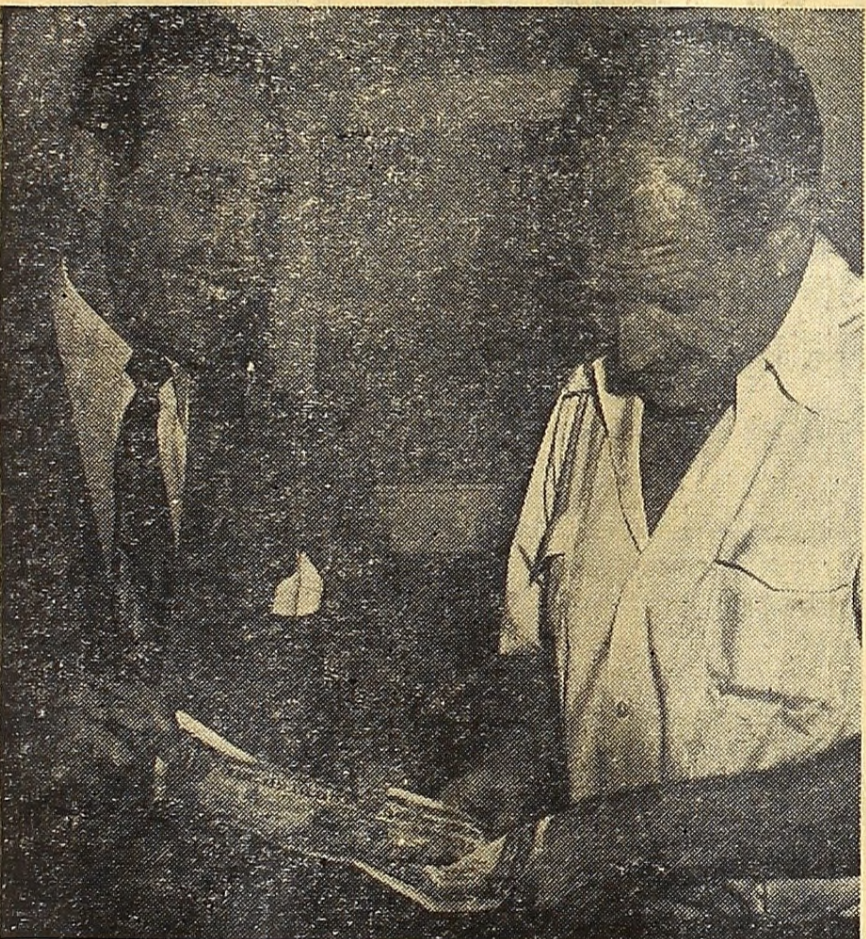

**FULL-SIZE WEDDING FOR SHORT-SIZE FOLKS . . .** Full-size wedding bells rang out for a romantic couple from the pint-size world. Sandrina Gazzano, 40, who is 37 inches tall, wed Eddy Kozlicki, who is 39 inches tall. The maid-of-honor is Betty Kozlicki, sister of the groom, and the best man is Frank Woods. Msgr. William Barry performed the ceremony. Sandrina is from Pisa, Italy, and Eddy is from Wilkes Barre.

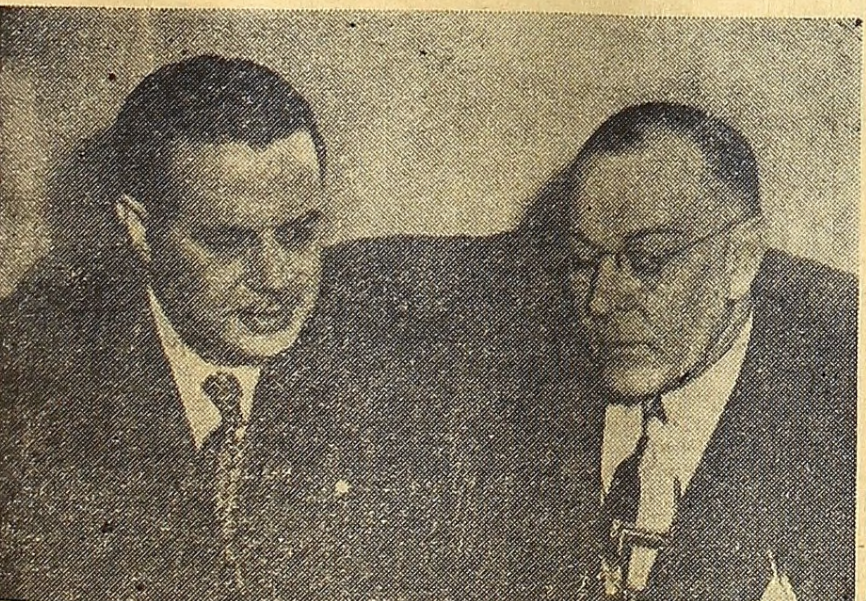

**NEW UNIFORM . . .** M/Sgt. Edward Ancas is shown here modeling the air force's new slate-blue uniform at its first official showing at the Pentagon building in Washington. Uniforms for both officers and enlisted men are identical, but will not be in use before 1950.

**VICTIM OF GEM THEFT . . .** Kneeling in his littered office, jeweler Jerry Pecorelli shows New York policemen how three holdup men taped him and bound his wife to a desk leg at Dynamic Setting company before fleeing with approximately \$15,000 worth of jewelry. Pecorelli and his wife reside in Weehawken, N. J.

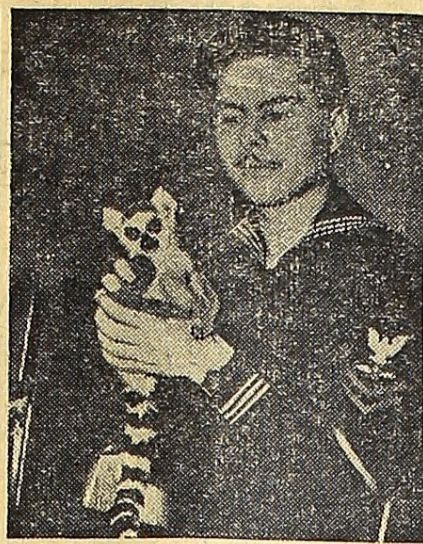

**OPPOSES GAG RULE . . .** Sen. John C. Stennis (D., Miss.) leads the southern delegation's fight against an overall gag on senate debate. He has, however, agreed to support rule banning filibuster on national security.

**FELLER FOOLING HERE—REALLY DOESN'T LIKE PAY CUT . . .** All the amiability showing on the face of "Rapid Robert" Feller, Cleveland Indian hurler, is just for the cameraman and the occasion. This conference over pay came to naught after two hours. Here, Feller and Cleveland prexy Bill Veeck are holding the ends of a bogus dollar bill. Feller was reported to have been asked to take a cut in his estimated take of \$82,000 last year.

**GOP CHAIRMAN RETAINS POST . . .** Hugh D. Scott, Jr., shown above at left, retained his position as chairman of the national Republican committee by a narrow margin after the committee voted on the issue in a meeting in Omaha. Scott discusses strategy with A. V. Shotwell, GOP national committeeman from Nebraska. Many thought Scott would lose out because of the spirited battle waged against him by Dewey foes.

**PALS WITH LEMUR . . .** Harley F. Cope, photographer's mate 2C, makes friends with a lemur brought from Madagascar by members of a U. S. navy science group. The group studied tropical diseases on a 32,000-mile trip.

Grantland Rice

THE MONTHS of September, October and November still lie some distance to windward. But things are happening now that will affect the coming autumn such as arranging football schedules. Especially the schedule that Notre Dame will face.

It might be mentioned that Notre Dame, after all the hullabaloo, did better than all right. Southern Methodist, Tulane and North Carolina offer three of the better games of the year.

Southern Methodist was a southwestern champion last fall, and probably will be again this year with Doak Walker and Kyle Rote back in action. Tulane has one of the best teams in the South. Tulane and Vanderbilt look to be two southern leaders next fall. North Carolina will have the brilliant Justice and the able Art Weiner back, but there will be many gaps to fill. Carl Snively will fill them well. He usually does.

These three additions to the Irish slate are hooked up with a far stronger Navy team, Southern California, Purdue, Indiana, Iowa, Michigan State and Washington—no easy march. This is better than the average schedule. It has no deliberate soft spots that so many others have. It will certainly be a total of eight hard games.

Notre Dame, like Michigan, North Carolina and others, will lose good men and return good men. But you can gamble—if you like to gamble—that Frank Leahy will have a first-class squad with fast, hard-hitting runners and at least two good passers. You can also be fairly sure he will have a good line.

What about Army's schedule? It has a number of soft spots, but it also has some rough-and-rocky bridges to cross. One of them is Michigan. That's a sure thing. Others can be Stanford, Pennsylvania and Navy.

But outside of Michigan, there is no trouble ahead. This forces too much pressure on the Michigan game. A defeat here can play havoc with either team's final ranking—more with Army than with Michigan.

Army will have a fine backfield and uncertain line strength with such stars as Yeoman, Henry, etc., missing. Her ends will be her strongest point.

Navy, again, has no chance to beat her schedule, the toughest in football. The 1949 menu includes Southern California, Notre Dame, Army, Pennsylvania, Duke, Princeton and others of heavy calibre. But the 1949 Navy squad should move well up in the year's ranking. It should be a big improvement over recent seasons.

Oklahoma will be strong again. But Wilkinson has a winning grip on the situation with a team that can exchange class with anyone around.

**Ivy League Returns**  
There has been a tendency in recent years for other sectors to look with a certain amount of scorn on Ivy league teams. Part of this was justified, although scholarship requirements in the league are well above the average, no matter what you hear.

As far as 1949 is concerned, the ivy-covered colleges and universities will have no apologies to offer any section in the matter of football ranking. Last fall, Cornell and Dartmouth would have been an even match for most of the leading teams of the Midwest South, Southwest or Far West.

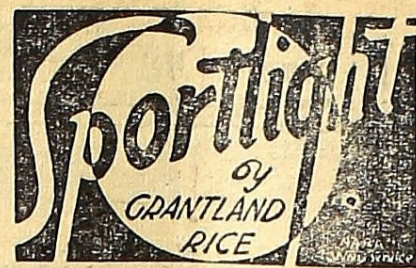

This will be true again this year. Few of the better teams in any section will have backs to match the Big Red or the Big Green. I mean such backs as Johnny Clayton of Dartmouth, a passer of the Bertelli type—or Frank Miller and Jerry Fleischmann of Cornell.

Lefty James and Tuss McLaughry had two fine teams last fall. They would have been even bets against any team in the Big Nine except Michigan—which is favored over many. This new season they can be joined by Princeton and Harvard.

Princeton's outlook is good. So is Harvard's. Both can be first class. Brown can also move up. Pennsylvania is never weak. George Munger loses Chuck Bednarik and a few other good men, but if you keep track, year after year, you'll find the Red and Blue a rather rugged barrier.

Columbia is definitely below 1948 form, even with the redoubtable Lou Little in charge. Columbia is never flooded with material, and no team can lose 12 of its best men from a small squad—such men as Kusserow, Rossides, etc.—and hope to have much left. It will take the full genius of Lou Little to win a game here and there.

**BEST-FILLED SWEATER . . .** In Florida, that is. According to a select corps of judges, the garment is worn by Martha Mitchell, Florida's "sweater girl" for 1949.

**Pigskin Previews**

**RELIEF AT LAST**  
**For Your COUGH**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

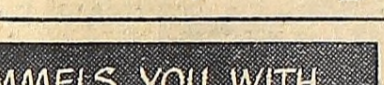

**CREOMULSION**  
for Coughs, Chest Colds, Bronchitis

**EASY! EASY!**  
**Luscious Bran Muffins**  
... with Raisins!

Tasty Kellogg's All-Bran and luscious raisins . . . a mouth-watering flavor combination!  
2 tablespoons 1 cup sifted shortening flour  
1/2 cup sugar 2 1/2 teaspoons baking powder  
1 egg 1/2 teaspoon salt  
1 cup Kellogg's All-Bran 1/2 cup raisins  
3/4 cup milk 1/2 cup raisins  
Blend shortening and sugar thoroughly; add egg and beat well. Stir in Kellogg's All-Bran and milk. Let soak until most of moisture is taken up. Sift flour with baking powder and salt; stir in raisins. Add to first mixture and stir only until flour disappears. Fill greased muffin pans two-thirds full. Bake in a moderately hot oven (400°F.) 25 to 30 minutes. Make 9 marvelous muffins.

America's most famous natural laxative cereal—try a bowlful today!

**FIRST AID to the AILING HOUSE**  
by Roger C. Whitman

**QUESTION:** "When we moved into our apartment, we purchased from the previous tenant the inlaid linoleum on the kitchen floor. The quality is excellent, but the color is a dirty gray-green in a marbled pattern. Is there any product which will stain or dye the linoleum (not paint) so that we can get a deep blue tone and still retain the marbled effect?"

**ANSWER:** I do not know of any stain or dye for that purpose. But you may be able to get the effect that you want by stippling in two colors, or else by applying a "spatter-dash" finish. For the stippling, first cut a large sponge in half. Apply an oil floor paint of the background color that you wish on the floor. When this has dried, paint a section of clean board with a second color that you will use for stippling, press the flat, cut side of the sponge on this fresh paint, and then press this on the linoleum. The pattern of the cut sponge thus will be transferred to the floor.

For a spatter-dash effect, use a stick and a brush with a rather long bristle. Dip the brush into the paint and wipe off the excess. Strike the brush ferrule against the stick so that the paint will come off in drops on the floor. (The floor should already be painted with the background color.) Try these methods first on pieces of boards to get the knack. See that the linoleum is absolutely clean and dry before you start to paint, no grease or wax.

**Reducing Lamb Losses**  
Fortifying sheep rations with cobalt and iodized salt is a promising means of cutting down lamb losses on some farms.

**IF PETER PAIN PUMMELS YOU WITH BACKACHE**

● Rub in gently-warming, soothing Ben-Gay . . . It acts fast! Ben-Gay contains up to 2 1/2 times more methyl salicylate and menthol—pain-relieving agents known to every doctor—than five other widely offered rub-ins. Get genuine Ben-Gay, the original Baume Analgesique, for speedy relief!

**NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS**

**Like Hymns Most**  
In Chicago the American Music Conference completed a national survey, reported findings no disk jockey in the land could be expected to believe, says Pathfinder. From returns on questionnaires sent to a representative 4,537 U. S. families, AMC announced that 60.8 per cent families put religious music, particularly hymns, at the top of their list. Furthermore, churches were rated above theaters and concerts as the No. 1 outside factor in stimulating musical interest.

**Safer "Pick Up" at Home**  
Some of the picking up that must be done around the house is difficult or even dangerous if done by hand. Because burns and cuts are some of the most frequent home accidents suffered by women, more care should be taken with hot and sharp articles. Use tongs to lift jars from hot water in canning, large vegetables from cooking water, baked potatoes from the oven, hot rates or lids from the fire. Use tongs to lift silverware from hot rinse water.

## The Tawas Herald

Entered at the Tawas City Postoffice July 12, 1884, as Second Class Matter Under Act of March 1, 1879

P. N. THORNTON, Publisher

### Mclvor News

Mr. and Mrs. Harold Parent were callers in Tawas on Tuesday. John Jordan was a business caller in Tawas Monday.

Clyde Wood and Ed. Magniski went ice fishing Monday we hope they had good luck.

Mrs. Merlin Jordan and family visited her father's sister, Al Fortune and Mrs. Howard Collins Saturday.

Mrs. Octave Miller visited Mrs. Herbert Schroeder Friday. Mrs. Merlin Jordan's Stanley Brush party was well attended. Prizes were won by Mrs. Joseph Schneider, Sr., Mrs. Silas Thornton, Mrs. Lyman Willis and Mrs. Herbert Schroeder. A delicious lunch was served. A good time was had by all.

Mr. and Mrs. Frank Ranger and family of Flint visited Mr. and Mrs. Anshur Ranger and daughter over the week-end.

Mrs. Felix Johnson is spending a few days in Bay City.

Mrs. William Drager was a caller in Tawas City Monday.

Mr. and Mrs. Clyde Wood were caller in Tawas Saturday.

### Policy for Scholarships for Teachers Announced

Each year the State Board of Education will make 1000 scholarships available to qualified graduates of Michigan High Schools and college students in acceptable academic standing interested in preparing to teach in elementary and secondary schools in rural and urban area. The policy for the general administration of these scholarships is given below:

1. Duration of scholarships. The scholarship will be valid for a period of two academic school years (four semesters), providing the recipient maintains an acceptable scholastic record. The scholarship may be used for both the academic school year and the summer session, but not to exceed two full years. Any unused portion of a scholarship, upon approval of the college, may be used if the student has interrupted his training. The college should advise the secretary of the Committee on Scholarships, Department of Public Instruction, when a student withdraws from college.

2. If, during any semester, the scholastic record of the student is unsatisfactory the college will advise the secretary of the State Board of Education and in accordance with present practice, the Secretary of the Committee on Scholarships will notify the student by letter that the scholarship has been withdrawn.

3. Candidates eligible for scholarships: For all practical purposes, the 1000 scholarships for elementary and secondary and rural prospective teachers should be considered as serving similar purposes. In view of the shortage of both rural and elementary teachers and the oversupply of secondary teachers, preference in awarding scholarships should be given to prospective elementary teachers. Attempt should be made also to insure the proper balance in numbers between holders of scholarships in the first two and last two years of college.

4. Quota of scholarship to be assigned to a college. The quota of scholarships conferred by a college will be determined by the proportion of certificates conferred by the college during the last five year period to the total number conferred by the four Colleges of Education for the same period.

5. Distribution of application for Scholarship forms. Application forms will be distributed by county superintendents and commissioners of schools and by the Colleges of Education to the high schools in their respective areas. An attempt should be made to assign a scholarship to each high school in the State.

6. Procedures for processing scholarships. Completed scholarship blanks will be sent by the institution to the secretary of the State Board of Education, Department of Public Instruction, Lansing. The candidate will be notified immediately of the action of the Committee on Scholarships. A carbon copy of the notification will be sent to the college, and also the county Superintendent or commissioner of schools when the application was submitted by the county officer.

### Oil That Lubricates

The ability of an oil to lubricate has little relation to its viscosity, but is rather determined by the chemical structure and composition. If the clearance between moving parts is close and a heavy oil is used, the friction may be great enough to heat the oil and thereby make it thinner; but its lubricating properties are still just as good as before.

### Turn Mattresses

Turning a mattress every week not only assures longer wear, but also greater comfort and sleeping benefits as the wear is distributed by turning from side to side one week and end to end the next. When turning an inner-spring mattress, however, care should be taken that it is not bent as this may damage the inner construction.

### Hemlock Road

On Tuesday evening Miss Norina Kobs, Mrs. Irene Lorenz, Mrs. Hazel Earl entertained at the Kobs home with a shower for Dora Miller. Sixteen ladies were present. Bunko was played and prizes were won by Agnes Long, Josie McArdle, Mrs. John Miller, Iva Earl, and Erma Kobs. Everyone enjoyed a pleasant evening and Dora received lovely gifts.

Greenwood Grange met on Thursday night with 13 present. It was decided to change the meeting night to Monday instead of Thursday.

Ladies Aid met with Mrs. Will Herriman on Thursday.

Mr. and Mrs. Charles Katterman were business visitors in East Tawas on Thursday.

Mrs. Harry Flynn is in Flint on business.

Mrs. Lawrence Ball entertained several children on Monday from four o'clock to six o'clock in honor of her daughter, Catherin's birthday anniversary.

Mr. and Mrs. Russell Binder and sons were Saturday evening dinner guests of her parents, Mr. and Mrs. Charles Brown.

A number of our ladies have joined the Whittemore Eastern Star.

Mrs. Alton Durant was Sunday afternoon caller at the Victor Herrimans.

Mrs. Mildred Vervoort spent Thursday and Friday in Saginaw and attended the wedding of her niece.

Mrs. Charles Brown called on Mrs. Fred Pfahl on Monday.

Mr. and Mrs. Roland Fahselt of East Tawas spent Sunday with his parents, Mr. and Mrs. Martin Fahselt.

Gale and Dvane Durant spent Saturday with Harry Herriman.

### Burleigh News

Victor St. James and son, Gerald and Pat Corrigan were at Prescott Saturday.

Mr. and Mrs. George Smith and son, of Sherman, visited with relatives here Wednesday evening.

Elwood Ruckles and Gerald St. James were at West Branch Monday having some dental work done.

The bridal shower held at the Town hall in honor of Miss Francis Van Sickle Friday evening was well attended with the bride to be receiving many beautiful presents.

Mr. and Mrs. William Bamburgher of Sherman visited at the home of her parents here Monday evening.

Mrs. Eva St. James and daughter were at West Branch Monday for medical treatment.

Mr. and Mrs. George Grabow accompanied by Mr. and Mrs. Lawrence Jordan of National City spent the week-end with relatives at Flint.

Orville Bellor and Alex Lynch visited with Pat Corrigan Tuesday evening.

A number from here attended the dance at Hale Monday evening.

A number of friends gathered at the home of Martin Haala last Friday evening and gave him a pleasant surprise, the reason being his birthday. The evening was spent in playing cards and games, lunch and drinks were served and all reported having had a good time. They all left for their homes at an early hour Saturday morning, wishing him many more happy birthdays.

### Chocolate Bars

To satisfy the American people's craving for chocolate bars, 224,834,095 pounds of chocolate were converted into bars last year, census figures show.

### Physician Casualties

Two hundred and ninety physicians were killed in action in World War I, and 535 died while in service.

### Hale News

The Dr. Kelker Bible Class met at the Dorcas rooms on Monday evening for their regular monthly meeting. Mrs. Fred Humphrey and Mrs. Robert Buck were hostesses. A number from here attended the funeral of Mrs. Harry Latter in Reno on Tuesday.

The Herman Huber family and Hazel Buck were visitors in Bay City last Friday.

Mr. and Mrs. Paul Kanen were visitors in Twining over the week-end.

The Hale Grange met for their monthly meeting at the Grange Hall on Tuesday evening.

George Webb is driving a new Ford car.

Mr. and Mrs. Alfred Boomer of Midland were visitors at the Robert Buck home last Thursday.

The P-TA will have their monthly meeting this Thursday evening with an open house and a good program.

## Saginaw Valley Survey Proceeding Rapidly

The Army Engineer survey of Saginaw Valley flood problems is proceeding more rapidly than we expected due to extremely favorable weather conditions this winter, W. E. Dennison, Vice Chairman, Saginaw Valley Regional Planning Commission and President of the State Association of Supervisors, announced following a conference in Detroit this week with Colonel Louis J. Rumaggi, District Engineer.

Engineering surveys are completed at Frankenthum and Vassar and two field parties are now working in Midland, two the Cass River in Sanilac County and one

in the Shiawassee Flats above Saginaw. Surveys at Midland and in Sanilac County are nearly completed. Col. Rumaggi recently obtained approval of aerial photographs at several locations. Dennison was advised. Engineering surveys include river cross sections, topography of flood areas and potential storage basins and details of bridges, obstructions, etc.

### Milk Center

Harvard, Ill., has been called the "milk center of the world." It is situated in a rich dairy section in northern Illinois, close to the Wisconsin line, and has three receiving plants to which milk is brought from many miles.

## DHIA Monthly Report

David Parent, tester for Iosco County Dairy Herd Improvement Association reported 22 herds on test for the month of January with a total of 240 cows. The average production of all cows tested was 25.6 pounds of butterfat from 671 pounds of milk.

High herd production for the month goes to Arthur Povish with a herd of 15 registered holstein cows which produced an average of 1286 pounds of milk and 50.9 pounds of fat.

Will Waters takes second honors with a herd of five grade Holstein and Red Dane which produced an average of 120 pounds of milk and 49.1 pounds of fat.

### From Your County Agent—

#### Notice to Tomato Growers

A little pre-season planning can be of great help to tomato growers says county agricultural agent, Harold R. Clark.

With the aid of Ed. Andrews, Michigan State college extension plant disease specialist the agent presents a few tips on tomato disease control in Michigan.

Tomato late blight is the most spectacular disease. An epidemic can develop and destroy an entire planting within a few weeks. This has happened to a number of Michigan fields.

Anthracnose rot and other foliage diseases, however, take a heavier toll than late blight. Fungi which cause these diseases live in the soil on plant refuse. They are always at hand to infect the tomato plant whenever favorable weather occurs. Foliage disease kill vines and leaves, exposing fruit to sun scald and stunting growth.

Andrews advises that growers discard all seedlings that have spots on the leaves or lesions on stems. Locate the planting on soil that has not grown tomatoes for three years.

Spraying or dusting during the growing season is good crop insurance. It should be done with a fixed copper or a zinc carbamate six weeks after setting plants in the field. The application should be repeated every 10 days. Reduce the intervals during rainy periods and lengthen intervals during dry periods.

Some carbamates do not control late blight, however, Agent Clark can advise growers the correct fungicide to use in these cases.

#### Black Widow Spider

Black widow spiders are found in all parts of the United States. They are jet black with a conspicuous, orange-colored hour-glass marking on the under side. The bite of this spider causes extreme cramp-like pain and muscle rigidity. Death is reported in about 4 per cent of cases.

#### Lake Transportation

Great Lakes transportation is growing from year to year. Eighteen thousand men now make their living from it.

Relieve distress of MONTHLY FEMALE WEAKNESS

Are you troubled by distress of female functional periodic disturbances? Does this make you suffer from pain, feel so nervous, tired—at such times? Then go to Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's has a grand soothing effect on one of woman's most important organs! LYDIA E. PINKHAM'S VEGETABLE COMPOUND

When Your Back Hurts—And Your Strength and Energy Is Below Par

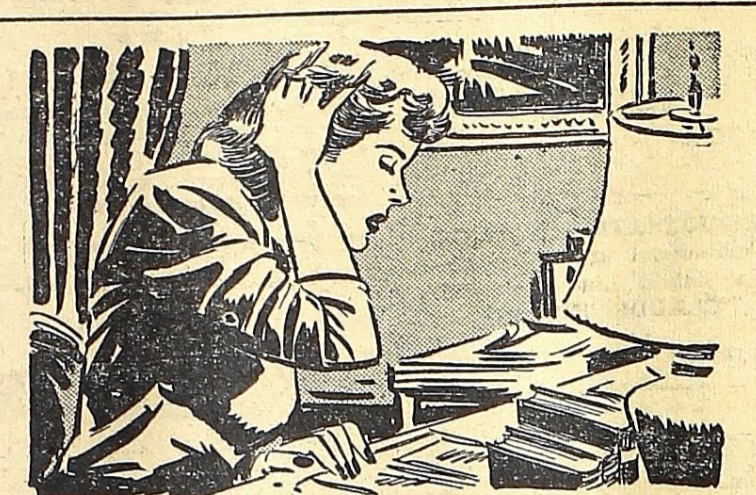

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

**DOAN'S PILLS**

## MIRROR of your MIND Work Can Cure Insomnia

Can you "work yourself to sleep"?

**Answer:** Yes—I do it regularly. For whatever gives you a sense of security will help you to sleep once you are tired, and if you get this sense from the knowledge that you've done a good job—or made progress at one—you may find that working the last thing before you go to bed puts you to sleep as nothing else will. But if your job is distasteful, or if you're inclined to worry over how well you have done it, some form of "escape" like reading a detective story will be likely to prove more effective in making you sleepy.

Do Indians ever stutter?

**Answer:** Practically never, reports John C. Snedcor of the University of California in the Quarterly Journal of Speech. He interviewed 800 American Indians and got reports on 1,000 others, but could find only two half-breeds with speech difficulties—in fact, he learned that two Indian dialects

have no word meaning "to stutter." He says one possible reason is that Indians don't try to make left-handed children use their right hands, while another is that children who are injured at birth don't have much chance of surviving.

Can mankind be freed from superstition?

**Answer:** I very much doubt it. For it's not by chance that people adopt superstitious ideas; it's because they cannot get along without them. There are many men and women who would be unable to face life's uncertainties without some sort of guarantee of getting through them safely, and whether this guarantee comes from a lucky penny or a rabbit's foot makes little difference because if they did not have one "charm" they would invent another. Superstition will survive until men become more self-reliant than seems probable for centuries to come.

## LOOKING AT RELIGION

**ATOM**

USE OF THE ATOM BOMB AS A DEFENSE MEASURE AGAINST ANY AGGRESSOR IN TIME OF WAR WAS OVERWHELMINGLY APPROVED BY THE CHURCH OF ENGLAND RECENTLY.

A PLAGUE OF LOUISIANS, SUCH AS DESCRIBED BY THE PROPHET JOEL IN BIBLICAL TIMES, STILL OCCURS IN PALESTINE AND EGYPT EVERY DECADE.

THE LARGEST ARCHDIOCESE IN THE UNITED STATES IS CHICAGO WITH A MEMBERSHIP OF 1,775,868 CATHOLICS.

## KEEPING HEALTHY

### Snorers Are Unfair to Others

By Dr. James W. Barton

THERE are many who are allergic to noise. When on a train or in a hotel room an individual occupies a berth or room close to a snorer he may lose much sleep. Of course, by knocking on the side of the berth or on the door, he may waken the snorer temporarily; but the latter soon returns to his snoring.

Most individuals are told about snoring by their family or friends, and it is only fair that they should make an effort, at least, to break the habit.

Dr. Ian G. Robinson, in "Proceedings, Royal Society of Medicine (England)," states that snoring may be treated by:

1. Removal or prevention of obstruction of the nose which causes mouth breathing, as by the use of a solution for the nose before retiring. This solution may be one of the various preparations that shrink the lining of the nose; it is the swelling of this lining tissue that causes the blocking of the
2. Preventing the patient from sleeping on his back by sewing a cotton padding in the back of his pajamas.
3. Keeping the mouth closed during sleep by a strip of adhesive tape across the corner of the mouth.
4. Removing infected tonsils, which prevent the pillars at the back of the throat from vibrating.
5. Cutting a part of the uvula away and preventing it from vibrating lowers the degree and the pitch (sound) of the snore, but does not prevent it entirely.

It is not too much to ask those who snore to do this much for those who cannot sleep because of this bad habit.

## HEALTH NOTES

Workers with heart disease can be employed and should be employed for their own well being. Recently it was reported that of 2,081 heart patients—the entire enrollment of 10 heart clinics in New York City—65 per cent were doing some work, and of 543 who were under 35 years of age, 80 per cent were employed in productive work.

The Montefiore hospital in New York City, as an experiment, is supervising the care of 50 patients in their homes who cannot afford the services of a private physician. An analysis shows that the cost involved in the home care for one patient is approximately one-fourth the cost of maintaining the same patient in a hospital.

## KATHLEEN NORRIS Failing Marriage

Bell Syndicate—WNU Features By KATHLEEN NORRIS

AMERICA comes first with me in everything. Ninety-nine times in a hundred she stands head and shoulders above the rest of the world. In the hundredth case I pass as lightly over her shortcomings as I can and hope—and know—that coming generations will correct them.

So one evening some weeks ago I was made really unhappy by the quite innocent and unaffected talk of a certain French professor. We happened, as we sat about a friend's fire, to get on the subject of European marriage and the entirely different attitude in which young persons overseas approach this tremendous subject.

And as I listened, I had uncomfortably to admit in my soul that theirs is a wiser attitude and a wholesomely plan than ours and one calculated to build better homes and children, better communities and better men and women.

**Accept Marriage Naturally**

"Marriage with our women," he said, "is an accepted state. It is not an experiment. The girl becomes a wife just as definitely as she is a French woman, blonde or dark, short or tall, hardworking, well-to-do or somewhere between. Married, she and her husband can afford so much or so little; he needs her help in the shop or restaurant or farm, as a secretary or with the hospitality that maintains his position. They want and are expected to have children.

"They face the facts," he said. "They do not attempt to deny or elude them. They make the most of what they have. Our women like the quiet certainty of marriage, with its plans, protection and com-

... we feel that we gain more...

panionship. It is not with us a springboard; it is a deliberately chosen new way of life. We give up much—old ways, old freedom, old amusements. But we feel that we gain more.

"Alimony is low, among the great body of France's sober and industrious people of the great middle class—the people whose scheme includes villas, cars and country holidays and a couple of steady family servants, whose position is quite as definite and respectable as those of their employers.

**No Need for Pretense**

"Youngsters," she said, "approach marriage with care and with the help of family interest and advice. Their parents know the young man, his background and his record. The girl knows what money she will have to spend and her mother and father advise her as to outlay. Everyone knows everything, so there is small need for display or pretense.

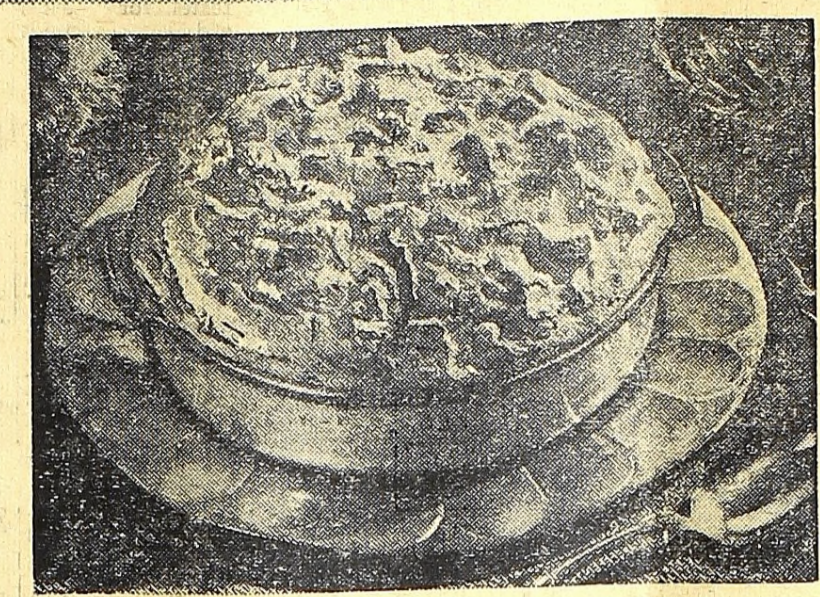

"Once married, she is—married. Her house, her linen, her children and her hospitalities are all-important to her. Her husband comes first. He must be comfortable; he must be made to feel himself loved. He has faults; so has she. But tradition and training save them both from many pitfalls that your young married persons know and of which they become victims.

"The families and friends do not drop in on them unexpectedly during the first year. They are not expected to take groups of young friends to expensive night clubs and foot the bill. Children are expected, and with the coming of children the woman finds herself more important than before. She is wife, mistress, mother, housekeeper. That she remains balanced and self-controlled and equal to doing her duty means that everything else in the household goes well."

He told me that psychologists do not do a good business in France, in the Scandinavians or among Belgian, Swiss and Polish wives. These are women with a job, a position and affectionate home ties to keep them balanced.

Weigh these three elements and you will see what is lacking in the lives of so many thousands of our young married women. Our young wives don't know where they stand. And too often the husband is unfit for partnership and as confused as the wife. She wants amusement; she wants her sitting room torn to pieces and done over; she wants a fur coat. What she wants has no reference at all to what money she has to spare for it. She and her husband go to cocktail parties and evening bars, quarrel, come home half-sick with a sense of frustration.

## HOUSEHOLD MEMOS... by Lynn Chambers

Serve Baked Puddings for Dessert! (See Recipes Below)

### Oven Magic

THERE IS NOTHING more warming to cold spirits than to come from the chilly out-of-doors into a kitchen fragrant with the baking of fruit desserts. These, served warm with cream, make a very special finish to the ending of a meal.

Homemakers will appreciate being able to use the oven for more than just the main dish and vegetables. When you bake your dessert along with the meal, you save time and last-minute preparation.

THIS SPECIAL rice pudding has much to offer since it's combined with tasty apples and a delicate butterscotch meringue as topping.

**Apple Rice Pudding (Serves 6 - 8)**

- 1 cup uncooked white rice
- 6 medium apples, thinly sliced
- 1 teaspoon salt
- 1 cup sugar
- 1 teaspoon cinnamon
- 3 cups milk
- 2 egg yolks
- 2 egg whites, beaten
- 4 tablespoons brown sugar
- 1 teaspoon vanilla

Wash rice and cook in saucepan with 1 quart boiling water and 1 teaspoon salt for 10 minutes; drain. Place half the apple slices in a buttered 2-quart casserole. Blend together salt, sugar and cinnamon and sprinkle 1/2 of the mixture over apples; add 1/2 of the rice and the remainder of the apples and sprinkle with second 1/2 of sugar mixture. Top with remaining rice and sugar mixture. Pour in milk which has been blended with beaten egg yolks. Cover and bake in a slow oven (300°f.) for about 2 hours, stirring occasionally, adding extra milk as needed. Uncover and cook 30 minutes longer to brown. To make meringue pudding: beat egg whites until they peak; add brown sugar, a tablespoon at a time, beating between each addition and continue beating until very stiff. Fold in vanilla. Spread on pudding and return to oven for 20 minutes or until lightly browned. Cool. Serve with a jug of cream.

LIKE THE ABOVE pudding, this next one uses apples, too, and has a buttery brown sugar topping with a hint of spice:

**\*Raisin Apple Pudding (Serves 10)**

**Batter:**

- 3/4 cup seeded raisins
- 2 1/2 cups sifted all-purpose flour
- 1 teaspoon salt
- 4 teaspoons baking powder
- 1/2 cup granulated sugar
- 5 tablespoons shortening
- 3/4 cup milk
- 2 eggs
- 2 cups thinly sliced cooking apples

**Topping:**

- 1/2 cup melted butter or substitute
- 3/4 cup brown sugar (packed)
- 1 teaspoon cinnamon
- 1 teaspoon nutmeg

To make batter part, rinse raisins and chop. Sift together, flour, salt, baking powder and sugar. Work in shortening. Add milk and eggs, beaten together, and mix well. Stir in raisins and apples. Pour into a

well-greased baking pan (about 10 1/2 x 7 x 2 inches). To make topping, blend all ingredients together and spread mixture evenly on batter. Bake in a moderately hot (375°f.) oven 35 to 40 minutes. Serve warm with plain or whipped cream.

PLAN TO SERVE your family prunes frequently as they are economical, delicious and nutritious. A good source of iron which builds red blood, as well as an excellent supply for thiamin, vitamin A and riboflavin which help safeguard health, prunes should find a welcome place in menus.

### Prune Bread Pudding (Serves 6)

- 4 slices bread, buttered if desired
  - 1 cup sliced, stewed prunes
  - 2 eggs
  - 1/2 cup sugar
  - 1 1/2 cup (1 can) evaporated milk
  - 1 cup boiling water
  - 1/4 teaspoon salt
  - Dash of nutmeg or allspice
- Lay bread in a shallow baking dish. Cover with prunes. Beat eggs until foamy. Add 1/4 cup of the sugar, milk, water and spice. Pour custard over prunes. It should be rather foamy to brown nicely. Bake in a slow (325°f.) oven until set, about 1 hour. Remove from oven. Sprinkle with remaining 1/4 cup sugar and set in a hot even or under broiler just long enough to brown. Serve warm or cold.

### Peach Pie Crust (Serves 6 - 8)

**Crumb Shell:**

- 1 cup finely-rolled corn flake crumbs
- 2 tablespoons granulated sugar
- 1/4 cup melted butter or substitute.

- 1 tablespoon plain gelatin
- 1/4 cup cold water
- 1 1/4 cups sliced canned cling peaches.
- 1/2 cup syrup from peaches
- 1/2 cup granulated sugar
- 2 eggs
- 1/4 cup lemon juice
- 1 teaspoon grated lemon rind
- 1 cup cottage cheese
- 1/4 teaspoon salt

**Crumb Shell:** Blend corn flake crumbs and sugar. Add melted butter and mix well. Pack firmly into bottom and sides of 8-inch pie pan. Chill thoroughly.

**Filling:** Soften gelatin in cold water. Heat peaches, syrup and 1/4 cup sugar. Beat egg yolks slightly and add gradually to heated mixture without stirring. Continue to cook and stir until slightly thickened. Dissolve softened gelatin in hot peach mixture. Blend in lemon juice and rind. Cool. Force cottage cheese through sieve and add to peach-gelatin mixture. Beat egg whites until foamy, add salt and beat stiff. Gradually add remaining 1/4 cup sugar, beating after each addition. Fold into peach-gelatin mixture. Pour into crumb shell and chill 3 to 4 hours before serving.

Chicken salad looks elegant when garnished with apricots rolled in toasted coconut, topped with whipped cream and a cherry.

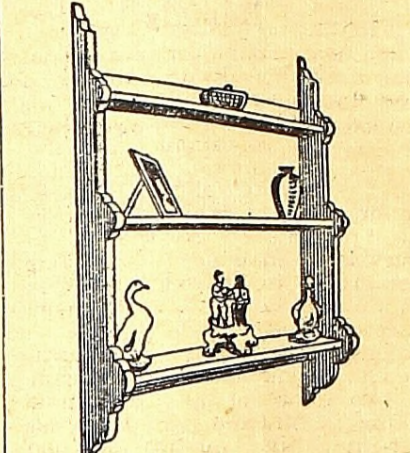

Raw cauliflowerets tossed with shredded raw carrots, blanched almonds and lettuce hearts in mayonnaise are crisp and delicious.

Garnish individual salmon salads with rottched cucumber slices, marinated green beans, tomato wedges.

Luncheon meat rolled with a filling of finely shredded carrot mixed with mayonnaise may be used with any vegetable salad.

## Whatnot Shelf Makes Fine Gift for Home

EVERYONE always seems to need whatnot shelves. This one is a reproduction of those used frequently in Colonial homes. No skill or special tools are required to make this shelf. Perhaps the most important piece of equipment needed is a 25c coping saw and the full

size pattern offered below. This specifies the materials to use and amount needed. Simple, step-by-step directions are included. Simply trace the pattern on the wood, saw and assemble. It should not take more than two evenings to turn out a professional looking job.

Send 20c for Newcastle Whatnot Shelf Pattern No. 31 to East-Bild Pattern Company, Dept. W, Pleasantville, N. Y.

## Sure helps you shake off COLDS

## Grandma's Sayings

THE MAN is purty smart who buys his wife such fine china she won't trust him to wash it.

—\$5 paid Mrs. Rea Derraux, Kaboka, Mo.

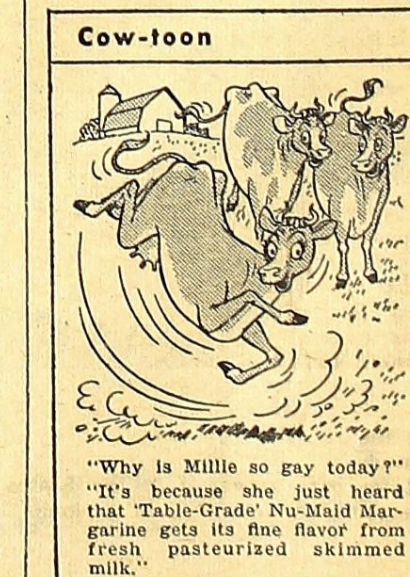

JES CAN'T WAIT to tell the news about new Nu-Maid! It's improved! Spreads easier. Tastes milder. A sweeter than ever. And "Table-Grade" Nu-Maid's sportin' a brand new package, specially made to protect that good tastin' "Table-Grade" taste!

IT'S GOOD to remember that loafin' becomes respectable, when the doctor sez it's necessary.

—\$5 paid Mrs. A. Gradwohl, Houston, Tex.

IT'S PLAN to see the difference in cakes 'n pies when you bake with a top quality shortnin'. And that means new, improved Nu-Maid—the better-than-ever margarine that's good tastin' in itself.

\*\$5 will be paid upon publication to the first contributor of each accepted saying or idea. Address "Grandma," 109 East Pearl Street, Cincinnati 2, Ohio.

"Why is Millie so gray today?" "It's because she's just heard that 'Table-Grade' Nu-Maid Margarine gets its fine flavor from fresh pasteurized skimmed milk."

# GRASSROOTS

by WRIGHT A. PATTERSON

**"Hidden" Taxes**  
 IN THE 1936 presidential campaign the Republican high command employed a group of specialists whose job was to provide facts and figures to be used by Republican orators and in the preparation of campaign publicity.

One of these experts specialized on the subject of taxation, a subject he knew thoroughly. For the campaign directors he provided definite and factual information as to the amount and the percentage of the price the consumer paid for more than 100 generally used commodities.

PATTERSON Those were the "hidden" taxes which the American consumer paid then, as he does now.

PARTY LEADERS and members of congress considered it politically inadvisable for either party to impart to American consumers the fact that they were paying the tax congress authorized be collected from the producing corporations, producing business concerns, big or little, and from the distributors of such commodities as were offered for consumer purchase.

As long as the consumers were not aware of the fact that they were paying these tax bills, both parties could make political capital out of soaking all corporations and all businesses involved in the production and distribution of commodities the consumer purchased.

Congress expected and received consumer-applause for the principal of making business, both large and small, the scapegoat of the ever-growing tax load. There were comparatively few votes to be had from producers for either party, but there were millions of consumer-votes.

SHOULD THE consumer-voters ever fully realize the fact that they are actually paying the taxes collected from the corporations' product and the distributors, the members of congress would have to account to their constituents for every vote they cast in favor of increasing the tax burdens. They would no longer be able to fool the consumer-voters.

Practically no use was made of the factual information that capable tax experts provided for use in that 1936 campaign. Members of congress and party leaders deemed it inadvisable. They preferred to let "sleeping dogs lie."

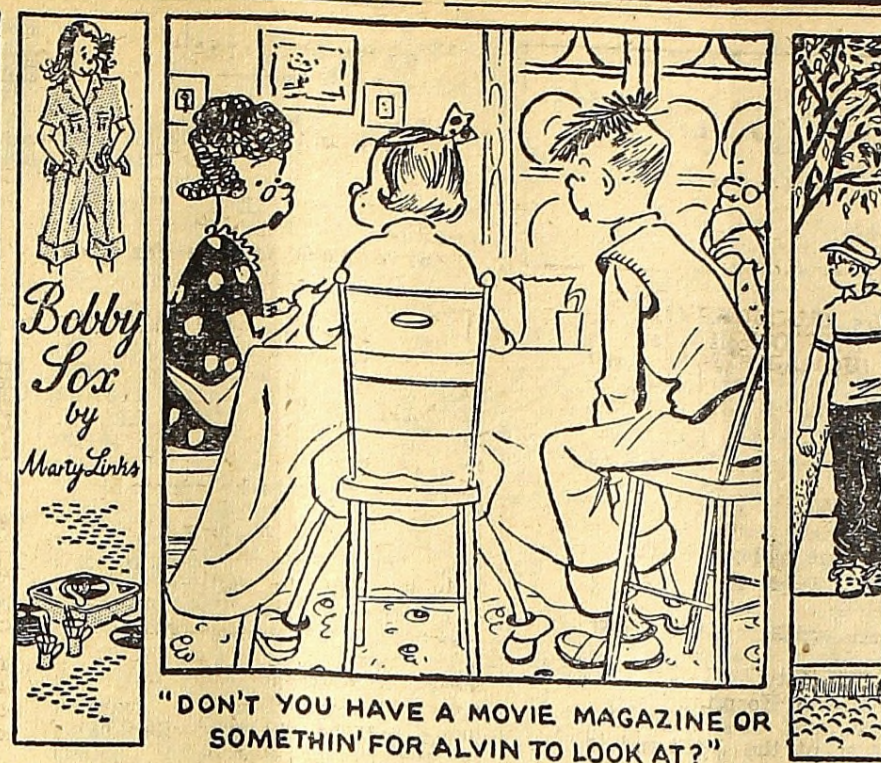

Under such conditions, and after so many years, doing which both parties have attempted successfully to fool the consumer-voter into believing the corporations, the producers and distributors were being forced to pay the cost of government, it was surprising, but also encouraging, to read the statement made by Senator Bridges of New Hampshire before the Senate. He was speaking of the proposed increase of four billion or more dollars in federal taxes. In effect, he said:

It is proposed that such increase be collected from the wealthy, from corporations, from commodity producers, from distributors, from business. The President knows, and members of congress know that while such increased taxes may be collected from such sources they do not pay it. They pass it on to the consumer as an increase in the price of their commodities. All businesses do that, from the producer to the distributor. It is a legitimate part of the cost of doing business. If they did not pass it on, it would close the doors of production and distribution and cause the loss of jobs to millions of workers.

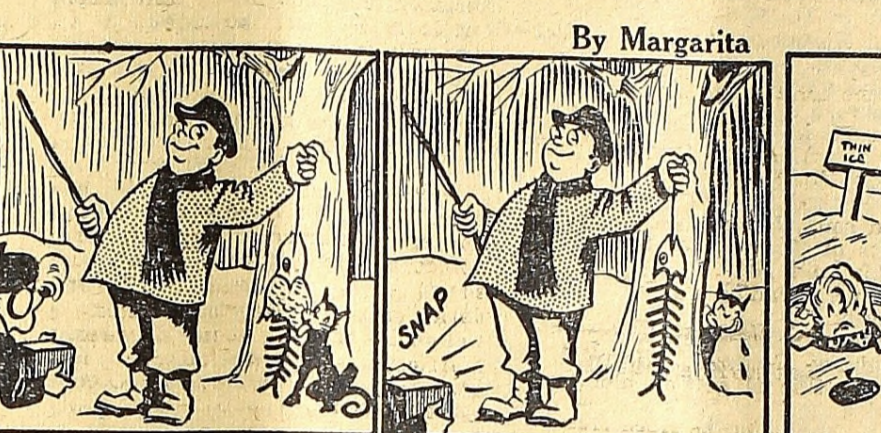

It is the consumer who pays the tax dollar the federal government collects, regardless of whom the government directly assesses.

To meet the President's budget that covers the ever-increasing cost of the ever-increasing size and amount of government, there will be more taxes. All of the increase will be paid by the consumer in the form of an increase in what the consumer buys. Such are the "hidden" taxes the members of congress would prefer the consumer-voters did not know about.

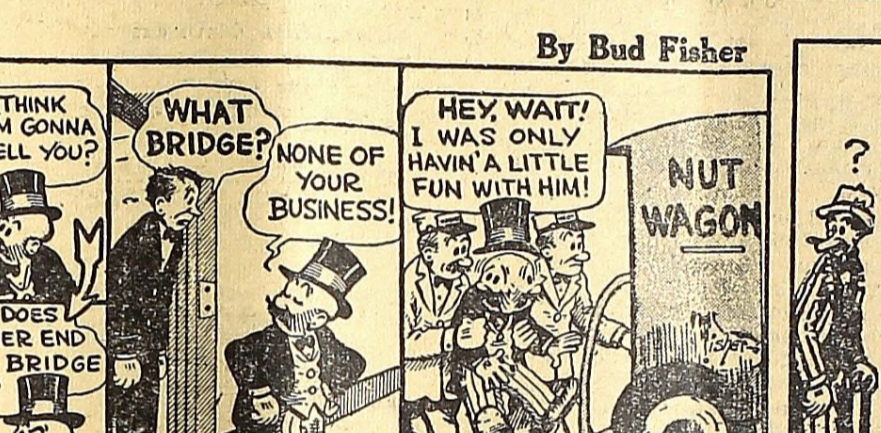

I know of nothing in the Constitution of the United States that would empower the federal congress to tell anyone what he must pay his office boy, or any other employee as wages. I do know that Article 10 of the Bill of Rights, a definite part of the Constitution, provides: "The powers not delegated to the United States by the Constitution, nor prohibited to it by the States, are reserved to the States respectively, or to the people." Under that provision, how can congress fix a minimum wage scale?

Bay City visited over Sunday with Mrs. Sevenson's parents, the Russell Andersons.

There has been a good attendance this week to witness "The Gay Nineties" show given by the Young Women's League at the Community House. The ladies have given a fine performance.

A Father and Son Banquet will be held at the Methodist church next Wednesday evening, February 23.

The annual Washington banquet which has been sponsored every year by Baldwin Lodge, F. & A. M. will be held at the Tawas City Gymnasium this year in connection with the installation of the order of DeMolay. Parents of the boys, members of the Masonic and Eastern Star families are invited.

Mr. and Mrs. Elmer Carpenter and Mr. and Mrs. Charles Cowan were in Detroit last week-end.

The Young Women's League Quartette and chorus entertained at the Kiwanis dinner Tuesday noon at the Holland Hotel. Mrs. Rex Kochenderfer was their accompanist and director.

D. A. Evans was in Midland last Sunday attending a bowling exhibition.  
Mrs. Raoul LaBerge and sister, Mrs. David Bergeron will attend the funeral of their brother-in-law, John McInerney of Saginaw on Friday. He was a former D. & M. station agent in Tawas City and was also telegraph operator. He is survived by his wife, Retta and ten children.

**No. 1** Continued from First Page.

Wesley Groff was taken to Samaritan Hospital Thursday morning after falling on the ice and injuring his right shoulder.

Mrs. C. Earl returned home Friday from Detroit after spending the past three weeks with her mother.

Mrs. O. J. Westcott entertained 14 little girls in honor of Martha Ann's birthday last Friday after school. Games were played after which guests enjoyed a delicious lunch from tables decorated in valentine colors. Martha received many lovely gifts from her little friends.

Mr. and Mrs. O. J. Westcott and Roy Wood visited Mrs. Roy Wood in Bay City, who is a patient at Samaritan Hospital.

Mr. and Mrs. Richard T. Prescott spent the week-end in Detroit with relatives.  
Mrs. Fred Blust spent the week-end in Pontiac and also with her son, Vernon in Dearborn Veteran's Hospital.

Bake Sale—On Saturday, February 19 at 2:00 at the Bronson Garage in Tawas City. Sponsored by the American Legion Auxiliary. Jesse Hodder Post.

Mr. and Mrs. Walter Schenkel and son, Walter, were business visitors in Wayne over the week-end.  
Mr. and Mrs. M. E. Irish spent the week-end in Saginaw with relatives.

Mrs. Arthur Allen is a patient at Saginaw General Hospital this week. She is getting along nicely and expects to be home soon.

**Tawas People Invited to Open House at Gaylord**

Following is a letter received from the Northern Michigan Tuberculosis Sanatorium of Gaylord, Michigan, dated February 10, 1949.

Dear Sir:  
You will recall that several months ago the patients of this institution organized a drive to raise funds for replacing the obsolete radio equipment they were using. The success of that drive is widely known and now we are proud to announce the completed installation of our new four channel radio system.  
In appreciation of the fine cooperation received from your newspaper and the splendid support of your community, we wish to extend our invitation to the people of Tawas City to attend our "Open House" on the afternoon of Tuesday, February 15, from three to five o'clock.

Sincerely,  
Grover F. Morrow,  
Chairman Radio Committee.

**Republicans of 10th District Organize**

Representatives of six of the fourteen counties comprising the 10th Congressional District of Michigan gathered at the West Branch Country Club Thursday evening, February 10 to draft tentative plans for the formation of a 10th District Republican Association.

These plans will be submitted to the regular delegates of the district to the Republican State Convention when that meeting is held in Grand Rapids this Friday and Saturday. Action of the delegates is necessary for the proposed plans to be adopted.

Under the proposed plan that was drawn by those present at the West Branch meeting each county would be entitled to two representatives on the governing board of the newly formed organization.

These representatives will consist, after the initial two-year term, of the County Republican Chairman and one other person chosen by the delegates to the respective county conventions. Selection is to be made at the county convention that is regularly held in the odd years just prior to the Spring State elections.

They further suggested that the governing board should meet at least three times each year and any special meeting could be held upon the call of the president or by the secretary on the petition of five members of the board.

Counties comprising the 10th district are: Mecosta, Osceola, Isabella, Midland, Bay, Arenac, Gladwin, Clare, Missaukee, Roscommon, Ogemaw, Iosco, Oscoda, and Alcona.

**DODGE TO INTRODUCE NEW KIND OF CAR BUILT FOR TODAY'S BIGGER TALLER AMERICANS**

Daring New Dodge establishes new trend... provides more head room, elbow room and leg room, at the same time decreasing outside dimensions. Extreme lines, uncomfortable seats and cramped interiors have no place in Dodge thinking.

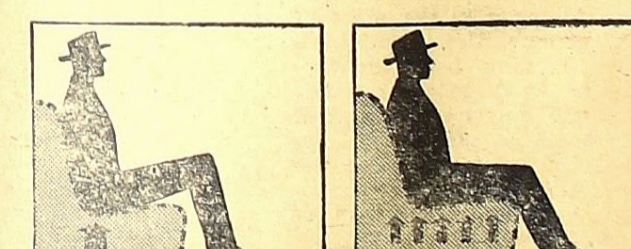

"BODY-CRAMPING ROOF LINES MUST GO," said Dodge! Army physical exams revealed that our wartime generation was bigger, taller and more active. A car with more interior space—not less—is the goal Dodge engineers achieved.

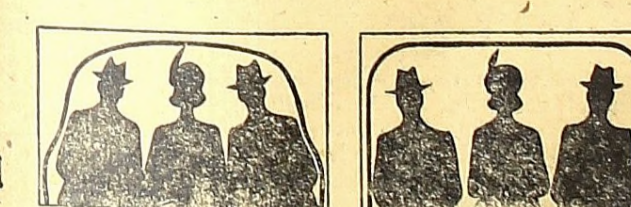

Army statistics revealed that the G.I.'s of World War II averaged 1 1/2" taller than the Doughboys of World War I. The same statistics showed they were also heavier and more active.

DODGE STARTED WITH A SPACIOUS INTERIOR—and practically built the rest of the car around it! Here is room to "room around" in—plenty of room to let the human body take positions that are natural and therefore comfortable.

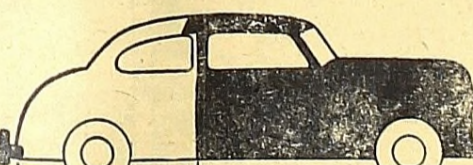

TIRING? YES! Doctors agree that people can't go for long periods "sitting on their spine" without becoming tired, irritable. Dodge did something about this, too!

NECK CRICKING? CONTOURS ARE ALREADY OLD-FASHIONED," says Dodge. How can today's bigger, taller Americans be comfortable in a car where it's even hard to lean back or sit up straight?

DODGE ROOMINESS IS ROOM ALL AROUND... The new Dodge, shorter, narrower and lower, gives you more elbow room... leg room... head room... that today's bigger Americans will WELCOME!

DODGE SAID "NO" TO THIS... repairing dented or torn fenders is sure to be costly when fenders are formed right into great masses of sheet metal. Now look below and see why Dodge owners don't have this worry.

DOWN GO REPAIR COSTS! No costly-to-repair, massive sheet metal fender sections in new Dodge. Fender unit is bolted (not welded) to body; easily removed, repaired and even replaced, if necessary, at reasonable cost.

LOWER ON THE OUTSIDE... Higher on the Inside... SHORTER ON THE OUTSIDE... Longer on the Inside  
NARROWER ON THE OUTSIDE... Wider on the Inside

Reg. Publitz, Sec.

Local fans will get their first look at the new backboards which were installed in the local auditorium last week, when the Elks meet Mio. They are made of white metal and are the official size. They will replace the old back-boards which were built in 1941. The total cost will be about \$125.00 for the boards and frame work.

With Dave Zier of Lansing, up for the week-end, the "old" Tawas Herald team of 1947-1948, got together for a match game at the Tawas City Recreation, Saturday night. Dave with his usual style, rolled a 610 series, topping the local keepers.

While most fishermen put their equipment away for the winter, some of the heartier "Isaac Waltons" get out their ice fishing equipment and head for Tawas Point or out on Tawas Lake. This year, hundreds of shanties are in evidence on the ice, and most of the men report they have had good luck in catching perch, and some fine pike have been speared on Tawas Lake.

"Only 71 more days until trout season," related Hosea Bigelow Thursday, "and that won't be long, the way these winter months have slipped by." All the local anglers are busy with their fly tying. Jim Roach, Jack Lansky, Hosea Bigelow, Eddie Berzinski, E. A. Cooney and Slim Woizeschke, to mention a few. One of the local fishermen tell us that Mrs. Jack Lansky is having her home re-decorated with some nice hand tied trout flies, seems as though Jack is really getting prepared for the coming season, and has flies strung up all over the house.

Another story related to us is about Eddie Berzinski, seems as though Eddie always looks for a big tree when he changes flies, so he can hide behind it. His fly looks so appetizing to the fish they can't wait, and leap right out of the water after them, and he feels there is no sport in that. Well anyway, Eddie, that's the way it was told to us.

Local independent basketball fans are in store for some good games, with the Tawas Independents playing against Hale, this Sunday, Birmingham Y. M. C. A., next Saturday, Pinconning next Sunday and in March will play the Harlem Globe Trotters, professional team.

**Indian Cattle Raisers**  
Indians have increased their beef cattle herds from 171,000 in 1932 to 383,300 in 1946, and meantime the quality of the cattle has improved greatly. Dairy cattle, likewise, increased from 11,000 to 50,000 in the same period. Income from livestock operations during these years grew from \$1,300,000 to more than \$21,000,000.

## Independents Win From AuGres

With an array of fine shooting and floor work, the Tawas Independents overhauled the AuGres 85 to 55. Paced by sharp shooter Wayne Pollard, with 30 points and Jim Dubovsky, with 25 points, the locals had little trouble subduing the Arenac team, leading at the quarter 13 to 9; 34 to 22 at half time; 54 to 35 at the quarter, and 85 to 55 at the final bell.

High scorers were: AuGres: Jim Duby with 24 and Paul Beyer with 13. Pollard and Dubovsky led the Libka-men, with 30 and 25 points respectively.

The local team, faced with poor crowds all season, will try something different in the way of scheduling games. They will attempt to play home games every Sunday night at the Tawas City High School Gym. Double-header attractions will be featured with Alabaster taking part in the second game. The local team has shown some good basketball to the fans that have shown up for games and the Tawas Independents under Coach Carl Libka, will endeavor to show the fans more good ball every Sunday at the local High School gym.

This Sunday, February 20, the Tawas Independent Cagers will face the Hale Independents at the local high school gym. In a preliminary game, the Alabaster Indians will face Tawas City No. 2.

Next week, Saturday, February 26, a hospital benefit game will be held at the Tawas City High School gym, with the local team facing the Birmingham Y. M. C. A.

## Elks Winners at Oscoda and Hale

(Continued from first Page)

The last quarter, found the Elks outscoring the Owls 11 to 10. McGuire and Gracik each meshed a field goal, Westcott and Lansky, a foul shot, and Bruce Myles two field goals and a foul shot.

The Owls had Moore connecting for three field goals, Hohman a field goal, and Hoffacer and Oliver each made a foul shot.

## Hale Game

The Elks jumped off to a big lead over Hale Tuesday night when in the first quarter they racked up a total of 21 points while the Hale squad accounted for nine. McGuire sunk four points, Westcott 14, Gracik two and Del Myles added a foul shot. Bernard made two points, Shellenbarger, six and Sestak two points, for Hale.

In the second quarter the Elks leveled off a bit when Westcott made four points, and Smyczynski and Herriman each made a free throw.

Shellenbarger and Wilson each garnered four points, Humphrey two and Atwell one for Hale.

In the third quarter, Westcott hit the hoop for 21 points and Chet Smyczynski made three.

For the Hale Blue and White, Humphrey made four, Bernard and Atwell each made a foul shot.

In the final stanza, McGuire made six, Bruce Myles and Westcott each collected four and Del Myles made a foul shot.

Bernard was hot for Hale, in the final quarter, making eight points, Shellenbarger four, Wilson, three, and Sestak and Graves two each. Little Elks Win from Oscoda-Hale Opponents

The Reserves kept up the torrid pace they have been setting this year when they downed Oscoda in a low scoring contest 16 to 9 and then edged out Hale 33 to 24.

Ed. Wells led the Tawas squad in the Oscoda tilt with five points, while in the Hale fracas, Gingerich connected for 14.

McGinnis dropped in four for Oscoda and Stretzer had 11 for Hale.

## Tawas Girl's Squad Accounts for Two Wins

The Tawas City High girl's squad added another victory to their long list when they downed Oscoda 30 to 20. Sims and Kendall each garnered 10 points, Montgomery, five, Fisher three and Gallicker, two for the Tawas team. Lane led the Oscoda lassies with 11 markers.

The Tawas girls jumped to a 6 to 4 lead in the first quarter which they never relinquished for the rest of the game. They added 10 more in the second while the Oscoda girls were having difficulty in finding the hoop, with only

## Elks Winners at Oscoda and Hale

(Continued from first Page)

The last quarter, found the Elks outscoring the Owls 11 to 10. McGuire and Gracik each meshed a field goal, Westcott and Lansky, a foul shot, and Bruce Myles two field goals and a foul shot.

The Owls had Moore connecting for three field goals, Hohman a field goal, and Hoffacer and Oliver each made a foul shot.

## Hale Game

The Elks jumped off to a big lead over Hale Tuesday night when in the first quarter they racked up a total of 21 points while the Hale squad accounted for nine. McGuire sunk four points, Westcott 14, Gracik two and Del Myles added a foul shot. Bernard made two points, Shellenbarger, six and Sestak two points, for Hale.

In the second quarter the Elks leveled off a bit when Westcott made four points, and Smyczynski and Herriman each made a free throw.

Shellenbarger and Wilson each garnered four points, Humphrey two and Atwell one for Hale.

In the third quarter, Westcott hit the hoop for 21 points and Chet Smyczynski made three.

For the Hale Blue and White, Humphrey made four, Bernard and Atwell each made a foul shot.

In the final stanza, McGuire made six, Bruce Myles and Westcott each collected four and Del Myles made a foul shot.

Bernard was hot for Hale, in the final quarter, making eight points, Shellenbarger four, Wilson, three, and Sestak and Graves two each. Little Elks Win from Oscoda-Hale Opponents

The Reserves kept up the torrid pace they have been setting this year when they downed Oscoda in a low scoring contest 16 to 9 and then edged out Hale 33 to 24.

Ed. Wells led the Tawas squad in the Oscoda tilt with five points, while in the Hale fracas, Gingerich connected for 14.

McGinnis dropped in four for Oscoda and Stretzer had 11 for Hale.

## Tawas Girl's Squad Accounts for Two Wins

The Tawas City High girl's squad added another victory to their long list when they downed Oscoda 30 to 20. Sims and Kendall each garnered 10 points, Montgomery, five, Fisher three and Gallicker, two for the Tawas team. Lane led the Oscoda lassies with 11 markers.

The Tawas girls jumped to a 6 to 4 lead in the first quarter which they never relinquished for the rest of the game. They added 10 more in the second while the Oscoda girls were having difficulty in finding the hoop, with only

one point. In the third, each team collected five points, and in the last quarter, Oscoda made 10 and Tawas City nine.

Tonight will be the last time local fans will be able to see the team in action before the tournament. The Elks will square off with Mio at the local auditorium. Mio has had a very impressive record this year, with only one loss, and that was an overtime affair which the Elks came out on top earlier in the season. Be sure to be on hand early for these games.

## Population of Chinatown

San Francisco's Chinatown is the second largest Chinese community in the world outside of China itself. Singapore rates first. But Old Frisco's Oriental settlement, founded by ambitious Chinese laborers during California's gold rush, provide homes for over 20,000 Chinese folk in as many city blocks. Most of them are American born, so they are American citizens. Chinatown's main street is Grant avenue formerly known as DuPont Gal (DuPont street to us).

## Lower Hemlock

Mrs. Andrew Anschutz spent Friday afternoon with her daughter, Mrs. Harold Cholger.

Mrs. G. A. Prescott, III is an out of town visitor this week.

Mr. and Mrs. Glen Crone of Sand Lake were Monday callers at the Glen Long home.

Johnnie McArdle and Jimmie Curry have been on the sick list the past week.

Earl Herriman visited William Katterman Saturday evening.

The teachers and children of the Vine and Anschutz enjoyed a Valentine party Monday with lunch and exchange of Valentines.

Mr. and Mrs. Arthur Grabow and children enjoyed a steak supper at the August Lorenz home Monday.

We wish to extend sympathy to Harry Latter and family at this time.

Mr. and Mrs. John McArdle spent Saturday evening with Mr. and Mrs. Wilfred Youngs.

Mr. and Mrs. Arnold Pomerantz spent one evening the past week at the Ted Anschutz home.

The family of Henry Anschutz met at the Harold Friebe cottage Saturday to help Mr. Anschutz celebrate his 86th birthday. Mr. and Mrs. C. Hoshbach of Tawas City and Mr. and Mrs. Ted Anschutz were among the relatives. A one o'clock dinner was served by the ladies and supper in the evening. Mr. Anschutz spent a very pleasant day with his relatives.

## FARMERS SHOULD CHECK for BALANCE OF ROTATION

Its getting to be that time of year when farmers take paper and pencil and start to figure what fields they're going to use for various crops.

With the help of L. S. Robertson of the Michigan State College soil science departments, county agent, Harold Clark has prepared a check list of questions that will help to tell if a rotation is benefitting the land. A "yes" answer to the following will indicate a good crop rotation.

1. Are adapted high yielding crops varieties grown?
2. Is the order of the crops such that the rotation produces the highest yields of the important crops?
3. Are leguminous green manure plowed under at frequent and regular intervals?
4. Are winter cover crops used at every opportunity?
5. Does the rotation control weeds, insects and plant diseases?
6. Is the rotation adapted to the total acreage of the farm?
7. Is the rotation easily changed to make adjustment for legume failures, winter killing, drought, and other conditions?
8. Does it provide enough good cheap food for livestock?
9. Does it give good distribution of labor during the year instead of making seasonal rush periods?
10. Does the rotation make profit for the owner and will continue to give profit for others who may follow on the same land?

## Lonely Isles

The remote British islands of Tristan da Cunha, in the far South Atlantic, are known as the "lonely isles." World War I was nearly over before news of its outbreak reached inhabitants of these islands. Years passed before the islanders heard of the armistice. By contrast, it was through World War II that Tristan da Cunha began losing its isolation. In 1942, a secret meteorological and radio station was set up there by the British royal navy and the South African air force.
